

stated a sound thrashing to the Cornhuskers. Notwithstanding the constant criticism that Cole encountered towards the close of the season, he was a prime favorite with the students and there was general rejoicing over his re-election. The bitterness of the defeat was taken away by the knowledge that Cole was training a bunch of "youngsters" who promised to give a better account of themselves.

There is to be no mitigating circumstance for a poor eleven at Nebraska this fall. Cole has everything in his favor from a new gridiron, a liberal athletic board, a host of veteran players and an able corps of assistants to the most promising new material that Nebraska has turned out in years.

Staves Not Return. Late advice that have been received by Manager Bagan tend to offset the rosy reports of two weeks ago. Louis Magor, the big halfback, wrote Bagan last week that he would not be in school this fall. Magor had steadfastly announced his intention of remaining on the faculty's farm near Peru, but Bagan had thought that the backfield star could be induced to return. His letter would indicate that all attempts to bring him back would prove futile.

Neither will Hugo Birker, the main ground gainer of the 1909 eleven, be with the squad as he has been previously announced. Birker is now in Alaska, and his father, Dr. J. F. Birker, said that he would not return to Lincoln until October 15. With the loss of these two men, Gus Logren will be given an opportunity to play end, while Manor will go to the backfield and Warner will remain at quarter.

The state fair attracted a number of football men, and the 1909 squad held a little reunion at the fair grounds. Most of the players will remain in Lincoln until the opening of the term, and the first individual practice will be held Monday night.

A Missouri Year, but Bagan's rule prohibits squad work before the opening of the term, but the players expect to condition themselves by running, throwing the ball and kicking. By the time "King" Cole arrives practice will be in full swing.

MARQUETTE TO PLAY HERE

Telegram is Received Arranging a Game with Creighton.

LOCAL MEN ARE IN GOOD SHAPE

Creighton Squad Puts in Week of Light Practice—Temporary Grandstand is Now Ready—May Build More.

Manager Carroll of the Marquette university football team wired the Creighton management yesterday afternoon that they would play with Creighton in this city this fall. The Marquette team contemplates making a western trip this year and will play in Kansas City and perhaps Denver. Although a trifle early in the season for such a prominent team to play here, Coach Miller believes his men will be in excellent condition to meet the fast Milwaukee eleven.

Light preliminary practice has been the order for the last week, but beginning tomorrow the men will commence regular training. The squad will be considerably increased, due to the fact that several of the old men will report. Morgenthaler, the heavy tackle, has returned from the medical school and has already joined the squad. Marron, captain of last year's eleven, returned from the northwest last evening and will don a uniform today. Marron has been always a hard, consistent player and his return to the team will considerably strengthen the back field. Leo Magor, a halfback on the 1909 team, has also announced his intention of joining the squad in a few days.

Big Veterans Back. Hoy and Baldwin have registered at the law school and it is expected that they will report for practice during the coming week. The Marquette team has been out west during the summer and did not neglect to pick up a little extra weight during the vacation. He weighs 160 pounds and should be a tower of strength on defense.

O'Sullivan, a 215 pounder from the University of Missouri, will be seen in Creighton uniform Monday evening. Kyle, end, and Lee, tackle, were out during the last week.

Good Feeling Exists. A striking characteristic of the football work on the hill so far this season is the general good feeling that exists among the players. Coach Miller has already proven himself most popular among the men, and certainly the management is to be congratulated upon the selection of the coach. He comes well recommended from the University of Notre Dame, where his unusually brilliant playing last season was chiefly responsible for the defeat of the Wolverines. His method of coaching will be strict, and in no instance will he tolerate shirking on the part of any of the players. Men absent from practice will be followed by dismissal from the squad.

Grandstand Completed. The temporary grandstand was completed last night. It is estimated that the seating capacity is about 2,000. With Marquette in its schedule it is believed by the Creighton manager that perhaps a smaller set of bleachers may be erected to accommodate the crowd or that boxes may be built at various places on the campus.

NEW YORK, Sept. 10.—The supreme court of New York has adjudged the Glidden trophy to the Chalmers Motor company. The injunction which has prevented the contest board of the American Automobile association from awarding the trophy to the Chalmers company and the latter from accepting it has been dissolved. The contest board has been fully sustained in awarding the Glidden trophy to Chalmers entry No. 4, which was driven by Bill Bolger.

