All the work of the team from now on will be with the view of build-ing up all offense and defense for the Creighton game. This is considered the Mines' biggest game and all men are more than anxious to duplicate their feat of last year, when they defeated Creighton, 5 to 0. The new rules should be especially advantageous to the Mines squad as they depend mostly on speed to win their games this season. Coach Powers is very optimistic over the season's outlook.
