BULLETIN.

DEAL, England, Aug. 17.—After a long wait Moissant decided to make no attempt to continue his journey to London today. He will start for London about 5 o'clock tomorrow morning.

DEAL, Aug. 17.—With every prospect of success in completing the aerial trip from Paris to London, which since the crossing of the English channel by Blieriot and others has been the great aim of the bird men, Moissant, the young Spanish aviator, descended near here today, having accomplished the flight from Paris to Calais and the journey across the channel to Deal with an ease and brilliancy rarely surpassed.

Moissant in his trip across the channel carried a passenger, his mechanic, Albert, making the cross-channel flight not merely an incident in the longer Paris-London journey, but an achievement which surpasses that of Blieriot, De Lesseps and the unfortunate Rollis, whose machines were burdened only with the pilots in crossing the straits.

He is now preparing to continue the trip to London, the completion of which will bring him the cup and prize offered by a London newspaper for the race, and the proceeds of the subscription raised in England for Graham White, which the unsuccessful competitor on the London-Manchester flight generously offered as a prize for the Paris to London competition.

Hubert Latham, who started from Issy, a "sawyer" of Paris, to trace Moissant to London, had a series of unfortunate accidents, the last at Amiens, culminating in the total wrecking of his machine as he was preparing to resume the flight. Latham escaped unhurt, but is out of the race.

Strong Wind Blowing.

The last stage of Moissant's flight, the trip across the channel, was accomplished in a strong breeze, the wind being so high that experienced aviators looked on the start as foolish. It was such a wind as repeatedly deterred Blieriot, Latham and other aviators from attempting a passage of the straits, and correspondents who had witnessed the earlier attempts to cross the channel confidently wired their papers that Moissant would not start before evening, when the wind was expected to fall.

Nevertheless, as soon as he could arrange for a French torpedo boat to follow him across the channel, Moissant launched his aeroplane from the cliffs near Calais at 10:30 o'clock this morning and started for the English shore. The breeze was still strong and the monoplane which, like other Blieriot machines, appeared to spectators less steady in the air than the heavier biplane, pitched and rolled so dangerously that spectators believed it in imminent danger.

Driven North by Gale.

Moissant, however, though one of the youngest of the aviators, managed his machinery with the greatest skill and as the Blieriot with his guide passed out of the zone of greatest danger near the shore, seemed to steady his machine and as it passed out of sight of Calais, was, according to reports here, flying well, at an altitude of about 300 feet.

He was expected to land at Dover, but was driven a few miles north and made the coast near Deal, passing over Walmer castle and the marine barracks at 11:35 a. m. He was unable to continue the journey to London, so numbered was he by the cold and landed near Tilmanstone, a short distance from Deal.

The trip from Calais to Tilmanstone occupied approximately thirty-seven minutes. The torpedo boat was unable to get up steam in time to accompany Moissant and the aviator was followed in his trip across the channel only by a single tug. The tug was utterly outdistanced in the race and Moissant landed at Tilmanstone before the vessel had reached mid-channel.

Native of Chicago.

LONDON, Aug. 17.—According to a dispatch received here from Deal, Juan Moissant, the aviator who today flew across the channel with a passenger on his flight from Paris to London, is an American citizen. He was born, according to this dispatch, in Chicago.

LE BLANC WINS AEROPLANE RACE

Two Hundred Thousand Spectators Greet Him at Paris.

PARIS, Aug. 17.—Half Paris forsook its bed last night and remained in the streets until morning to watch the conclusion of the great cross-country aviation race, which was won by LaBlanc in a Blieriot monoplane. Aubrun, also in a Blieriot, took second prize, finishing a short twenty minutes behind the winner, although his total time in completing the course was somewhat longer. LaBlanc left Amiens, sixty miles away, at 1:02 and descended at Issy in the suburbs of Paris one hour and twenty-eight minutes later, making the total time for the 450 miles of the entire flight eleven hours fifty-five minutes and fifty-five seconds, an average of nearly four miles an hour, without making any allowance for detours, and in whose time from Amiens was one hour and fifty-one minutes, completed the circuit in thirteen hours twenty-seven minutes and fourteen seconds. None of the other competitors completed the entire course, though Legas-

Catholic Carlists in Catalonia Ready to Revolt

Proclamations Urge People to Come with Arms to Defense of Holy Religion.

