

COMING TO PRISON CONGRESS

Nearly Every Country in the World to Be Represented.

GREAT MEETING AT WASHINGTON

Foreign Representatives Arrive Early in Order to Visit Many of the Principal Cities.

NEW YORK, Sept. 18.—(Special Telegram.)—Delegates to the International Prison Congress, to be held in Washington, October 2 to 8, were received at the city hall this afternoon by Acting Mayor Aichel and heads of the city department. Tomorrow there will be a reception, and at midnight the foreign delegates, with their American guides, will leave on an inspection tour, going by special train. The first stop will be Elmira, N. Y., where the New York state reformatory will be inspected.

The complete tour will take the delegates to Chicago, then to Indianapolis and Louisville, thence to Birmingham, finally to Washington. The trip will occupy ten days and in that time the delegates will have an opportunity of inspecting the chief penal and reformatory institutions of New York, Ohio, Kentucky, Indiana and Illinois.

President Taft will open the regular session of the congress Sunday afternoon, October 2. The annual session of the American Prison association will be held at Washington, September 23 to October 5, and will be merged with the International Prison congress.

It is announced that forty-two countries will be represented in all, which will mean that there will be delegates from every continent, including Africa and the antipodes. It is noted that South America will be fully represented. This is a sign of the growth of international work toward the raising of the standard of prison administration. It is largely due to prison workers in the United States that the South American republics have become interested in the congress.

Plan Proposed by Brise. LONDON, Sept. 18.—(Special Cablegram.)—British advocates of prison reforms believe the forthcoming international prison congress in Washington will usher in a new state of things in the management of penal institutions in all occidental countries.

Sir Evelyn Ruggles Brise, head of the British delegation, is expected to lay before that body, as indicative of the radical changes in the viewpoint of British prison managers, the proposal that Winston Churchill, home secretary, will try to have embodied in a bill.

As the originator of the "Borstal treatment" for first offenders, Sir Evelyn is urged to explain the system to the American prison authorities, "because Americans are quick to adopt new ideas and are a sympathetic people in their attitude to young criminals."

Mr. Churchill's system, which John Galsworthy says is "inspired by imagination, without which reform is dead, and by common sense, without which it is dangerous," attacks the problem from both ends. Laying down the principle that the young shall not be punished except for their good, he urges on the other hand that no youth shall be sent to prison for less than a month, thus doing away with the happy-go-lucky sentences of three, six or ten days, described by him as a "perfect incubator of the criminal germ."

RECENT ORDERS FOR THE ARMY

Changes Made Which Apply to Men in the Military Service.

(From a Staff Correspondent.) WASHINGTON, Sept. 18.—(Special Telegram.)—Army orders as follows were issued today:

Captain G. D. Arrowsmith, Sixth infantry, is relieved at Plattburg barracks and will proceed to San Francisco, and sail on transport, November 5 for the Philippine islands.

Captain C. R. Howland, Twenty-first infantry, is relieved from duty in this city and will proceed to San Francisco, and take transport, sailing January 5, 1911, for the Philippines.

Lieutenant Colonel J. S. F. Tilton, Eighteenth infantry, is assigned to duty at Whipple barracks.

Second Lieutenant H. R. Priton, recently appointed, will report to commanding officer at Washington barracks.

Captain G. D. Palmer, Eighteenth infantry, will report to Major Conrad E. Kierper, medical corps, president of the army retaining board, Fort Bayard.

Captain E. V. Bookmiller, Ninth infantry, is detailed as professor of military science at the Massachusetts Institute of Technology, Boston, vice Captain A. T. Easton, retired.

Lieutenant A. L. Singleton, Fifth infantry, is detailed for service to fill a vacancy in the signal corps.

First Lieutenant William R. Stanford, signal corps, is assigned to the Fifth infantry.

Lieutenant Colonel M. G. S. Zalinsky, deputy quartermaster general, will proceed to Lyons and Amsterdam, N. Y., on official business.

