Generous Gives Up.
The first admission of defeat on the part of the Shallenberger forces came to Tom Flynn, chairman of the Dahlgren campaign committee in the following telegram from Chris Gruenther of Columbus, vice chairman of the state democratic committee, and one of the Shallenberger campaign managers:

"Indications point to Dahlgren's nomination sure. Accept congratulations on your magnificent campaign work. Please convey my sincere congratulations to Mayor Dahlgren. I was for Shallenberger, but now I want to see him elected."

Governor in Omaha.
Governor Shallenberger has the nomination for governor on the populist ticket without question. "I have nothing to say on that proposition," was the reply of Governor Shallenberger to the question, "In the event of your defeat for nomination on the democratic ticket will you run on the populist ticket?"

Governor Shallenberger added: "I don't yet admit my defeat."
Earlier in the night the governor was claiming the state by 1,000.
But he did not look a very enthusiastic man as he sat in his room in the Paxton hotel. He got into the city about 8:30 o'clock and was soon the object of visits from members of the wing of the democratic party. Neither the governor nor his guests showed optimism, but the governor said he believed the parts of the state yet to be heard from would wipe out Mayor Dahlgren's lead.

GOVERNOR'S POSITION UNKNOWN

Supporters Want to Know if He Will (From a Staff Correspondent.)
LINCOLN, Aug. 19.—(Special.)—Should Governor Shallenberger be defeated for the democratic nomination will he run as a populist, having secured that nomination without opposition?

That is a question that has been asked around the state house many times today, but owing to the absence of his excellency there can be no answer secured here. Some insist that he should make the race as a populist. These figures that if he runs as a populist it will elect the republican nominee, but at the same time friends of Dahlgren hope Shallenberger will make the race as a populist. Whenever men talk of contests it is a sure sign that they have given up the fight.

In the meantime it is said that when the

smoke cleared away friends of Governor Shallenberger will whet up their knives for Mr. Hitchcock. They feel harder toward him than they do toward Dahlgren, because Dahlgren did not stand along with him to be nominated. Hitchcock had the governor believing that he was to be the beneficiary of whatever strength he had and at the last minute, it is said, he switched to Dahlgren, even after the governor had denied publicly that he had a tieup with Metcalfe.

If Shallenberger is defeated and with Hitchcock up against a hard fight in November, with prospects of defeat, it is the talk around here that Mr. Bryan is "on the road back." It was Hitchcock and Shallenberger that humiliated Bryan at Grand Island, while Dahlgren treated him with the greatest respect.
Mr. Bryan has placed his official stamp on the back of Mr. Hitchcock and has pledged himself to do all he can to secure his election. In a letter to C. W. Bryan, in which he assumed that Mr. Hitchcock had secured the nomination, based on newspaper accounts, Mr. Bryan authorized the following statement:
"Mr. Hitchcock has made an excellent record in congress and I shall do all in my power to secure his election. He ought to have every democratic vote and enough insurgent votes to elect him."

Harahan Swears Out Warrants

Three Former Officials of Illinois Central Are Charged with Swindling Road.

CHICAGO, Aug. 19.—On complaint of President Harahan of the Illinois Central Railroad company, warrants were sworn out today against three former officials of the road, charging the obtaining of money by means of a confidence game. The men named in the warrants are Frank B. Hartman, Charles L. Ewing and John M. Taylor.

The warrants are based on alleged information obtained by detectives employed in the so-called million dollar car repair graft.

SUIT AGAINST LOAN AGENTS

Richard Moseley Claims He Was Dealt with Unfairly and Then Assaulted.

In a damage suit for \$1,000 in county court, David Moseley, an employee of the Owl drug store, charges that he was first victimized and later assaulted by Charles C. Burdge, a loan agent in the Board of Trade building.
Moseley states that on May 6 he applied to Burdge for a loan of \$25. He claims he was forced to sign a promissory note for \$25.00, due in ninety days at 10 per cent and also give an assignment upon his wages. Burdge made a final payment to Moseley of \$25.00, but Moseley claims he was unfairly and illegally and that he could not be forced to pay it. On August 16, he says, he went to the office of Burdge, prepared to make a final settlement at the legal rate of 7 per cent.
When he informed Burdge that he would not pay interest at 10 per cent, according to his petition, Burdge armed himself with a pair of heavy "knuckers" or some heavy weapon, and when a companion attracted Moseley's attention he struck him heavily on the head, knocking him to the floor.

CRIPPEN COUNSEL SCORE

London Chronicle Must Show Why It Should Not Be Cited for Contempt.

LONDON, Aug. 19.—The court of criminal appeal, on application by counsel representing Dr. Hawley Crippen, today granted a rule of nisi calling on the London Daily Chronicle to show cause why a writ of attachment should not be issued for contempt of court.
The alleged contempt consists of a story printed August 5, suggesting that Dr. Crippen had poisoned his wife. The article declared that Dr. Crippen had confessed, or admitted to Inspector Dew, who arrested him on his arrival in Canada waters, that he had killed his wife.
Counsel for Dr. Crippen produced a cable from Dr. Crippen denying that he had made any such confession.

