McFarland Gets Better of Hyland

Spectators Give Popular Decision to Chicago Lightweight-Work Effective Throughout.

NEW YORK, Sept. 38 .- Packey McFarland, the Chicago lightweight, outpointed and outpattled "Fighting Dick" Hyland in & a slushing ten round bout tonight before

The biggest crowd that has ever witnessed a contest before this club was present. It was McFarland's first appearance here since he outpointed Leach Cross two years ago, and he quickly won favor, the popular decision winning him the victory. No decision was rendered, however. Mo-Parland started mixing from the start, using a short snappy jab to the face that confused Hyland. The latter, however, unmindful of punishment, rushed, continually landing swings to the body, but the distance was too short for this style of fight-

ing to be effective. McFarland gave a fine exhibition of blocking, using his forearms effectively and was forced to do little ducking. Gradually he led Hyland into making wild lunges, while his own blows were well timed and directed. In clinches McFarland showed to advantage, working a right uppercut to the face that drew blood. Both men finished strong, the final round being fast and even. McFarland's superior work throughout, however, was apparent to the

Catarrh is not merely an affection of the mucous membranes; it is a deep-seated blood disease in which the entire circulation and greater part of the system are involved. It is more commonly manifested in the head, nose and throat, because of the sensitive nature of these membranes, and also because they are more easily reached by irritating influences from the outside. The symptoms of Catarrh, such as a tight feeling in the head, nose stopped up, throat clogged and dry, hacking cough, etc., show that the tiny blood vessels of the mu-cous membranes are badly congested and inflamed from the impurities in the circulation. To cure Catarrh permanently the blood must be purified and the system cleansed of all unhealthy matter. Nothing equals S. S. S. for this purpose. It attacks the disease at its

head, goes down to the bottom of the troubl, and makes a complete and lasting cure by PURIFYING the blood. Then

the inflamed membranes begin to heal, the head is cleared, breathing becomes natural and easy, the throat is no longer clogged, and every unpleasant symptom of the disease disappears. S. S. S. is the greatest of all blood purifiers, and for this reason is the most certain cure for Catarrh. Book on Catarrh and medical advice free to all who write.