The Glidden trophy has been in litigation, either before the contest board or in court, since the Glidden tour ended June 30. The Chalmers company protested the \$3,500 car which was first awarded to the winner, on the grounds that it was not stock. The contest board of the American Automobile association sustained the Chalmers protest.

H. O. Smith, entrant and manufacturer of the disqualified car, then secured a temporary injunction which held up the trophy until Justice. In handing down the trophy Justice Putnam said there was no evidence of fraud in the decision of the contest board and that, therefore, as the Glidden tour is a sporting event, the decision of the board should be accepted. The Chalmers Motor company comes into immediate possession of the Glidden trophy.

COURTNEY IS POPULAR COACH

Cornell Hates to Think of "Old Man" Ever Going.

ITHACA, N. Y., Sept. 10.—Charles E. Courtney, the veteran rowing coach, is rapidly recovering from his recent severe illness. He believes he is good for several years more of the work he is an underdog, he is not going to leave Ithaca for any amount of money that could be raised by a rival institution.

Courtney is regaining in health at his old home at Union Springs after a severe illness, following an attack of acute indigestion. For several months he has been in a serious condition, but Cornell men everywhere may now rest assured that he will be back in the launch next week.

Courtney's recovery will relieve considerable tension at Cornell, for whenever one mentions the possibility of the "old man" giving up the work he is an underdog, he is not going to leave Ithaca for any amount of money that could be raised by a rival institution.

It is probable that John Hoy, the expert boat builder and assistant coach for the last few years, will get the place. Certainly Hoy is one of the most logical men under the circumstances. He has an intimate friend of Courtney, and understands Courtney's methods of discipline. It is certain that Cornell would have no outside rowing coaches. Rice, the Ten Eycks, and are recognized as experts, but Cornell would not be satisfied with any kind of rowing except the Courtney style. Outside of Hoy, none but old Cornell oarsmen would do.

Already there is a movement on foot to hold a big crew celebration for Courtney. The undergraduates want to make the "old man" feel how glad they are that he has recovered and will be with them again.

COACH READY AT DOANE

Early Training in Foot Ball Being Given at Doane.

CRETE, Neb., Sept. 10.—(Special Telegram.)—John H. Nease, special instructor in the football season, is now in Crete, early training for the football season. The first practice was engaged in last night. It was light consisting of punting and throwing. There are on the team, Coach Nease, Harry Sawyer, Guy Mielke, Bob Mielke and Casady Highbee. College begins on Tuesday, September 13.

The key to the situation—See Want Ads.

HOOSIERS LOSE TO SENATORS

Six Singles in Fourth Inning Turn the Trick.

FIVE RUNS SUFFICIENT TO WIN

Visitors Score Three-Base Hit—Five Stolen Bases—One Two-Bagger—One Double.

COLUMBUS, O., Sept. 10.—Six singles, the first by Downs and the last by Hinchman, off Hardgrove in today's fourth inning gave Columbus five runs or one more than enough to win. Score:

Table with columns for COLUMBUS and INDIANAPOLIS, listing players and their statistics.

SAINTS WIN OVER THE BLUES

Locals Take First, But Visitors Hit Ball Hard in Second.

KANSAS CITY, Sept. 10.—St. Paul won a double header from Kansas City today, 5 to 3, and 4 to 1. After pitching masterly to the second game, the visitors' bats were weakened and was batted hard. The visitors slugged their way to victory in the second game. Score of the first game:

Table with columns for ST. PAUL and KANSAS CITY, listing players and their statistics.

ST. PAUL, Sept. 10.—(Special Telegram.)—It is impossible to say at the present time what kind of a football team we will have at Wisconsin this year, and Captain "Jimmy" Deans, who is asked regarding prospects in the Badger camp, "We won't know how we stand until we see the men in the field. There is a likely quantity of material in school, but from what I can learn some of the most promising men are laboring under scholastic difficulties from which they may extricate themselves before the playing season begins. Their success or failure depends on their coaches."

This statement, made by the only Badger to be unanimous all-western choice at end last fall, about sizes up the situation at the University of Wisconsin. At the present time it looks rather dubious, but if some of the men who are at the present time in the Badger camp can succeed in regaining their eligibility at the time the fall examinations are given, things may brighten for Coach Barry and those who are depending on him to develop a first-class eleven.

