FALL ELECTIONS ARE AWAITED Question Whether Differences Are to He Pernetuated or Forgotten, is to Be Settled-Given

Full Credit. BEVERLY, Mass., Sept. 18 .- No differnce between so-called "progressives" and regulars" will be recognized by President Taft hereafter, but all party leaders will be treated alike as republicans in the matter of federal support. The president's views to this effect are given in a letter from Sec-

retary Norton to a republican leader of lows, whose name is not disclosed. In a letter Secretary Norton stated that while important republican legislation pending in congress was opposed by certain republican leaders, the president felt that his duty required him to withhold federal patronage from senators and representatives who seemed to occupy a position hostile to efforts to fulfill the pledges of the

party platform. That attitude on the part of the president ended, however, with the more recent primary elections and nominating conventions in which the people have declared themselves and the president now looks on "progressives" and "regulars" allke as republicans and as such entitled to his support and the support of the party, and the fall elections, Secretary Norton's letter says, must settle the question whether the differences of the last session of congress shall be perpetuated or forgotten.
