## Hoover Electric Suction Sweeper

Operated by electricity from an electric light socket, it's as easy to run as a carpet sweeper and takes up all dust and dirt from the floor just like the big vacuum machines that cost \$10.00 to \$50.00 per day for house cleaning.

Any one can operate the Hoover Sweeper. No dust ever flies about the room when it is used. Unlike other devices, it will pick up pins, matches, etc., without injury to the machine.

Let us demonstrate it to you here or prove its proficiency in your home without cost to you. See what the Hoover way means for you.