BARCELONA, AUG. 17.—The Catholic Carlists of Catalonia are engaged in active preparations for a series of open air demonstrations through Catalonia on August 23.

The proclamations issued by them summon the faithful to come to the defense of "holy religion and the mother church." They refer to the "accused government" and adjure the people to come armed and ready to sacrifice their lives for the pope, who has sent his blessing from Rome. The proclamations terminate in these words: "Eradicate the incendiaries of schism and the violators of mass. May God aid us to overthrow this impious government."

MADRID, Aug. 17.—The government today decided to forbid the Carlist republican meetings which were being arranged to be held throughout Catalonia on August 23. The tone of the announcement of the intended demonstrations was such that disorder was feared.

Two Nebraska Regiments in Maneuver Camp

Three-Inch Rain, Which Falls Within Exercises.

Maneuver camp near Fort Riley, Kan., Aug. 17.—The First and Second regiments of the Nebraska National Guard, commanded by Colonel George A. Eberly and Colonel Fred J. Mack, arrived at the Fort Riley camp of instruction early this afternoon. There are 1,500 men in the two regiments, which increase the force at the maneuver camp to 3,000 men. The Nebraskans will remain here two weeks.

A three-inch rain falling within two hours early this morning did serious damage at the Fort Riley camp of instruction and caused the suspension of the day's maneuvers. Several regiments, including the hospital corps, were camped along a ravine that drains a high hill. The water, rushing down, flooded the tents and threatened to carry them away. The patients in the hospital tents were removed quickly and the soldiers worked for several hours in the water carrying away their equipment.

Insurgents Win in California

Plurality of Johnson for Governor Will Not Be Less Than Twenty Thousand.

SAN FRANCISCO, Aug. 17.—Returns coming in slowly from all sections of the State, reported to the completeness of the victory scored in yesterday's primary election by the Lincoln-Roosevelt league, as the insurgent faction of the republican party in California is designated.

It is estimated that the plurality of Hiram Johnson, his candidate for governor, will not be less than 20,000. Charles F. Coffey, who ran second for the gubernatorial nomination, leads Alden Anderson, the regular organization nominee, by a greater margin. Stanton and Ellery, the remaining two stalwart candidates, but little figure in the general result, the former running strongly only in his home county, Los Angeles, and the latter polling less than 3 per cent of the total republican vote.

Two stalwart congressmen—Duncan G. McKinley in the Second district and James McLachlan in the Seventh—apparently have been defeated.

William E. Kent, for whom Clifford Pitcher stomped the Second district, leads McKinley by a narrow, but safe margin, while W. D. Stephens has a similar lead over McLachlan. E. A. Hayes, insurgent incumbent from the Fifth district, has been renominated. Engelright and Smith, regulars, appear to have been renominated in the First and Eighth districts, respectively.

In the other California districts, three in number, the present stalwart representatives were not opposed.

Figures on the advisory vote for United States senator to succeed Frank P. Flint are far from complete, but in all the returns John D. Works, the choice of the Lincoln-Roosevelt league, appears to be in the lead.

It is apparent that Johnson has carried virtually all of the insurgent state ticket with him, and that the insurgent faction will have a good working insurgent in the state legislature.

Paralysis Takes Young Woman.
WESTERLY, Mass., Aug. 17.—(Special Telegram.)—Miss J. Mae Laler, living north of this city, died today of infantile paralysis, aged 21 years. It is feared the disease may be spreading. Miss Laler had been ill only four days.

