STORY OF DR. RUSTIN'S DEATH

More Depositions Are Taken in the Insurance Hearing.

FINANCIAL RELATIONS ARE TOLD

Martin Meyer Tells of Hearing the Pistol Shot, but Says He Did Not Henr Anyone Scream After the Shot.

All the evidence the state brought out to support Abbie Rice's story in the trial of Charles E. Davis is being taken in deposition by the attorneys for the insurance companies fighting the secident insurance

Beginning Wednesday murning the defense started a long array of witnesses, the first being George H. Hanson, a saloon man whom Dr. Rustin got to take Abble Rice to his home the Sunday before the tragedy. Hanson said the physician in-structed him and the Rice woman to pass as man and wife before the servant in the Rustin home, who was the only person in the house besides the three diners.
Mrs. Clara Gleason testified to the five

day's stay at her place of Dr. Rustin and Abbie Rice, a visit which concluded the afternoon before the shooting. Mrs. Gleason also told how Abbie Rice came back to the house that night and how she made three attempts to get the Rustin home on A. W. the bulk of offerings ruled weak to some lower.

The movement in almost every branch of the trade was reasonably active after shipments were shaped up in selling form, and midday clearance found a large portion of the better classes, both feeder and fat, in second hands.

Feeder buyers were talking early that with such liberal receipts they ought to be able to fill their orders at a little less money and the feeling early was weak on both feeder sheep and lambs. Possibly some bunches may have sold a trifle lower, but the buying demand was so good that it was impossible to force prices down to any material extent, and the offerings official about doing away with the check. In the afternoon the testimony of Drs. Langfeld and Pollard was to be taken. In the last few minutes of the Morning session Dr. Lord testified, expressing his emphatic belief that the man he saw at the corner of Thirtleth avenue and Farnam street about the time of the murder was

CALLS ON COUNTY FOR HELP

G. W. Wattles Asks for Money to Pay Expenses of Dean Beecher to

Prison Conference. G. W. Wattles has asked the Board of County Commissioners for an appropriation of \$100 for the purpose of partly defraying the expenses of Dean G. W. Beecher on a trip to Washington, D. C. during the meeting of the International Charity and Prison Reform association. Mr. Wattles says he has undertaken the work of raising \$200 for this purpose and he asks the county to furnish one-half. With the great interest taken by Dean Beecher and such men in the charities and prison reform movements of the country, it would be to the good of Douglas county. Mr. Wattles says, if they could be sent to meetings such as the one soon to be held.