Quite a Trick.
A chauffeur who had just returned to the garage after taking the state's examination to determine his fitness to be licensed was asked by a fellow worker what the questions were.
"One of them was about meeting a skittish horse," he replied. "The fellow who what I would do if I approached a horse which showed signs of being afraid of the car and its driver held up his hand to me."
"What the answer?" asked a bystander.
"Oh, I had that all right, the chauffeur replied. 'I told em I'd stop the car, take it apart and hide the pieces in the grass.'"

Alleged Wool Thieves Arrested.
BOSTON, Aug. 19.—Two more arrests were made today in connection with the alleged wholesale thefts of wool from the Boston & Maine railroad, and various Massachusetts mills.
The men last arrested, Edward Perkins and John J. Ross, are teamsters. It is believed that the wool thefts will aggregate \$50,000.

McMurray Tells of His Big Fee

Indians' Attorney Denies Charge that It Was Paid in Big Bills and Divided.

SULPHUR, Okla., Aug. 19.—Any attempt to reopen the government Indian rolls and admit thousands of claimants to participate in the divisions of lands now held in reservation will be resisted by the Indians at present on the rolls, according to J. F. McMurray, who testified today before the congressional committee investigating Indian affairs.
McMurray was asked concerning the \$750,000 paid him by the government in 1905 as his fee in what was known as the citizenship cases. "It has been said," explained Representative C. H. Burke, "that you drew the money from the Treasury department at Washington in the form of \$750,000 in thousand-dollar bills and that you carried them in a valise to a hotel where it was divided between certain persons. Is this the truth?"
"It is not," said McMurray.
A warrant for \$750,000 was handed me. My two law partners and I went to the Riggs National bank and upon surrendering the warrant we each received one individual check for \$250,000. That is all there is to it.

Taft Visits Home of His Ancestors

President Meets Number of Relatives and Names Infant for Founder of Family.

HOPEDALE, Mass., Aug. 19.—For four hours today President Taft motored and walked through the haunts of his ancestors. Leaving here at 9 o'clock this morning he went to Mendon, where the Taft family first settled, to Uxbridge, and to several other places in between. At each town he met hosts of Tafts.
The present stood for some time beside the tablet erected at Mendon in honor of the founders of that place, the name of Robert Taft, the original of the family in this country being prominent in the list. While at the tablet the president held an impromptu reception, and had the privilege of naming the youngest member of the Taft family. A two week old baby, the son of Clarence Taft, the young mother had the babe in her arms as the president bestowed upon it the name of Robert.

nesota to address a big gathering of men in Des Moines in the near future. Work of forming the state association continues, each of the eleven appointees working at the head of a subcommittee in the eleven congressional districts of the state.

Propose Infantile Paralysis Station.
Physicians of Des Moines have become interested in the project to establish a state infantile paralysis station in this city. There is no quarantine provided for infantile paralysis cases, and in an effort to control the contagion of the disease to the greatest degree possible it is deemed advisable to establish a pesthouse here. The plan is yet in its infancy, but definite steps will probably be taken within the near future.

To Investigate Paralysis.
Dr. Wade H. Frost of the United States health bureau returned today to Mason City to continue his investigation into the epidemic of infantile paralysis. He indicated his pleasure at the large meeting of doctors held yesterday and that the doctors are co-operating with the department. The state claims as to care in handling the cases, and if there is a further extension of the epidemic, there may be some effort made to segregate all cases and establish a hospital temporarily for them. Three new cases were reported today.

Poisoning Weeds Kill Cattle.
Information from eastern Iowa is to the effect that farmers have suffered some loss of cattle from being poisoned by eating grass along railroad rights of way, the grass and weeds having been poisoned to kill them. The railroads are said to be doing much of this work in Iowa and find that the weeds can thus be killed.

Prepare for the Defense.
Preparations are rapidly being made for the effective defense of the case brought by the state against B. F. Carroll for criminal libel. The county attorney has indicated, however, that he will not consent to set the case out of its turn because of the injustice that would necessarily be done to others who are not so fortunate as to be secured bail. It is made known here that the defense's first setup will be that the interview which contained the alleged libelous matter was of a privileged character in that it was a part of the records of the office.

Mayor of Ottumwa Ousted by Court

Official Found Guilty of Intoxication and Willful Neglect of Duty.

