There is one reason above all others which makes S. S. S. the greatest of all tonics, and that is because it is the greatest of all blood purifiers. Any system which needs a tonic, needs a blood purifier, for it is impure, weak blood which causes the weakened, run-down condition of the body. S. S. S. is Nature's Tonic and Blood Purifier. It is made entirely of roots, herbs and barks, which possess not only strengthening properties, but at the same time this combination of botanical juices and extracts is the most potent of all medicines for removing every impurity, poison or taint from the blood circulation. S. S. Improves the appetite and digestion, corrects stomach disturbances and steadily and surely tones and builds the system up to perfect health. It adds to the blood the rich, healthful properties it needs, and in every way enables the system to stand the strain of the long, hot Summer months. S. S. S. cures Ehsumatism, Catarrh, Scres and Ulcers, Scrofula, Malaria, Skin Diseases, Contagious Blood Poison, and all other diseases or disorders due to impure blood.
