West Farnam District I have for sale a property with an east frontage of about 179 feet by 60 feet deer, which is considered to be the most sightly location for an apartment house of any in the city. Only one block from Farnam car; very close in, with surroundings most pleasant. There is now a very commodious home on one corner of the ground that will make a splendid home, or will rent for 175 a month. Aside from the ground occupied by the house, there is ample room on opposite corner (east and south frontage), for flats or an apartment that would command the highest rental. Locawould command the highest rental. Location is something worth the money here and if you are looking for a GOOD, COM-FORTABLEHOME, with large grounds, or space sufficient to build for income and investment, you should come to me or space sufficient to buold for inco and investment, you should come to immediately, as this property must closed out at once, as owner is leaving the city.