DES MOINES, Aug. 19.—Judge K. E. Wilcockson at Sigourney today handed down an opinion ousting Thomas J. Phillips as mayor of Ottumwa, Ia. At the trial of the mayor held recently at Ottumwa it was claimed by the city attorney, George Cosson, who prosecuted the hearing, that Mayor Phillips was guilty of willful neglect of duty in permitting resorts and gambling houses to run. Also, that the mayor was intoxicated on April 30. On both of these charges the court finds the mayor guilty. A warrant for \$10,000 was issued against the mayor, who is a leading democrat and was a candidate for governor on the democratic ticket some years ago.

WOMAN REACHES AGE OF ONE HUNDRED AND ONE

Came Down Allegheny River on a Raft for Honey-moon—Sons in Nebraska.

BURLINGTON, Ia., Aug. 19.—(Special.)—Mrs. Katherine Lewis, who lives with her daughter Mrs. A. Green of Middletown, in Des Moines county, Ia., has just reached the remarkable age of 101 years. Mrs. Lewis came with her husband to Iowa in 1844, settling down on the farm on which she is now spending her last days. The trip into the unknown west was made on a raft on which Mrs. Lewis had erected a cabin, and sailed down the Allegheny river.
In 1875 they moved to Nebraska, where in 1887 Mrs. Lewis died, and a few years later Mrs. Lewis returned to the old home to spend the remainder of her days with her daughter.

Nine children were born to Mr. and Mrs. Lewis. Six of them still survive, as follows: Miss Lois Lewis, aged 80, living with Mrs. Green and her mother at Middletown, Ia.; John G. Lewis, aged 74, of Albion, Neb.; Oscar Lewis, aged 70, of Arlington, Neb.; Clara Lewis, aged 70, of Las Vegas, Cal.; Mrs. Helen Gibson, aged 69, of Berkeley, Cal.; and Mrs. Adrien Green, aged 56, of Middletown, Ia.

Spaniards Are Learning About Yachting Game

Visitors Say They Are Satisfied, Even if Their Experience is a Losing One.

MARBLEHEAD, Mass., Aug. 19.—America again defeated Spain today in the Spanish yachting race off this port, the three American boats leading their foreign rivals at the finish. The Harpoon, which took the first race of the series yesterday, carried off the honors today, with the Cima a close second and the Heaver third. The Spanish yacht Chonta, at one time during the race led the entire fleet. It not only pushed the American boats hard, but astonished its rivals by maintaining its place, principally in the use of its balloon jib in beating to windward. This departure from yachting precedent set the American yachtsmen to scratching their heads over what may prove to be a valuable innovation.

The elapsed time of today's races follows: Harpoon (American), 2:25:33; Cima (American), 2:26:29; Heaver (American), 2:27:08; Chonta (Spanish), 2:29:00; Papoose (Spanish), 2:35:34; Mosquito II (Spanish), 2:46:10.
"We are learning a lot about racing even if we are not winning prizes," said one of the Spanish yachtsmen as he bowed his way down the club house float today and started off for the second race with his American antagonists.

Although all the Spanish yachtsmen were hopeful that their boats might draw nearer the three American yachts before the races were over and perhaps win a cup or two, even the most sanguine of them were forced to admit that their chances of winning the President Taft and Governor Draper cups were very slight.

All the Spaniards expressed keen regret on learning yesterday that the Harpoon had lost the initial race of the series through an unintentional foul of the fifth race. It was claimed by the Spaniards that the Chonta of the Spanish fleet led the other two boats in their chase after the Americans yesterday, it was badly handicapped through a leak in its fin keel. On the way over from Spain the keel was slightly wrenched but Captain Arana looked it over on Sunday and thought that it was tight. But in the big sea yesterday some of the big seams opened up and the Chonta's crew was pumping during most of the race. As the rules do not permit yachts to be hauled out during the series, the Chonta's mishap is rather a serious one.

Rate on Meats to East Attacked

Cedar Rapids Packer Alleges Discrimination in Favor of Chicago.

WASHINGTON, Aug. 19.—Freight rates on fresh and cured meats from Cedar Rapids, Ia., to points in the east, especially seaboard points, are attacked in a complaint filed today with the Interstate Commerce commission by T. M. Sinclair & Co. of Cedar Rapids against the Chicago, Milwaukee & St. Paul railway and many other carriers operating east of Chicago. The Cedar Rapids firm alleges that it is discriminated against by the road in favor of live stock from Iowa points to Chicago as such as to attract the stock to Chicago to the detriment of the complainant, and that, therefore, the complainant is maintained successfully to compete with the Chicago packers in the eastern markets.

Through routes and joint freight rates between points east of the Indiana state line and interior towns and cities of Iowa are requested in a complaint filed today by the state of Iowa through its attorney general, H. W. Byers, with the Interstate Commerce commission.
The complaint is directed against the Pennsylvania Railroad company and many other lines operating in classification territory. It is alleged that the present basis of rates is unfair and unjust to the people of interior Iowa, as they are not afforded the advantage of through routes and joint rates from eastern points of origin to points of destination.
