

Nebraska UP TO ATTORNEY GENERAL Asked to Decide When Candidates May Be Certified for Nomination.

SUBMITS FINDINGS UNDER LAW Request for Opinion Comes Because of Governor Schallenberger Refusing to Run on the Populist Ticket.

(From a Staff Correspondent.) LINCOLN, Sept. 17.—(Special.)—The question of when the name of a candidate may be certified to the secretary of state to fill a vacancy on the election ticket this fall has been referred to the attorney general.

The attorney general will hold that if the name is certified to the secretary of state previous to the time when he certifies the names of candidates to the various county clerks it will be entitled to a place on the ticket. Under the law the secretary of state must certify the names of the candidates to the county clerks fourteen days before the general election.

The attorney general has not yet written an opinion for the secretary of state, but his examination of the statutes has satisfied him, so he has advised the secretary of state that the primary law which provides that the name of no candidate printed on a ballot shall be written in on another ballot.

Chairman Manuel has called a meeting of the populist committee, to be held in Lincoln next Friday, so he telephoned the office of the secretary of state today. In the meantime none of the populist nominees has withdrawn, except Governor Schallenberger.

KEARNEY, Neb., Sept. 17.—(Special Telegram.)—The following call for a meeting has been issued by State Chairman C. B. Manuel of the populist state central committee:

Nebraska Omaha L. Kelly to Get Leader From the East

Methodists at North Nebraska Conference Gather This from Bishop Nuelsen.

FULLERTON, Neb., Sept. 17.—(Special Telegram.)—The district superintendent of the Methodist church for the Omaha district will probably not be a minister from among the pastors of the conference at the state. Bishop Nuelsen has declined to say whom he will appoint for the position, but it has been intimated that the man selected will be one from the east, probably Chicago, who is thoroughly well acquainted with this missionary work.

It was decided today to hold the next conference at Trinity Methodist church, Omaha. Today's business practically wound up the routine work of the session. Tomorrow morning Bishop Nuelsen will preach and in the evening the sermon will be from Dr. A. G. Kynatt of Philadelphia.

The services tomorrow will include the ordination of the following as elders: E. A. Smith, M. M. Long, Ambrose G. McVay and John S. Ellis. Three deacons will receive their offices, being Thomas Bagshaw, Harold C. Capay and E. A. French.

It is generally understood that to make an opening for Rev. Dr. Gorst, whose term as superintendent of the Omaha district expires, Rev. D. B. Roush, Ph. D., pastor of Columbus, will transfer out of this conference, thus making it possible to bring a man into the conference for the Omaha district and for Dr. Gorst to go to Columbus.

Dr. Burket Returns. Senator Burket returned Saturday evening from his first speaking tour of the present campaign. The trip was made for the most part by automobile. His first speech was delivered at the Modern Woodmen picnic at Pontiac on Wednesday, where a large crowd greeted him in the afternoon. In the evening he spoke at a republican banquet at Blair. On the afternoon of the 15th he again addressed a large crowd at the live stock show at Scribner, and in the evening addressed a very large number of voters at North Platte. On the afternoon of the 16th he spoke at the fair at Clark and from there was taken to Fullerton, where he spoke to a good crowd in the opera house in the evening. His appearance at each place was marked by the size of the crowds and the evident interest taken in his addresses.

FALLS CITY WOMAN IS INJURED Aged Mrs. Camblin Has Leg Broken Suffers Hours Before Aid Comes.

STELLA, Neb., Sept. 17.—(Special.)—A. E. Camblin was called to Falls City this week by an accident, which happened to his mother, Mrs. Rebecca Camblin, who is 80 years old. A pony she drives got wound up in the big joint, which it was tethered and she drove it about to unwind the rope in which she herself became tangled. Suddenly the pony jumped, and the rope threw the aged woman quite a distance with great force, breaking her leg at the hip joint. With her leg a dead weight she crawled sixty-five feet and managed to get over a woman wire fence with a strand of barbed wire at the top. She crawled to a tree with a board nailed onto it. Mrs. Camblin managed to pull herself up and hold to the board, standing on the unjured leg and holding to the board with her hands while calling for help. She kept up this performance at intervals for three hours, but was unable to make anyone hear. At last a man who was a stranger in the city and who had lost his bearing chanced to come upon her. The day was cold and the exposure almost chilled her to death. However, she is resting fairly easy and chances are for her recovery.

Nebraska INCUBATOR BABY SHOW ENDS Police Close Exhibit at Kentucky State Fair at Louisville.

TWO INFANTS DEAD, ONE DYING Doctor in Charge Says Deaths of Little Ones is Due to Exhaustion Caused by Long Trip on Train.

LOUISVILLE, Ky., Sept. 17.—The baby incubator show at the state fair was ordered closed by the police last night. This action followed the death of two infants who were brought to this city by a Chicago physician. They came from a charitable hospital in Pittsburg. One of the infants, a boy, was 8 weeks old, and the other, a girl, 4 weeks old. Both died of inanition.

Dr. E. J. Meyer, in charge of the medical department of the fair, says that the deaths were caused by lack of nourishment and improper feeding. Dr. Douglas Snyder of Chicago, who had charge of the babies' incubator, says the deaths were caused by exhaustion incident to the long train trip. A third infant, a girl, who is in a serious condition, and it is believed she will also die.

The third baby died during the morning and a short time later Colonel Scott called for an investigation. The babies, it is understood, were in an asylum in St. Paul, Minn., and the incubator exhibit was a part of a show company which goes from place to place for the purpose of exhibiting. Although the babies died at the fair grounds, they were kept during last night. It was shut out the two previous nights and the heat was cut off from the incubators.

Schuyler Firm Loses. The state railway commission has dismissed the application of the Wells-Abbott-Nelma company of Schuyler for an order to compel the Union Pacific and the Burlington railroads to install a transfer switch at that place. This is the second time this application has been passed upon. The railroads won in the first instance and then a re-hearing was held. The second decision is in favor of the Burlington railroads. To install a transfer switch at that place would be a great expense and the Burlington facilities have been provided in that town for shipping and the transfer switch is not necessary.