Major R. H. Rice, ordnance department, will proceed to Alliance and Cleveland on business.

Captain C. R. Gatewood, ordnance department, will visit Fort Preble, Me., and Fort Andrews, Mass. Fort Wright, N. Y., on official business.

Lieutenant Colonel William Butler, Twenty-second infantry, detailed as member of the army retaining board to meet at Fort Sam Houston.

Major William M. Caulling, quartermaster, will make one visit per month to Little Rock on official business.

Second Lieutenant J. G. Quekemeyer, Fifth cavalry, fifteen days.

Captain William R. Eastman, medical corps, an extension of fifteen days.

First Lieutenant H. S. R. Morris, medical reserve, one month and fifteen days.

Captain C. L. Cole, medical corps, to and including October 15.

RATS CAUSED THE CHOLERA

Reports from Countries Afflicted by Scourge Indicate Virulence is Abating.

WASHINGTON, Sept. 18.—Reports from Russia, Italy and Germany to the Public Health and Marine Hospital service indicate that the epidemic of cholera is abating. Officers of the Russian corps report they have no doubt the present epidemic originated in Odessa and that rats were the cause.

From Russia, the officers traced the plague to Italy. A party of Russian gypsies fleeing from the police, carried in there and started the epidemic when they used the vessels at a public well for washing clothes. The infection quickly spread.

of deadly microbes occurs when throat and lung diseases are treated with Dr. King's New Discovery. 50c and \$1.00. For sale by Boston Drug Co.

Three Incubator Babies Die While Upon Exhibition

Physician in Charge of Show Arrested—Twelve Warrants Sworn Out Charging Statutory Offense.

LOUISVILLE, Ky., Sept. 18.—As a result of the death of three babies on exhibition in an incubator at the State fair here, Dr. Douglas Snyder of Pittsburgh, Pa., was arrested tonight at Jeffersonville, Ind., just across the Ohio river.

Twelve warrants were sworn out late today by County Attorney Bullitt of Louisville on the charge of a statutory offense and the arrest was made by Chief of Police Wall of Jeffersonville. Dr. Snyder made a statement during the day that the babies died because he was unable to give them the proper attention while making the trip from Chicago to Louisville. The deputy coroner found as a result of his investigation that the babies died of inanition.

Mrs. Douglas, wife of the physician, was arrested at the fair grounds in Louisville tonight, charged with being an accessory.

Mayor Gaynor is Nearly Worn Out

No Relapse, but New York Executive Retires at Six O'clock and Takes Supper in Bed.

CLEVELAND, O., Sept. 18.—Made degram.—Fatigued by excessive exercise, Mayor Gaynor retired to his bed at 6 o'clock tonight. There had been disquieting rumors about the mayor's condition at St. James, L. I., all day and at night it was reported that he had suffered a relapse. The mayor spent a few minutes in the open air and then retired. All visitors who called were told that he was "not in."

"There is nothing alarming about the mayor's condition," said a member of the family today. "The mayor went to his bed at 6 o'clock and his supper was served to him there. He ate little and then slept. We have not had a doctor and do not need one at present. The mayor has not complained of any illness beyond being tired out."

"While the mayor is still suffering with a soreness in his throat and a cough, he has gone on long walks and has otherwise carried out a strenuous course of exercise. A good night's sleep will put him in first-class condition tomorrow."

ENGLAND SEES SOCIALISM MOVE UP TOWARD THE FRONT

Predicts Downfall of Trades Unionism and Erection of Socialist Organization Upon Ruins.

LONDON, Sept. 18.—(Special Cablegram.)—What is the outcome of the giant industrial agitation in Great Britain, the increasing prominence of the socialist factor is the salient feature.

The socialist chiefs have occupied advanced ground and they are boldly proclaiming the early downfall of the trades union system and the erection upon its ruins of a powerful socialist organization, committed to a lasting war on capital.

