DONAHUE OUSTER HEARD

Arguments Are Made Before the Supreme Court Saturday.

CONNELL APPEARS FOR CHIEF

Argues that Petition Did Not State Cause of Action and that It Should Prove that Laws Were Violated.

(From a Staff Correspondent.)

LINCOLN, Sept. 24.—(Special.)—The demurrer to the petition of the attorney general to oust Chief of Police John J. Donahue of Omaha from office was argued in the supreme court this morning. W. J. Connell appearing for the chief and W. T. Thompson for the state.

It was charged in the petition of the attorney general, which was filed under direction of the governor, that the chief of police of Omaha has failed and neglected to enforce the laws of the state and the city ordinances of the city of Omaha by permitting the sale of liquor after the hour of 8 o'clock at night. The petition was filed under the provisions of the Sackett law, which provides for the removal of derelict officials.

Mr. Connell argued that the petition did not state a cause of action; that to entertain the petition the court would have to descend to the level of a police court; that it was without authority to hear the case except on appeal.

Connell's Argument.

Mr. Connell argued at some length that if the court heard the case it would first be necessary for it to determine that the persons who it was alleged had sold liquor illegally had really done so and that the parties alleged to be running houses of assignation were really guilty. These things, he argued, would have to be proven before the court could hold Chief Donahue guilty of dereliction of duty. The attorney argued that the police board and the mayor have authority to remove the chief of police and in the petition it is not held that these parties have refused to hear complaints.

The attorney general argued that the supreme court has jurisdiction to hear the case and that the Sackett law was enacted to force officials to do their duty by the public. It is alleged that the chief of police had permitted the violation of the liquor laws of Nebraska. The rules of the police board provided for the enforcement of the laws by the chief of police and the chief is charged with violating this rule. For that reason the attorney general argued the court should assume jurisdiction of the case. The court has the motion to dismiss under consideration.

Nebraska Company Loses.

The application of the Nebraska Telephone company for a modification of the injunction issued by the supreme court against it taking over three independent companies or connecting with them, has been denied. The court gave out its decision this afternoon, but did not file an opinion.

Some weeks ago the independent system of the state secured the injunction to prevent the Nebraska company from taking over the plants it bought at Papillion, Nebraska City and Plattsmouth. The suit was brought at the instigation of the officials of the independent system by the attorney general. Later the Nebraska company sought to have the order modified so that it could connect up its long distance line with the companies it bought pending the trial of the case on its merits. This the court refused to do.

Bar Commission.

The supreme court has appointed the following bar commission: W. L. Anderson, secretary, Lincoln, reappointed; J. G. Beeler, North Platte; R. A. Batty, Hastings; C. F. Reavis, Falls City; eGorge W. Shields, Omaha.

The following committee was appointed to draft resolutions in memory of Judge Lake, deceased, W. B. Wakeley of Omaha, H. E. B. Kennedy of Omaha, E. F. Warren of Nebraska City and B. P. Grey of Fremont and C. O. Whedon of Lincoln.

Thompson to Help Missouri.

Attorney General Thompson will go to Washington about the first of the month and will appear in the supreme court of the United States in the case wherein the state of Missouri is seeking to have reversed a decision of the lower court which enjoined the putting into effect the 2-cent rate law. While there Mr. Thompson will look over his office, size up the force that he will haveto work with, and getnext to the work he is expected to do as solicitor of the national treasury, to which place he was recently appointed by the president. After all that Mr. Thompson will return to Nebraska about the middle of the month and attend to some more business for the state in a legal way.

Fire Prevention Textbook.

A. V. Johnson, state firewarden, has written a book entitled, "Fire Prevention Text Book" for use in the schools of Nebraska. The book is now in the hands of the printers and will be circulated among the teachers free of charge.

State Superintendent Bishop has endorsed the publication and has set apart November 4, as "fire day," when special programs are to be given in the various schools, special attention being given to fire drills.

Doctor's License Revoked.

