

GRAIN AND PRODUCE MARKET

Less Winter Wheat Being Moved With Lack of Demand.

VALUES ARE WORKING LOWER

Corn Market is Slow and Values Were Forced Below Thursday.

When Buyers Took All Offerings.

OMAHA, Aug. 26, 1910.

The movement of winter wheat is increasing rapidly, but there is still a lack of adequate foreign demand to relieve the already accumulated stocks at primary points.

Values are working steadily lower owing to a lack of any snap in the cash market.

Foreign demand for wheat is not material, temperature still being in the west being from 6 to 8 degrees warmer than yesterday and the advance was lost.

Wheat was fairly steady, raising narrow and unchanged. Foreign markets were some lower and local trade quiet.

Cash houses readily took the higher offerings, as country acceptances were high.

The corn market was slow, and values were forced below yesterday, when buyers took offerings steadily on the prospects of a week's offerings today were moderate, but found free buyers and sold to under yesterday.

Primary wheat receipts were 1,174,000 bu. and shipments 1,000,000 bu. against receipts last year of 1,300,000 bu. and shipments of 1,000,000 bu.

Primary corn receipts were 900,000 bu. and shipments were 800,000 bu. against receipts last year of 900,000 bu. and shipments of 800,000 bu.

Clearances were 4,000 bu. of corn, 10,000 bu. of oats and wheat and four equal to 14,000 bu.

Wholesale closed bid higher on wheat and bid lower on corn.

NEW YORK STOCKS AND BONDS

Market Makes General Recovery from Declines of Previous Day.

INTERESTS STILL INACTIVE

Bank Clearings Throughout Country Show Continued Shrinkage—Americans Rally in London, with Later Buying at Home.

NEW YORK, Aug. 26.—The smallest overturn in business this week today's market made a general recovery from the declines of yesterday, with rumors of a recovery in the London market.

The character of the trading, however, was not so active as yesterday's, and narrow range, under serious discussion necessary.

The influential interests continued their policy of inactivity and manipulation for the rise in certain stocks was so obvious as to work its own defeat.

American rallied in the London market and there was later buying here. Foreign exchange here ruled easier.

Bank clearings in the aggregate all over the country show a continued shrinkage, the loss for the week being over 20 per cent compared with last year.

The reduced volume of clearing in the country, while the market fell off in this city, while Chicago, Pittsburgh, Cleveland, Baltimore, Kansas City, San Francisco, all report increases.

The bond market was steady. Total sales, \$25,000,000.