Girl's Note Books May Cause Court Sentence

CHICAGO, Aug. 15.—Alfred R. Urion, general counsel for Armour, and company took the witness stand before Federal Judge Keneas M. Landis here today in an effort to show why he should not be cited for contempt of court in connection with the federal investigation of the affairs of the Armour Packing company.

Whether or not Mr. Urion, George M. Willett, assistant office manager; W. W. Shaw, head stenographer and W. A. Hollander, clerk, will be adjudged in contempt, was said to depend on their ability to prove that 100 stenographers' note books ordered "burned" before the grand jury were destroyed at the packing plant the day before Friday, August 5, when they were ordered by the grand jury, instead of the day after.

Five employees of Armour and company also testified before Judge Landis today in an effort to refute testimony they had previously given the grand jury, as to the date on which the books were burned.

These employees told the grand jury the books were destroyed August 5, and it was on this testimony Urion and others were summoned into court. In the testimony today witnesses declared they had been mistaken in dates in their previous testimony and agreed the books had been destroyed Thursday, August 5.

Torpedo Boats Are Sunk.
KIEL, Aug. 17.—The torpedo boat S-78 in a collision last night in Kiel bay, rammed the torpedo boat S-32. Both boats sank. The crews were saved.

DAHLMAN SURE; CADY UNCERTAIN

Latest Outlook on the Results of the Primary Indicates Their Nomination.

DAHLMAN TAKES LANCASTER

Goes Out of Lincoln with a Good Plurality.

DOUGLAS IS STRONG FOR CADY

Omaha Gives Him Big Vote and Swells His Lead.

RETURNS ARE GREATLY DELAYED

Late Hour of Closing Polls and Heavy Storm Combines to Hold Back Figures from the State.

LATEST FOOTINGS.

Latest footings made at the time of going to press of returns from 506 precincts in thirty-five counties reporting give for governor:

Cady 5,907
Aldrich 7,314
Cady's lead 1,407
Dahlman 14,834
Shallenberger 10,555
Dahlman's lead 4,279

Returns from the primary election of Tuesday came slipping through slowly, and on their face indicate that the choice between Aldrich and Cady is very close, while Dahlman has very likely beaten Shallenberger by a safe margin. In 506 precincts reported and tabulated up to 10 o'clock Wednesday night, Cady has a lead of 783 over Aldrich, this including a majority of 2,667 for Cady in Douglas county, and Aldrich's lead of 664 in Lancaster. The trend of the returns from the country precincts has all been in favor of Aldrich, and if maintained, will nominate him. But the Cady supporters are still hopeful, and do not concede his defeat.

In the same precincts Dahlman has a lead of 4,619 over Shallenberger. It does not appear at all likely that Shallenberger can overcome this.

Returns from the primary come with more than usual delays. The late hour for closing the polls, the cumbersome form of the ballot, and the storm that interrupted the wire service, all combined to hold back the news.

For United States senator Burkett is leading for the republican endorsement, and Hitechock for the democratic. For congressman Hayward won in a walk in the First district, defeating Tobey by an overwhelming majority. Hayward carried his home precinct in Nebraska City by 53 to 1. In the Second district the race is very close between Saunders and Sutton on the republican side, and Lobeck and Quincy on the democratic, with the odds in the latter race in favor of Lobeck.

In the First congressional district Congressman J. A. Maguire, democrat, has no opposition for nomination. In the Third, Congressman J. S. Latta, democrat, is in the same shape. In the Fourth C. H. Sutherland, democrat, is in the lead over Harman in the Fifth. Congressman Norris has no opposition in the Fifth for the republican nomination. There is a contest on both sides in the Sixth.

Flynn Chaises Victory.
Late last night Chairman Flynn of the Dahlman club said he had received information which assured the Omaha mayor of the democratic nomination.