Fresh from the international socialist congress at Copenhagen, the British delegates, Messrs. Hyndman and Blatchford, accept the challenge thrown down by a few veteran tradesunion leaders, and declare that henceforth the British workingman must adopt the social democracy of the continent and aim, not only at solidarity of sentiment, but also at solidarity of action.

There has been a remarkable response in approval from the ranks of labor and even if trade unionism remains the shock, the number of militant socialists is bound to be increased considerably.

So profoundly are thoughtful liberals impressed by the socialist campaign that Sir Edward Grey, foreign minister, in a speech at Tilbury last night, referred to the "notable increase in socialist strength among us."

He warned electors against abandoning free trade, "inasmuch as protection is a short-cut to socialism, now getting more direct stimulus in all protectionist countries because of the heavy cost of living."

ATLANTIC CITY READY FOR THE G. A. R. MEETING

Famous Resort Makes Great Preparations for Coming of the Veterans.

ATLANTIC CITY, N. J., Sept. 18.—The "city-by-the-sea" is ready for the Grand Army of the Republic. After weeks of planning and many days of toil the resort is dressed in its gayest colors and all preparations have been made to entertain the thousands of veterans and the host of other visitors. Every avenue is thronged out with flags and streamers. The boardwalk is a blaze of colored lights. The encampment will not open until Monday, but Commander-in-Chief Samuel R. Van Sant of Minnesota, who arrived last night and was given an enthusiastic reception, was busy today going over the plans for the encampment.

In addition to the reception to the visiting veterans who will arrive tomorrow the day will be given over largely to religious services in many of the churches.

The spectacular feature of the encampment, the parade, will come on Wednesday. Vice President James Sherman is expected to review the parade.

INSANITY EXPERT SUICIDE

Dr. H. C. Rutter, International Authority, is Driven to Desperation by Incurable Disease.

QUEENSTOWN, Sept. 18.—John E. Redd, a patient at the asylum here, was driven to suicide by an incurable disease. Dr. Hemley G. Rutter, former superintendent of the Columbus state hospital for the insane and an international authority on insanity and nervous diseases, committed suicide here today. Accompanied by his wife, Dr. Rutter came to Queenstown three weeks ago on a visit to some friends. Last Wednesday he disappeared and all search for him was fruitless until today, when he was found in the lobby of a downtown hotel dying from unknown poison. He expired while being taken to a hospital.

Dr. Rutter was 51 years old and was born in Parisburg Va. He served through the civil war and afterwards graduated from the medical department of the University of Cincinnati. He was subsequently superintendent of state hospitals at Dayton, Athens and Columbus. He was the author of several books on mental diseases, among them "Criminal Responsibility in the Insane," which was quoted in the "New York Times."

Mrs. Jacob Wilmert, Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor at times. A few weeks ago I got Foley's Kidney Pills and gave them a fair trial. They gave me great relief, so continued, till now I am again in perfect health." Sold by all druggists.

CHICAGO NUMBERS 2,185,283

Windy City Jumps to Fourth Place in World's List.

SECOND IN THE UNITED STATES

Increase 488,708, or 28.7 Per Cent, as Compared with 1,696,575 Ten Years Ago—Is Not Record Growth.

WASHINGTON, Sept. 18.—The population of Chicago is 2,185,283, an increase of 488,708, or 28.7 per cent, as compared with 1,696,575 in 1900.

The increase, however, was not so great proportionately as it was in the decade of 1890-1900. Then it was 84.4 per cent. This announcement leaves Chicago ranking in population as the second city of the United States and the fourth in the world. Chicago has almost doubled its population since 1880, when the figures were 1,209,826. Its greatest growth during that period was between 1870 and 1880, when there was an increase of 34.4. Its increase in population during the last decade was not so great proportionately as that of New York, the rate of increase being 10 per cent less than that scored by the eastern city. New York is yet ahead of its closest rival by 1,200,000.

Chicago, however, can claim distinction in having jumped from sixth to fourth place among the big cities on the globe. It is following close upon the heels of Paris, whose population by its last census in 1901 was 2,174,000. Chicago's precedence over Tokio and Berlin by close margins. According to the census taken in each of the two cities in 1908 Tokio had 2,082,100 and Berlin 2,040,148.

