The ceremony will be held in the Danish hall and interment made in Fairview cemetery. Woman Robs Man Who Carried Grip William Clingerman, laborer from Iowa, Advances Cash for Payment of Freight. To carry a woman's grip from the Burlington depot to the Board of Trade building and then be touched by the same female for \$5 is more than the irony of fate. And yet such was the experience of William Clingerman, a laborer from Iowa, who landed in this city yesterday with a companion to go to a new location in Nebraska. They met the woman at the depot and with the gallantry of sons of the soil for women in distress when she asked for some one to help with her baggage they offered their services. When they got to Sixteenth street she called at an office. But she did not make a long stay there. Coming out she conducted her cavaliers to the Board of Trade building. She was on the point of walking up the steps when she stopped. "Have you any change?" she asked. "I have got to pay some freight and I cannot get the cash I need." Clingerman handed her his pocketbook, containing his all, \$35. The woman disappeared in the building and has not been seen since. Neither have her grips, which she took the precaution of carrying with her. Thief Purloins a Cholera Hog Stock Yards Police Looking for Man in Order to Save Others from Contagion. Evidently the thief got into the quarantine yards by mistake. The missing porker weighs about sixty pounds. The police are anxious to save other animals from contagion. The police began a close examination of this story. The house was not in disorder when Mrs. Fortmiller discovered the tragedy. There had been no attempt at robbery and it was discovered that all the doors and windows of the house were locked. The razor with which Mrs. Bartell had been cut was found behind a bath tub. Mrs. Fortmiller said that her mother had been complaining of pains in her head recently. Mr. Fortmiller is manager of a store in Matteson, Ill. AFFAIRS AT SOUTH OMAHA

Commercial Club Asked to Furnish Building for Hotel Tenant.

BURLINGTON DEPOT MAY COME Appropriation Sidetracked, but Chance Exists to Secure It Yet—Interurban Line May Be Go Soon.

The South Omaha Commercial club in session Thursday noon spent the hour allotted to the meeting in discussing the project of a new hotel. A proposition by Miss McCarthy of Omaha offering to lease a hotel of fifty rooms and guarantee good service, provided a ten-year contract in a modern building could be secured, was considered. The club will interest itself in seeking property owners who may be willing to build under such a proposition. It is understood that a number of property owners have offered to build to suite the needs of a good tenant, so the proposition may come to an early realization. The need of a first-class hotel in South Omaha is imperative and many of the business men of the city would be willing to assist by taking shares in the building. The club appointed a committee to investigate the proposition more fully and to meet prospective property owners who might be interested. This committee consisted of E. B. Brown, W. B. Cheek and M. Eckman. The club instructed the secretary to dispose of the billiard table belonging to the club rooms, as it appeared that the members made little use of it. An arrangement is to be tried so that a weekly lunch may be served in the club rooms that the members may meet and conduct their business with no delay or hindrance. It is agreed that in the club rooms a proposition might be well discussed while the members are taking their lunch and by the time the short hour, was over all business could be finished.

Interurban Line Financed. An item of great interest to the club and to the city was mentioned by Mr. McGill to the effect that St. Louis capital had been interested in the Lincoln-Beatrice & Hastings Interurban line and that the present Burlington line would be financed and completed shortly. It was declared by the same informant that \$1,000,000 had been promised for the completion of the line. L. M. Lord, the cashier of the Live Stock National bank, said he had been consulted regarding the feasibility of the proposed interurban line and had assured his interviewers that the milk hauling business alone would pay all the running expenses of the road. His questioner was one of the parties who will, it is believed, finance the proposed road.

Depot for Burlington. A general depot and passenger station for the Chicago, Burlington & Quincy railroad was one of the good things announced at the club meeting which will shortly be a reality. The Burlington agreed to construct a station at Thirty-sixth and L streets as soon as the street car line was extended to that point. The general passenger agent of the Burlington, announced privately a few days ago that the appropriation for the depot had been included in the list of stations to be constructed this year, but that by some means it had been set aside temporarily. He said that an effort would be made to have the appropriation reinstated and the station constructed at once. This station will be erected at an approximate cost of \$10,000. The convenience of the new car line through the Union Stock Yards was never more apparent than at present. With an attractive passenger station at the end of the line much travel and waste of time will be saved.