"Our informant, from men we have had watching the count in various counties, leads me to claim Dahlman's nomination by 5,000, said Mr. Flynn. 'Figures received and tabulated here are favorable to the mayor, even in localities where we did not expect much, and at the present rate the mayor will have at least the majority if named.'"

Chairman Flynn did not have his figures in shape to give out, but insisted the mayor would come to Douglas county with between 2,000 and 3,000 votes to the good.

LINCOLN, Aug. 17.—(Special.)—Dahlman's majority in Lancaster county will be close to 900. With five precincts missing the vote stands: Dahlman, 1,839; Shallenberger, 1,266.

DAHLMAN EXPLAINS VICTORY

Successful Candidate Declares Open Methods Won. PEOPLE ENDORSED HIS VIEWS. Mayor, Very Jubilant Over Success, Tells How He Defined His Stand and Got Votes—Says Election Was Clean One.

Mayor Dahlman was in a jubilant humor this morning. "It was a remarkable victory in a sense, yet it only bears out what I have always contended, that a man must come out and define his position on these acute issues and then stand there. It was a single-handed fight on my part, except that I had many enthusiastic friends working for me everywhere. Many of them do not know me personally, yet they felt as I do, that men cannot be legislated into a temperate life nor have wings attached by statute."

"Take Lincoln and Lancaster counties, where in my judgment a species of terrorism has been rampant, inspired by the dogmatic attitude of a certain small element in the community. The vote I received there will open the eyes of some persons, unless they are totally blind. It will have its effect in the state at large, too, unless I am badly mistaken, and after the victory against extreme amateur legislation has been won, then we will get back to solid ground again."

"No one can say that the result has been achieved through any sort of deception or misrepresentation; so far as I could exercise any influence the issue was defined in the clearest possible manner, and I feel the voters of the state have given me an endorsement of which I am certainly very proud. You have got to play fair with the people, for while the dogmatic cross method may win once it will not wear."

"The campaign has been a very hard one for me, and I shall take occasion to rest up and recuperate before giving any attention to plans for the campaign that must be made later."

SERIOUS CHARGE BY WOMAN

Mrs. Welch of Kansas City Says Policeman Assaulted Her and Threw Her from Car.

KANSAS CITY, Aug. 17.—Mrs. Della Welch, 21 years old, was found unconscious lying beside the street in the eastern suburbs of this city at 1 o'clock this morning. At the general hospital she said a motorcycle policeman had taken her for a motor ride, made her drunk, attacked her, and then thrown her from the car. Chief Griffin has ordered the whole motorcycle squad of twenty-two men to the hospital for possible identification by the girl.

Members of the mob are scouring the woods for the party.

The news was arrested this afternoon. Immediately the mob began to gather and the officers realized that they were unable to cope with the situation. At 4 o'clock

DAHLMAN AND CADY

Mayor Jim Defeats Shallenberger in Douglas County by Five Thousand Votes.

CADY IS WINNER OVER ALDRICH

Goes Out of Douglas County Three Thousand Votes Ahead.

MORE INCREASES ARE EXPECTED

"Jack" Ryder Carries County for Secretary of State.

PARTY LINES ARE OBLITERATED

Lobeck, Democrat, and Sutton, Republican, for Congress—Legislative Ticket on the Republican Side is Mixed.

Full returns on the primary election in Douglas county show that Dahlman has carried the county by 3,269 votes over Shallenberger and that Cady has 3,648 over Aldrich. The lead of both of the candidates on the democratic and republican tickets will be slightly increased over these figures by the returns yet to come in. As was to have been expected the party lines were thoroughly obliterated by the open primary and the total vote was larger than usual because of the intense activity of the workers.

The results below the governor are practically what have already been announced, including Sutton as the republican nominee for congress and Lobeck for the democratic nominee. The legislative ticket is mixed on the republican side, while on the democratic the Dahlman-Hitechock slate has pulled through without the loss of a man.