SIoux RUN OVER GRIZZLIES

Visitors Outplay Locals in Opening Contest of Series.

DENVER, Colo., Sept. 10.—Sioux City played all around Denver today in the first game of a series between the Western and Missouri Valley teams. The visitors won the box in the first inning. Score:

Table with columns for SIoux CITY and DENVER, listing players and their statistics.

SIoux CITY, Sept. 10.—(Special Telegram.)—The schedule for Coe college follows: Sept. 15—At Ames at Cedar Rapids. Oct. 1—At Ames at Cedar Rapids. Oct. 15—At Ames at Cedar Rapids. Oct. 22—At Ames at Cedar Rapids. Oct. 29—At Ames at Cedar Rapids. Nov. 5—Open date. Nov. 12—At Mount Vernon. Nov. 19—At Simpson at Indianola.

Des Moines college started football practice in this city yesterday with a squad of twenty-five players, working out under Coach Andrew Chalmers. There is some discussion of having a meeting of the coaches before the seasons of the Missouri Valley coaches the last of this month to decide on certain hazy points in the new rules.

MORNINGSIDE IS AFTER IOWA

Hopes to Make a Good Start on the Opening Game.

SIoux CITY, Ia., Sept. 10.—(Special Telegram.)—Morningside college of this city has a hankering to equal the feat of Notre Dame by taking Iowa university down a peg this fall. The two teams are scheduled to meet in Sioux City October 1. The Hawkeye management having consented to send the Iowa City eleven to this city for a game at that time. For a conference team to make a trip away from home to play a minor eleven at an early date in the fall is a departure from the custom of the major teams, but Iowa is going to do it. This fall and may find that it has made a mistake. Morningside's prospects of taking a game from the Iowa university eleven are considered bright by Coach Hollister, who has had his squad camped on a lake near Onawa, Ia. Practice has been the order for every morning and afternoon since the crew has been there.

By establishing this training camp Coach Hollister probably held the first practice of any coach in the country this fall. He made a start that will be earlier by three or four weeks than most of the schools in the western conference. However, it is the team that he is set on defeating. He will not start practice for another week at least.

Wausau LEADS IN CARNIVAL

Takes Contest from Randolph Which Comes Second.

RANDOLPH, Neb., Sept. 10.—(Special Telegram.)—In the Randolph carnival, which closed here today, Wausau won first, Randolph second, Laurel third and Carroll fourth. A great deal of interest was shown in the dual game between Wausau and Randolph, which was the feature of the event. R. H. Wausau, 4 to 2, defeated Randolph, 1 to 2. Batteries: Wausau, Harper and Johnson; Randolph, Lamson and Nystrom.

HELP COACH O. H. S. TEAM

Several Experienced Men Will Assist R. L. Carns on the Campus.

MERLE HOWARD TO CONTRIBUTE

Former Captain and New Instructor Proffer Services—Game Scheduled with Harlan—Large Squad is Expected to Be Out.

Omaha High school will have a number of able coaches on hand this year to aid R. L. Carns in getting the lads into shape. At the meeting held Friday afternoon Merle Howard, captain of the Omaha High school team in 1907 offered his services, and M. E. McMillan of the faculty who has always done much to boost athletics at the high school will take a part in coaching.

A valuable addition to the school in all kinds of athletics is C. G. Linn, who is to take the place left vacant by A. N. Carlsten in the short-hand department. Mr. Linn was prominent in athletics at Oklahoma State university at Norman playing on the football, basketball, and base ball teams, and in 1907 appeared as the captain of the Spokane Athletic club team. As a student of Hyde Park High school in Chicago he made a record jump of twenty-three feet. Last year he was a member of the Crescent team of the Omaha Young Men's Christian association.

Harlan Game Fills Schedule. A game with Harlan High school has been secured for October 15, completely filling the schedule except for Thanksgiving. As no game with Lincoln has been announced as yet it is supposed that this will be the date.

Mr. Carns spoke Friday on the necessity of working together in practice and said that if possible a third team will be formed besides the usual two teams. This will be possible as there have been fifty men already who have turned out as candidates.

WARNER LIKES THE NEW RULES

Thinks They Will Result in Producing a Much More Spectacular Game.