Dinner Parties at Country Club. The lowering weather of last evening made the dinner parties rather slender at the South Omaha Country club; but a number were held in spite of the threatening sky. Among those who entertained were Mr. and Mrs. Ralph Towl, whose guests were Misses Shannon, Gladys Sullivan and Mr. Joseph Peschke. T. J. O'Neil entertained a party of four, and L. M. Lord entertained a party of two. Special Meeting of Board. The South Omaha Board of Fire and Police commissioners held a special meeting yesterday afternoon to hear charges preferred by Myer M. Lipovski against Officer Gillin. Lipovski charged that he had been falsely arrested and humiliated by the officer who had also used force and violence against him. The evidence showed that Lipovski had a dog which wore no tag and that Lipovski got into an altercation with the dog catcher over the matter in the presence of the officer, who has since been arrested to secure a dog tag. This Lipovski declared he would not do and defied the officer to arrest him. The officer became provoked and some words ensued. The family of Lipovski came to his aid and another officer came up. In the meantime Gillin told Lipovski he was under arrest and ended by hauling his prisoner through the open streets to jail. On this action Lipovski based his action to have Gillin punished at the hands of the board. The board took the matter under advisement and will report later.

Wells-Mercell Wedding. Frank Wells of Los Angeles, Cal., was married to Miss Nora Mercell at St. Bridget's church Thursday morning. The bridesmaid was Miss Celia Mercell, a sister of the bride. Lester Murphy acted as best man. After the ceremony the young couple started at once for their new home on the Pacific coast. The bride is the daughter of Thomas Mercell, 1923 North Twenty-fourth street. Birdie Uses Razor Well. Birdie Aldrich cut James Smith with a razor shortly after noon yesterday in the Wollestein building at 218 N street. James Smith is a rather well developed specimen of African humanity and has been paying court to Birdie Aldrich's sister until a day or two ago he became enraged at his lady love and is said to have abused her and to have cut up all the Sunday clothes which were the pride of the girl's heart. Not content, he pursued her to the home of Birdie Aldrich where, according to the latter, he began an assault on the girl, which enraged the said Birdie until she secured her handy and effective razor and cut Smith's back from the top of the right shoulder to his left hip. She declared afterward that Smith was trying at the same time to use his own razor. Both were arrested. Uvick-Pospisil Match Off. A match scheduled between William Uvick and Jodie Pospisil of Omaha is said to be off because of a disagreement between the principals as to the fighting weight. Pospisil at first was the challenger at 135 to 140 pounds, but in longer at a 150-pound weight before signing an agreement. This Uvick refused, as the bout was only one week distant. Poundmaster Disappears. John Zukowski the South Omaha poundmaster, has disappeared from the public service at least and has left about \$100 in the dog fund unused. This disappearance is explained by the belief that the poundmaster met with so much grief in carrying out his official duties that he gave up in despair. He is not only suffered the bites of the enraged canines, but several times he was roughly handled by irritated residents. Two men visited the pound lately and

locked him in. Later when he held them at the point of a gun until the police arrived, he was fined \$20 and costs. This trouble seems to have made him tired of his position. He left several dogs in the pound and the assistant in reporting the disappearance of the dog catcher asked permission to kill the dogs, which were at the point of starvation. This was granted. The assistant may be raised to the rank of dog catcher for the balance of the year. Magic City Gossip. Officer D. D. Dinger has returned from his annual vacation. Mrs. C. M. They should be here now, where you won't see any handsome coats any more. You won't see any as good at near so low a price as we will sell these. A nice top coat is a must for a gentleman. Its usefulness is many times that of the storm coat. It is all the overcoat a young man needs who is not exposed to the most extreme weather conditions. This is a fine lot. The colorings all beautiful; the style up to the minute; and the material throughout, but there is nothing fancy about the price. It's a great pleasure to show these. Let us show you. They are here now. John Flynn & Co. The Willing Workers of the Christian church will give a home-baking sale at Euter's grocery Saturday afternoon.

