ASK RAISE IN SWITCH RATE

Union Pacific Makes Request Affecting Inter-City Charges Here.

AFFECTS ALL BUT THE PACKERS

Hearing Will Be Granted Should It Be Desired by Business Men—Secretary Miller Tells Fair Finances.

(From a Staff Correspondent.)
LINCOLN, Sept. 13.—(Special.)—The Union Pacific railroad has applied to the State Railway Commission for permission to change its switching rates between Omaha and South Omaha to 1 per cent per hundred weight with a minimum weight of 50,000 pounds. The rates, should the request be granted, will be increased over the present rates \$1 a carload or from \$4 to \$5 a car. The request applies to all commodities except fresh meat and packing house commodities. Shipments under Classes A, B, C, D and E will be affected together with several commodities for which special rates are made, such as lumber, coal, cattle and other commodities.

The commission has informed the commercial clubs of the two cities, the packing houses and other parties who are likely to be interested and they will be granted a hearing if one is desired before the rates are allowed.

Part of Request Granted.
The railway commission has granted permission to the independent telephone company of Omaha to include South Omaha and Florence in its Omaha rate schedule. The question of permitting the company to furnish telephones free of charge in South Omaha until 1,000 telephones are installed has not yet been decided by the commission.

Must Use Spur Track.
The State Railway commission has denied the request of the Rock Island railroad for permission to discontinue the use of its spur track to University Place. The railroad, when ordered to erect a depot at University place, asked that it be permitted to place the building on its spur track instead of the main line, but this request was refused. Then it desired to stop using the spur track and today that request was denied.

State Fair Statement.
Secretary W. H. Miller of the state fair board has issued the following authentic financial statement of the condition of the State Board of Agriculture funds:

"From present information this year's receipts from the state fair in round numbers, will amount to \$10,000.

"The amount on hand at the last winter meeting was \$20,497.75.

"The total cost of the 1910 fair and State Board of Agriculture to date is \$67,500.00 and will reach approximately \$70,000 by the end of the year, from present unpaid claims and in the usual order of business.

"Should further improvements be ordered this season, it will increase above expenditures.

"Of the above surplus, \$10,000 is in our reserve fund, for a rainy day. \$10,000 will be necessary to run to the next fair, and the remainder can be used for improvements."

Reduces Corporation Tax.
The city council has fixed the occupation tax to be paid by the Lincoln Traction company at 4 per cent of the gross receipts annually. The company formerly paid 5 per cent. The council also reduced the tax on the city of Omaha to 25 cents on the taxable value of the company's property and the council responded.

Cowles' Case in Supreme Court.
The suit of Edward B. Cowles, applicant, against Harris Cowles, respondent, has reached the supreme court from Jefferson county. The suit is over the title to a quarter section of land in Jefferson county. The applicant contends that he bought the land in 1872 and later had the deed to it made out to his mother to hold in trust for him. Before his mother's death he had her transfer the land to his sister to hold in trust. The suit is now over the ownership of the land. Cowles set out that he had at all times collected the rent for the land, improved it and lived on it and at no time until recently has the applicant claimed an interest in it. The land was transferred to his mother, it is set out, to avoid being harassed by a party who had secured a judgment against him, though at the time, the place being his home, it was judgment proof. In the lower court Mr. Cowles won out and in his brief, filed in the supreme court today, he is asking that the decision be affirmed. Mr. Cowles is land commissioner.

Hoover Appeals from Judgment.
A. L. Hoover has appealed from the decision of the Lancaster district court, which gave Emma C. Tyler damages to the amount of \$500 for personal injuries received in a collision between the Hoover automobile and the Tyler carriage. The plaintiff alleged that Hoover was driving his machine at a rate of speed more than twenty miles an hour and he was on the wrong side of the street, the accident being due wholly to his carelessness. She sued for \$10,000.

KARL LINDER TAKES ACID
Son of Mr. and Mrs. Albert Linder of Hastings Ends Life with No Motive Known.

HASTINGS, Neb., Sept. 13.—(Special Telegram.)—Carl Linder, son of Mr. and Mrs. Albert Linder of this city, committed suicide at 6 o'clock tonight by taking two ounces of carbolic acid. Young Linder came home from work, apparently in good spirits and remarking to his mother that he would go upstairs and wash up before supper. He did so, but when he failed to come to the dining room after his parents had waited quite a while his mother went to his room and found him lying on the bed. She called him, and receiving no answer, went to the bed and discovered that he was dying. The motive for the act is not known. Linder was 22 years of age and single.

Golden Wedding at Nebraska City.
NEBRASKA CITY, Neb., Sept. 13.—(Special.)—Mr. and Mrs. George H. Burgess of this city today celebrate their golden wedding. All of their children were present, and it was an elaborate affair. Mr. and Mrs. Burgess have been residents of this city since 1860. The groom being here since 1887, and they were married in this city by Rev. H. M. Glover, and the only living witness to their marriage is Mrs. J. J. Hochstetler, who still resides here. The bride was the daughter of Rev. J. Stickney Haskell, a former pastor of the Methodist Episcopal church of this city.

Rev. W. H. Cooper Resigns.
FULLERTON, Neb., Sept. 13.—(Special.)—Sunday Rev. W. H. Cooper, pastor of the Presbyterian church of this city, preached his farewell sermon. Rev. Cooper completely surprised his congregation by resigning and insisting that the resignation be accepted at once so that at the meeting of the Hastings Presbytery at Litchfield, Neb., next Tuesday, the pastoral relation-

ship might be dissolved. For the past five years Rev. Cooper has ministered to the Fullerton congregation and he carries with him the regret and esteem of the entire community. Rev. Mr. Cooper feels that he is called to become presbyterial field superintendent for Hastings presbytery. He will make his home at Hastings, where his son will enter the college and his daughter will teach harmony and theory in the conservatory of music.