The board of secretaries of the State Board of Health has recommended that the license to practice medicine held by Dr. W. H. Johnson of Lincoln be revoked. Dr. Johnson was some time ago convicted of performing an unlawful operation resulting in the death of a young woman. The case is now in the supreme court. The board of secretaries met today and after hearing argument from the attorneys for the defense declined to continue the case, but decided that the license should be revoked. The recommendation of the secretaries now goes to the State Board of Health for proper action.

WEST NEBRASKA METHODISTS ADOPT RESOLUTIONS

Work of Anti-Saloon League Praised and All County Option Candidates Are Endorsed.

NORTH PLATTE, Neb., Sept. 24.—(Special.)—The following resolutions were adopted by the West Nebraska conference now in session here:

We rejoice in the growth of the anti-saloon and temperance sentiment all over our state and nation, as a result of the quickening of the public and individual conscience.

We hail with pleasure the effectual work being accomplished by the Anti-saloon League; the County Option leagues and all other agencies to secure the speedy overthrow of the liquor people; the present activities of the breweries, distillers, and the so-called personal liberty element.

We believe that the next session of our state legislature should enact and have placed upon our statutes books a county option law.

We believe that Nebraska is face to face with a crisis on the temperance question;

Therefore be it resolved, by this annual conference that we publicly and privately urge our people to support and vote for, only those candidates who have declared themselves in favor of the county option law that will give to the entire counties the right to prohibit the saloon.

A draft for $985 from the Book Concern and a draft for $25 from the chartered fund were announced and received by the treasurer of the conference stewards. This makes $1,210 from the church at large for the retired preachers in this conference.

METHODISTS BUSY AT YORK

Nebraska Conference Continues Its Annual Session.

MISSIONARY WORK IS ESSENTIAL

Banquet Served and Number of Eloquent Sermons Preached—Visit to Mothers' Jewels' Home Made by Pastors.

YORK, Neb., Sept. 24.—(Special.)—The Nebraska Conference Laymen's association had a meeting today in the Evangelical church to economize time and room. The annual temperance session was later taken up and among the speakers was Rev. M. S. Poulson of Lincoln, state superintendent of the Nebraska Anti-saloon league. Rev. C. M. Shepherd presided at that meeting.

In the evening a banquet was held at the Fraternal hall building.

From the fact this conference is called Nebraska conference, many people think it is state-wide, but such is not the case, the name having caused the confusion in that respect. It is the original conference organized in the state when there was but one, but others have since been cut off from it while the name has not been changed.

After the banquet, the regular 8:30 session was convened at which Rev. Mr. Knox of Wesleyan university gave an entertaining half hour. An anniversary sermon of the board of foreign missions was delivered by Rev. W. A. Mansell, D. D., of the work of the conference which contains to missions, both home and foreign.

Reports from Churches.

At Friday's session of the Methodist conference the reports of the superintendents and pastors were continued. At the conclusion of the report of Rev. W. B. Alexander, who has completed a term of six years in the York district, Rev. B. W. Marsh, on behalf of the pastors, who have served under his leadership presented him with a gift of gold coins.

Rev. William M. Balch of Dover, N. H., addressed the assembly in the morning. In the afternoon one hour was devoted to the anniversary of the Woman's Home Missionary society. The principal feature was an address by Mrs. Tibbie Allen of Des Moines. In the evening at 8 o'clock was the anniversary of the Freedmen's Aid society. The address was by President Dogan of Wiley university, Marshall, Tex.

While the above proceedings were taking place in the main church, the Evangelical church was occupied with a large assemblage devoted to the discussion of methods for boys' work. This meeting appointed a committee of five to formulate a plan of organization of a "Methodist Boys' league."

Visit Jewels' Home.

After this the attending pastors were taken to the Mothers Jewels' home in automobiles and carriages, where the buildings and grounds were inspected and an exhibition of the progress of the children was witnessed. The singing and training of the children was illustrated by examples which astounded those to whom the processes were new. So enthusiastic did the delegates become that they called on Rev. Johnson, an old favorite of this conference, to stand up at one of the room and all the others threw money at him until the floor was strewn with coin. When a half dozen of the little "Jewels" had gathered it all into a hat is counted out about $30.