Elks on Parade; Election Held. J. B. Sullivan Left for President Because Did Not Attend Convention—Prizes for Paraders. MARSHALLTOWN, Ia., Aug. 19.—(Special Telegram.)—Today was the big closing day of the state convention of the Benevolent Order of Elks. Its features were a mammoth parade and the business session of the association this afternoon. At the latter Sioux City was chosen without opposition for next year's convention and the following principal officers were elected: President, Maurice Connelly, Dubuque; first vice president, George T. Reddick, Iowa City; second vice president, Bert F. Kelz, Webster City; third vice president, W. H. Wallingford, Des Moines secretary, J. R. Fradley, Fort Madison; treasurer, A. Heimbach, Davenport. When the convention opened Jerry B. Sullivan, a prominent Des Moines democrat, was alone in the field for the presidency. Owing to his not being able to be here he was not nominated. His contests resulted for the other officers. Eleven lodges of the state, represented by handsomely or uniquely designed delegations, were in the parade, which was a mile and a half long. Waterloo won the prize for the largest delegation in the parade. Clinton won the prize for the delegation showing the largest mileage. It also won the prize for the best appearing delegation. Grand Secretary Fred C. Robinson of Dubuque was given the prize for being the shortest Elk in attendance. Coma City won the prize for the most uniquely uniformed delegation. Mayor J. C. Smith of Clinton won the prize for the tallest Elk.

Gaynor Still Progressing. Gallagher Spends Most of His Time Praying for Victim's Recovery—Called Irresponsible. NEW YORK, Aug. 19.—Nothing has developed to indicate that Mayor Gaynor is not making daily progress toward recovery. Only two bulletins were issued by his physicians today—the first at 8:30 o'clock this morning, the second at 9:30 o'clock tonight. Both were brief and optimistic. The mayor probably will be allowed to sit up again tomorrow and it is also probable that Ruth and Marian, the youngest of the Gaynor children, will be allowed to see their father. Counsel for James J. Gallagher, the discharged city employe, who shot Mayor Gaynor a week ago last Tuesday, said tonight that Dr. John Reilly, who has been retained by the Knights of Columbus, of which Gallagher is a member, spent an hour with him this evening and came away with the belief that he is irresponsible. The doctor found that there is a depression of the skull which would seem to involve a history of injury. The prisoner had an exaggerated idea of his own importance and was irresponsible. Although Gallagher, when arrested, seemed to exit in his deed, his wardens now say he spends most of his time praying for Mayor Gaynor's recovery.

IS REFUSED WOMAN'S BABY. THROWS CARBOLIC ACID. Unidentified Man and Woman Make Escape Good in Their Automobile. STANFORD, Ky., Aug. 19.—Stopping their automobile in front of the home of T. P. Eads, a young farmer living five miles from this city, an unknown man and woman this afternoon demanded that Mrs. Eads give them her 1-year-old son. When she refused the woman threw the contents of a bottle of carbolic acid on the young mother, and the couple left in their car. Full details are not obtainable as yet, as the place is removed from direct communication. The extent of Mrs. Eads' injuries is not known. Mrs. Eads, before her marriage, was Miss Nettie Waller of Louisville, daughter of a railroad engineer.

Baroness Vaughan Weds Merchant; Crowds Cheer

Wife of Late King Leopold of Belgium Married Unceremoniously—Photographers Thwarted.

PARIS, Aug. 19.—Baroness Vaughan, the morganatic wife of the late King Leopold of Belgium, and Emmanuel Durieux, a retired merchant, living at Neuilly Sur Seine, were married today at Arville, where the baroness has been living at the Chateau Ballcourt. A crowd gathered and cheered and annoyed the bride as she hurried first to the mayor's office and then to the church. She strove to hide her features from the photographers, while the prospective bridegroom protected her as best he could with an umbrella. The mayor and cure succeeded in performing the respective ceremonies in a total of fourteen minutes.

HORSE PINES TO ITS DEATH

Supplanted by Auto, "Charley," a Family Horse, Starves in Sorrow and Dies at Last.

LEAD, S. D., Aug. 19.—(Special.)—Supplanted by an automobile after a score of years' service for S. R. Green, "Charley," a family horse, refused to accept the freedom of a pasture and died of a broken heart. The horse, which was 21 years old, was in good shape until Mr. Smith got his auto and turned the animal out on Elk Creek. "Charley" at once showed that his feelings had been irreparably injured and he took no further interest in life, scarcely eating anything and gradually pining away.