NORTH NEBRASKA MINISTERS READY FOR ACTUAL WORK

Conference of Methodists Will Begin at Fullerton Today with Bishop Nielsen Presiding.

FULLERTON, Neb., Sept. 13.—(Special.)—About 150 ministers arrived in the city today to attend the twenty-ninth annual session of the North Nebraska conference of the Methodist Episcopal church, which opens tomorrow morning with Bishop John L. Nielsen presiding.

There were many preliminary meetings held this afternoon. The board of trustees met and transacted some important business and also passed resolutions of condolence on the death of C. C. Main of Wayne.

At night the emperance society held its session and M. S. Poulsen of Lincoln was the speaker.

It will be necessary to elect a new treasurer for the conference at the opening of tomorrow morning's session. It is expected that Rev. F. H. High of Omaha will be elected.

This is the last year of r. William Gort as district superintendent of the Omaha district. There is a great deal of guesswork among the preachers as to who will be his successor.

G. A. R. REUNION AT SUPERIOR

Veterans from Nebraska and Kansas Are Attending Exercises—Candidates Will Speak.

SUPERIOR, Neb., Sept. 13.—(Special Telegram.)—The opening day of the Interstate Grand Army of the Republic reunion shows a large attendance, with old soldiers present from Nebraska and Kansas. Hundreds of the veterans from over Nebraska and Kansas have been arriving on every train over the five railroads coming into Superior. Probably 100 to 150 tents have already been erected and many more have been spoken for. Today is Women's Relief corps day and Mrs. Mary Morgan of Hastings was the principal speaker. Rev. Mr. Stamp spoke this evening. Congressman Calderhead of Kansas and Congressman Norris are both to speak here Thursday; also R. D. Sutherland, candidate for congress from this district on Friday. Both C. H. Aldrich and J. C. Dahlgren, prominent candidates for governor, with possibly Governor Stubbs of Kansas are expected. The parade by 100 mounted and uniformed men, led by two bands were prominent features of the morning's exercises. Captain C. E. Adams is commander. Thursday and Friday will be the big days.

THE POWER OF WILL AND DRUNKENNESS

Will Power Alone Will Not Stop the Excessive Use of Liquor.

The temperance advocate and total abstainer are strong in their declaration that drunkenness is a mean, low and disgraceful habit, from which an ordinary person can free himself by the exercise of his will power alone.

Medical men, by patient research, have demonstrated that drunkenness is a poisoning and that the drunkard is one in need of medical attention.

The disease of alcoholism can surely be cured, thanks to the Neal treatment, which has demonstrated that it is an infallible remedy striking at once at the roots of the trouble. There has always been a demand for the treatment for habitual drunkenness which can be administered internally, without the use of dangerous hypodermic injections.

Experience has taught that no institute extant other than the Neal Institute in Omaha, Neb., 1522 South Tenth St., has ever been successful in treating drunkenness in less than four weeks' time. It makes no difference how long a man has been drinking, how much or how little he drinks, or what he drinks, the McNeal treatment has never failed to cure in three days' time, and without the use of that devilish little device, the needle, the hypodermic syringe. Just bear in mind that there is no such thing as a "secret cure" for drunkenness, and you are taking a great risk in administering these remedies.

The Institute in this city has been taxed to its full capacity during recent months and to take care of its increasing number of patients, a branch Neal Institute has been established at Grand Island, Nebraska, in charge of Dr. Wm. E. Dugan, who is recognized as one of the leading physicians of this state, where the same treatment and accommodations can be secured as at the parent or head institute in this city.—Adv.

You'll Find Your Opportunity in the New West

There's Money in Western Land

For Both Large and Small Investors

THIS has been proven to thousands in the last ten years, but the best part of the Western situation remains to be told—after all these years of untiring energy on the part of the western people and the enormous growth made in such a comparatively short time. People in the west are commencing to realize that there's room for many more thousands of people in their vast domain of living waters, of golden soil, of mineral wealth beyond comprehension, of forests which will bless mankind when all other lands are desolate; and there isn't a single community that is not trying to tell the world some story that seems almost unbelievable.

We're not going to ask you to invest your money on the strength of our bold statement—but we are going to show you some wonderful opportunities with evidence in the form of fruits of the soil themselves.

The Western Land-Products Exhibit
To be Held in Omaha January 18 to 28, 1911

will embrace exhibits from the important sections in the states of Colorado, Wyoming, Utah, Idaho, Montana, Oregon, Washington and California. These exhibits will consist of products of the soil, samples of the soil itself, photographs and stereopticon views. The men in charge are personally acquainted with every inch of the soil they are talking about and they can advise you where to find the kind of opportunities you are looking for whether it be cheap land or improved land, factory sites or smaller business openings.

The Omaha Bee
and
The Twentieth Century Farmer

wish to convince people about the wonderful possibilities of the West and they are backing up the Western Land-Products Exhibit because they realize that an exhibit of this kind will show people more of the real truth about this wonderful section than any amount of pure talk; and their real interest in the upbuilding of this empire is due to the fact that they realize that it is upon the West that Omaha must depend for future progress and greatness.