The population of New Orleans is 328,075, an increase of 34.4 per cent, as compared with 243,704 in 1900.

Redmond Brings Message to America

Leader of Irish Nationalists Coming to United States—Freedom Tied Up with Britain's Well-Being.

NEW YORK, Sept. 18.—(Special Telegram.)—Joseph Devlin, member of Parliament, secretary of the United Irish league, T. P. O'Connor and Daniel Boyle, member of Parliament for Newry, arrived here tonight on the steamer Lusitania. They comprise a special mission of the Irish party to the United States and were given an ovation on the eve of their departure by large crowds that had gathered here to greet them.

Mr. Redmond in a brief speech said that he was going to tell the Americans that the cause of Irish freedom, instead of being subjected to the hostility of the people of Great Britain, was tied up inseparably with the well-being and freedom of the democracy of Great Britain. The struggle today, he added, was between the whole mass of democratic forces in England, Scotland, Wales and Ireland, matched against the last relic of feudalism.

The moment the power of the House of Lords disappeared the move to home rule, he declared, was absolutely clear. Irishmen foresaw plainly early victory for the cause, according to Mr. Redmond.

CONGRESSMAN MALBY TO BE CALLED BY GRAFT HUNTERS

To Be Asked What He Knows About Street Railway Assessments for Political Purposes.

NEW YORK, Sept. 18.—(Special Telegram.)—It was learned today that George R. Malby, congressman and republican boss in New York state, to whose account, credited \$500 from the account of "A. S. Hackley, special," according to the testimony at the hearing of the legislative investigating committee, would be a witness before the graft hunters. If he does not appear of his own accord, as is expected, he will be subpoenaed by the committee's counsel. While he is on the stand he will be asked if he received, or if there were placed to his account, certain sums at the close of legislative sessions—larger sums than the \$500 already disclosed.

Predictions are made that the success or failure, sincerity or insincerity, of the investigators, will be determined by their treatment of Malby. He is the first man now prominent in public life who has been named as a recipient of traction money. He is a "live one," in the vernacular, and if the committee shows zeal in following up any connections he may have had with the street railway's special assessments for political purposes the investigators' critics are expected to be silenced.

The committee, through its lawyer, has announced repeatedly there was to be no "hitchhiking." The name of Malby, political boss of the district which Edwin A. Merritt, chairman of the committee, represents in the assembly, was considered to be at least partial proof of the sincerity of the assertion.

LAY THEIR PLANS TO MAKE THE FAIR A GREAT SUCCESS

Miss Anna Morgan and Other New York Women Out in the Interest of Suffrage.

NEW YORK, Sept. 18.—(Special Telegram.)—Miss Anna Morgan, daughter of J. Pierpont Morgan; Madame Nordica and Mrs. O. H. P. Belmont will take leading parts in working for the success of the fair to be given by the suffrage members in December.

It was announced today that Mrs. Belmont while in Europe spent a month in London, where she met such suffrage leaders as Mrs. Pankhurst and Mrs. Fawcett. Both Miss Morgan and Mrs. Belmont favor more aggressive work for the cause of suffrage and will lend their aid to make the fair a success.

Mrs. Belmont is chairman of the committee that has the fair in charge.

E. A. ROSS SAYS CHINA IS NEARING CRISIS

Former University of Nebraska Professor Returns from Trip to Oriental Empire.

VICTORIA, B. C., Sept. 18.—Prof. E. A. Ross, professor of sociology at the University of Wisconsin, who has been making extended journeys through China during the last six months, studying sociological conditions, arrived on the steamer Douglas on the China today. He said China was on the verge of a crisis and the next few months would show whether there would be a great uprising, perhaps with much bloodshed or a peaceable revolution.

Prof. Ross says there is a growing movement for reform and the younger element seeking the change is waiting to see what the prince reform will do.