Nothing but the highest encomiums of praise for the management under Superintendent Spurlock and the trainer in the musical department, Miss Bemis, were heard on every side. Many present pronounced the hour spent at the home the most absorbing in interest of the conference. This home is one of the recognized benevolences of the Methodist Episcopal church and is national in scope. It was founded here twenty years ago by the Woman's Missionary society and now owns property worth $65,000.

CANDIDATES FOR DEGREES AS MANY AS EVER AT PERU

Senior Class at State Normal School Will Contain More Students Than Before.

PERU, Neb., Sept. 24.—(Special.)—After examining the records for credits it has been found that the number of candidates for graduation in the senior class is larger than in any previous class graduating from the normal. The total number of students registering in the normal points to as large an enrollment this year as in any former year.

Following are some of the changes in the faculty:

W. T. Hoyt, formerly of the Wesleyan university of Kansas, takes the chair of physical sciences and astronomy; A. Heath, who has a fellowship in the biological department of the University of Nebraska, takes the assistant professorship in the biological department; Miss Myrtle Ferguson, graduate of Ames, Ia., becomes head of the domestic science department; Miss Melvia Danielson, who was last year a supervisor in music in the Lincoln city schools, will supervise in the training school; Miss Hazel Webster, graduate of the Iowa State normal, becomes a critic teacher in the training school.

Among the improvements under construction at the normal is a beautiful fountain in the center of the campus, which is to have a ten-foot base, two feet of water and a bronze bittern figure.

The new $40,000 administration building is rapidly nearing completion and will be ready for occupation January 1. It will contain a swimming pool in the basement, which will complete the equipment for physical training.

JURY FINDS IT WAS SUICIDE

Verdict Returned in Case of Mrs. Beedle of Holdrege, Found Dead Tuesday.

HOLDREGE, Neb., Sept. 24.—(Special Telegram.)—After being out for more than eight hours today, and after a close investigation of all the circumstances connected with the Beedle tragedy of Tuesday, Coroner Palmer's jury returned a verdict that Mrs. C. J. Beedle met death at her own hand.

Two Years for Forgery.

FREMONT, Neb., Sept. 24.—(Special.)—W. L. Howard was sentenced to two years in the penitentiary yesterday afternoon by Judge Thomas on a plea of guilty to the charge of passing a forged and worthless check for $47 on M. Huck of North Bend in June last. The scheme which Howard worked on a number of jewelers was to buy some article, usually a watch, and present in payment a draft purporting to be drawn by the Harrisburg Refining company for his order for a somewhat larger sum, getting the balance in change. The plan had worked so well that when arrested he had quite a quantity of jewelry in his possession which was later identified by jewelers in this vicinity who had taken the purported drafts in payment of goods.

Brush Out Dead Hair

Loose hair is dead hair. Any hair that is not firmly attached to the scalp is useless, and if left with the hair interrupts its growth and health by clogging the scalp. Dead hair never comes back to life. It should be removed by vigorous brushing, scalp massage or shampooing. You need have no fear of pulling out sound hairs without your knowing it.

If the hair is falling out, if the scalp itches and dandruff forms, there is something wrong with your scalp. A reliable hair and scalp medicine should be applied occasionally to make sure that the scalp is free from infection, dandruff and foulness. Wash the hair often, then rub the scalp vigorously with Wavenlock. You will be surprised to see how quickly your hair will be restored to good health.

The persistent use of Wavenlock to stimulate hair growth, stop itching, dandruff and scalp infection, together with frequent brushing to remove dead matter and allow the "young" hair to grow, is better than all the hair tonics or "renewers" you can buy.

Wavenlock is well known to your druggist and is applied by the best barbers and hair dressers. A free sample bottle of Wavenlock may be secured by writing direct to the Wavenlock Company, Detroit, Mich., and sending ten cents in coin or stamps to pay postage and packing.