CARLISLE, Pa., Sept. 10.—Football Coach Glenn S. Warner of the Carlisle Indian school is pleased with the new rules. He believes that they will result in giving a more spectacular game and will consequently be much more interesting to the public and less dangerous for the players than the code governing the game in former years. Coach Warner last year did some experimenting along the very lines that have been covered by the football rules committee. He says that he thought the forward pass would be used more than ever and believes that open and freak formations will be greatly in vogue during the coming season.

The Indian coach believes there will be a tendency to do away with the former efficient lines of work of the quarterback, because of the nature of the direct pass. However, he does not think that the rule against the making of flying tackles will materially interfere with effective tackling of a runner, because flying tackles have never been so much used as is popularly supposed. The new rule will practically only affect the game from the year, in that it will not generally be necessary to pull a runner down by seizing his shoulders. Warner thinks that the rule changes remove the necessity of having to play abnormally big men on the line, and figures that the athlete of ordinary build will be best adapted to football. This, consequently gives the smaller eleven a better chance to develop stronger teams than formerly.

Warner thinks that football coaches this year will have great opportunities to use their brains and ingenuity, possibly a greater chance than ever before in the history of the game. Practically all plays taught and practiced each year are ruled out this year, and every football strategist will have to depend upon his own originality in working up an offensive system.

The Carlisle Indians will start to work much later this year than usual. However, a few of the students who have returned from their summer outings are to be seen gambooling on the gridiron at Carlisle.

FOOT BALL PRACTICE IN IOWA

Coe College Squad Puts in Week at Lake Minne Esterna.

DES MOINES, Ia., Sept. 10.—(Special Telegram.)—The new football rules, preliminary practice started at several of the colleges in the state has simply been a series of experiments, with the foot ball teachers and officials still decidedly in the dark as to just what sort of a game the "debutant" football will develop.

Coach Clyde Williams started the ball a rolling at Ames this week, but absolutely no "dope" has been forthcoming from the Aggie stronghold. However, Williams is decidedly a thinker and his new formations are greeted by the other coaches.

The old Ames variety of coaches who have reported are Captain Scott, Ringheim, Chappel and McCoy. Hart and Smith may also join the squad later. Of last year's substitutes Cooker, Rutledge, Brown and Vincent are back. Of the scrubs Jolly, Vincent, Kirk, Crawford, Reeves, Morse and McDonald are the regulars.

Williams will be aided in the coaching work by Homer Hubbard, "Buck" Coover, Blockham and Dr. F. W. Law, captain of the last Ames state championship team.

Coe college's foot ball squad, twenty strong, left Cedar Rapids Tuesday bound for Lake Minne Esterna, near Vinona, where a week's conditioning and practice will take place. Captain Smith worked hard all summer to prepare for the camp by correspondence, and the veterans responded by being promptly on hand for the trip.

Coaches Bryant and Hall established two hours of practice each day, one at 10 o'clock and the other at 2:30.

The schedule for Coe college follows: Sept. 15—At Ames at Cedar Rapids. Oct. 1—At Ames at Cedar Rapids. Oct. 15—At Ames at Cedar Rapids. Oct. 22—At Ames at Cedar Rapids. Oct. 29—At Ames at Cedar Rapids. Nov. 5—Open date. Nov. 12—At Mount Vernon. Nov. 19—At Simpson at Indianola.

Des Moines college started foot ball practice in this city yesterday with a squad of twenty-five players, working out under Coach Andrew Chalmers. There is some discussion of having a meeting of the coaches before the seasons of the Missouri Valley coaches the last of this month to decide on certain hazy points in the new rules.

HUDSON ROADSTER \$1,000.

WE WANT AGENTS IN EVERY TERRITORY. HUDSON, CHALMERS, FIERCE-ARROW, THOMAS. 2044-68 Farnam St., Omaha, Neb.

It speaks well for the manufacturer that the 1910 Hudson Roadster has been so satisfactory as to warrant their continuing it, just as it is, for the season of 1911.

The Hudson has been the most popular car in America for the past several years. It is quiet, smooth running, simple, and due to its long stroke, pulls quietly and easily at low engine speeds. It is a Renault type and Renault motors are Europe's best.

We do not use castings where we should use forgings. The Hudson crank shaft is of steel forging, tested for tensile strength of 100,000 pounds. The main bearings are of the usual size found in motors of this type, with ordinary use they will seldom need adjustment.

They have all the advantages you could ask for in a built to order car, and these are sold at a price you can afford to pay.