Will Protect the Right of Heirs

Attorney Walker Guardian ad Litem of Children of Duchess de Talleyrand.

NEW YORK, Sept. 18.—(Special Telegram.)—Judge Blair of the supreme court signed an order today appointing Walter B. Walker, an attorney, guardian ad litem of the children of the Duchess de Talleyrand, who was Anna Gould, Bonnie de Castellane, 13 years old; George de Castellane, 12 years old; Jay de Castellane, 8 years old, and Howard (Prince de Sagan), 1 year old.

The guardianship is to protect the right of the children in a suit brought by Daniel S. Miller and Charles E. Appleby, as trustees under the will of Daniel S. Miller, to sell certain real estate in this city. The interest of the infants in this property is a contingent one, depending upon the life interest of Emily M. Noyes and the contingent interest of their mother, the Duchess de Talleyrand.

JAMES GRAY TELLS WHERE HE STANDS ON SOME THINGS

Democratic Candidate for Governor of Minnesota Thanks God for Theodore Roosevelt.

SAUK CENTER, Minn., Sept. 18.—(Special Telegram.)—James Gray, democratic nominee for governor, was loudly applauded when he attacked Cannonism, Ballingerism and Aldrichism at the Stearns County fair here this afternoon. He also made a vigorous attack on the trusts and big interests and said he was in favor of woman suffrage. He said that besides raising pumpkins and hundreds of women throughout Minnesota were taxed without being able to vote.

"We have made a class distinction which will be right when women vote, and then only. Our president is not lost, but misled. We have one president at Washington, another at Oyster Bay, the latter is the real president of the United States. Thank God for Theodore Roosevelt."

When Merritt Wins. When the medicine you take cures disease, tones up your system and makes you feel better, stronger and more vigorous than before. That is what Foley's Kidney Pills do for you, in all cases of backache, headache, nervousness, loss of appetite, sleeplessness and general weakness. That is this evening on the steamer Lusitania. They comprise a special mission of the Irish party to the United States and were given an ovation on the eve of their departure by large crowds that had gathered here to greet them.

DRAW STRINGS ON PASSES

Western Passenger Association Would Bar Rail Heads' Use.

THOUSANDS DEPRIVED OF RIGHT

Recommendation Adopted at Chicago is Contingent Upon Extension of Rule to Freight Traffic Organizations.

CHICAGO, Sept. 18.—For economy the western railroads seek to reduce to a minimum the number of annual passes issued to officers of other railroads. This question has been agitated ever since the anti-pass section of the Illinois law went into effect.

The roads in the Western Passenger association, comprising the lines between Chicago and the Rocky mountains, have adopted a recommendation that after January 1, 1911, no complimentary annual passes be issued to the officers and agents of other railroads below the rank of assistant general passenger agent. This will cut off from the privilege the thousands of general agents, district, division and traveling passenger agents and local representatives of the roads in various cities accustomed to traveling free virtually whenever business or vacations dictated.

The recommendation is contingent, however, on its adoption by the freight traffic organizations. It is considered impracticable to abolish the issuance of passes to the passenger officials unless the rule is extended to cover freight officials below the rank of assistant general freight agent.

Many officials below this rank represent the roads in a joint capacity in the solicitation of both freight and passenger traffic, and it is considered inequitable to give a pass to a general agent in charge of both freight and passenger traffic while denying it to a man of equal rank with duties confined solely to freight.

L. B. ALLEN PROMOTED IN BURLINGTON CHANGE

Superintendent of Iowa Lines Takes Place of W. B. Throop, Who is Now General Manager.

BURLINGTON, Ia., Sept. 18.—(Special Telegram.)—A number of important changes in officials of the Burlington system were announced here this afternoon. Among them are the appointment of L. B. Allen, present superintendent of the Iowa lines here, to the position of superintendent of lines west of the Missouri river, taking the position now held by W. B. Throop.

Throop is appointed general manager of the Omaha, Missouri and Kansas City lines.

To fill the position made vacant by the advancement of L. B. Allen, T. L. Johnson, now superintendent of the Burlington terminals in Chicago, is transferred here. H. Young, present superintendent of terminals in St. Louis, taking Mr. Johnson's place in Chicago. These changes necessitate a number of other minor appointments and they will all become effective tomorrow.

AMERICANS' BODIES EXHUMED

New Municipality of Granada Will Make Re-interment—Offers to Send Them to America.

THOUSANDS DEPRIVED OF RIGHT

MANAGUA, Nicaragua, September 18.—The new municipality of Granada, which was inaugurated May 15, has passed an act ordering that the bodies of the Americans, Cannon and Groce, who were executed by order of ex-President Zelaya, be exhumed for the purpose of interment in the cemetery of Granada with national honors. A marble monument will be erected to commemorate their deaths. If the families so desire the bodies will be sent to the United States.

David Arellano, the representative of the conservatives at Granada, delivered an eulogy of Cannon and Groce at a public meeting, at which a great demonstration was held. A resolution was adopted inviting all the municipalities of the republic to co-operate and a copy of this will be sent to the State department at Washington. The cost of the monument will be defrayed by public subscription.

Money to Loan. Private money to loan on real estate, if you have a mortgage coming due or want money for any purpose, call and see us. P. J. SCHNORR, 518 Broadway.

Socialists Make Gains in Germany

Capture Another Seat in the Reichstag, Making Nine Secured So Far This Year.

BERLIN, Sept. 18.—(Special Cablegram.)—The Kaiser's "Me and Gott" speech is now actively working in German politics. The first tangible result is that the socialists have won another seat in the reichstag at Frankfurt-Lebus, in Brandenburg, just outside the capital.

This is the ninth seat the party has won this year. It brings their strength in the reichstag up to fifty-two. General discontent had much to do with the result, but the Kaiser's recent speech, in which he claimed to rule by divine right, was made a direct issue in the contest, and resentment at that declaration accounts for the socialists' success.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by all dealers.

Why not the heat that cheers There are still a few people who consider it necessary to "mortify the flesh" by meekly submitting to the discomfort and absolute torture of trying to keep warm by old-fashioned heaters, which greedily take all the coal you can crowd into them, but give out the smallest results. Let us hope it is due solely to the fact that they may not as yet have heard of the comfort-giving AMERICAN & IDEAL RADIATORS & BOILERS. AMERICAN Radiators and IDEAL Boilers don't ask for much coal, but make that coal give up a lot of heat. These outfits distribute that heat equally throughout the building, keeping your back warm as well as your face—no matter whether you sit in one part of the room or the other. IDEAL Boilers and AMERICAN Radiators afford the only means of supplying clean, healthful heat—no poisonous coal-gases or ash-dust can possibly reach the living-rooms, as all the parts are perfectly machined and screw tightly together. ADVANTAGE 19—IDEAL Boilers are cleverly provided with smoke-hoods (to which smoke-pipe connects), which are fitted with check-draft dampers. The check-draft lids are as sensitively balanced as a pair of scales, automatically controlling the rate of combustion. Loss of heat up the chimney is thereby avoided, and the fire regulated correctly for either mild or severe weather. Ask for the book "Ideal Heating" telling the full advantages it will pay you big to know. The first cost is all the cost there is—thereafter IDEAL Boilers and AMERICAN Radiators are a lasting, paying investment. Put into old buildings—farm or city—as easily as in new. Write, phone, or call today. Our free valuable catalog and information put you under no obligation whatsoever to buy. AMERICAN RADIATOR COMPANY Write to Dept. N-80 413-417 South Tenth Street, Omaha. Public Showrooms and Warehouses located at Chicago, New York, Boston, Philadelphia, Washington, Buffalo, Pittsburgh, Cleveland, Cincinnati, Atlanta, Indianapolis, Milwaukee, Omaha, Minneapolis, St. Louis, Kansas City, Denver, Seattle, San Francisco, Brantford (Ontario), London, Paris, Berlin, Milan.
