1518 1520 FARNAM STREET

**Uncle Sam Will Sell Town Lots to Best Bidder**

One Hundred Thirty-Two Tracts at Mitchell, S. D., Are to Be Disposed of in This Manner.

(From a Staff Correspondent.)  
WASHINGTON, Sept. 29.—(Special Telegram.)—Professional and business men will be offered an unusual opportunity on October 27, when Uncle Sam will sell to the highest bidder, 132 town lots contained in the government township, Newell, on the Belle Fourche irrigation project, South Dakota.

The townsite is located on a high point and overlooks many miles of fine farm land which will be irrigated from the government system. When the system is completed there will be about 20,000 acres of irrigable land tributary to the town. There are already about fifty temporary buildings, including general stores, three banks, newspaper office, hotels, etc., located on the edge of the town. The owners are all anxious to procure the best bidder for permanent quarters before cold weather.

A branch railroad connects Newell with the main line of the Chicago & Northwestern at Belle Fourche, and the new town is the distributing point for the wide range country adjacent to the irrigable tracts.

The town is laid out with streets varying from sixty to 100 feet in width and the lots now offered for sale consist of four blocks in the business center, each block containing thirty-three lots, 50x130 feet.

The secretary of the interior has approved the plan of the commissioner of the land office in the case of William J. Price against Julius Schellberg, Jr., on appeal of the latter in rejecting his application to contest the entry of W. J. Price for a tract of land located in the Lincoln land district.

Mrs. A. M. Bryan of Grand Island and Mrs. E. J. Cushman are visitors from Nebraska now doing the capital city.

John Dorgan and wife of Lincoln, who have been touring the east, visited friends in Washington this week and left tonight for Chicago by special train.

W. T. Thompson, former attorney general of Nebraska, appointed to succeed Maurice D. O'Connell of Denison, Ia., as solicitor for the Treasury department, will arrive in Washington Saturday to assume the duties of his office. Judge O'Connell practically relinquished his position several weeks ago and with his wife is scheduled to sail from San Francisco, October 4, for Manila to pay a visit to his daughter, wife of Captain Condon, U. S. A., now stationed in the Philippines.

Henry C. Blodgett, postmaster at Gothenburg, Neb., today filed an application for authority to open a postal savings bank in his office.

**JURY TAKES CARROLL CASE**

Attorney Read Sums Up Evidence for State.

**END OF SUIT COMES ABRUPTLY**

Army Tournament Proves Big Success, Troops Being Reviewed by President of Des Moines Commercial Club.

(From a Staff Correspondent.)  
DES MOINES, Ia., Sept. 29.—(Special Telegram.)—The Carroll trial for criminal libel came to an abrupt termination this evening when Attorney Read for the state summed up the evidence and made an eloquent plea for justice to John Carroll, the accused witness, who was alleged to have been libeled by the governor. The court's instructions were believed to favor the defense.

The army tournament today was a great success. The troops were reviewed by E. F. Kaufman, president of the Commercial club, a complete program of amusements was carried out.

Already more than \$1,000 has been given to the various competing organizations at Camp Hill out of a fund raised by the tournament committee for distribution as prize money. The money is apportioned to the competing teams from the different regiments each day and they are allowed to spend it at their convenience.

**Republican Conference is Called.**  
Having given impetus to the work of district organization throughout the state by making a personal visit to several of the eleven congressional districts, Chairman Carl F. Franke has called a meeting of the members of the republican state committee for Friday, September 30. The meeting will be held in Des Moines and at that time the political situation in Iowa will be reviewed and reported upon by the state committee members from the various parts of the state.

While the meeting is the first of the kind that has been called since the state convention, matters of unusual importance will come up for disposition. It is customary at this period of each campaign to hold a meeting of the kind for the purpose of getting in direct touch with the political activity in all parts of the state.

Before another week has rolled around Chairman Franke will have held meetings in every district in the state. Today at Davenport Congressman Glick, the legislative candidate, and the county chairman, and the congressional committee of the Second congressional district are meeting with him. Tomorrow a similar meeting for the First, Congressman Kennedy's district, will be held at Burlington.

The Fourth district meeting will be held in Charles City Monday, the 30th, and the following day the Fifth district meeting will be held at Cedar Rapids. At the meetings of the Third, Sixth, Eighth and Ninth districts have been held, but three meetings of the kind will be left. These are for the Seventh, Tenth and Eleventh districts. Meetings for these districts in all probability will be held shortly after those of the Fourth and Fifth.

**Prohibitionists Get Off Ticket.**  
John Bernet of Wilton Junction, the prohibition candidate for congress in the Second district, gave notice to the secretary of state today that he will withdraw from the ticket. John J. Clark of Bedford, the republican candidate for the legislature, also withdrew.

**Iowa Crop Conditions.**  
Weekly report of the state weather and crop service:

The first three days of the week were clear and very warm, but the last four were cloudy and rainy. The crop is heavy rain on the 22d and 23d. Corn made rapid progress toward maturity during the early part of the week and about 85 to 90 per cent of the crop is now safe from ordinary frost. Much of the remainder will require ten days to two weeks to be safe from damage from frosts. The weather during the week is characterized by frequent showers, with a rapid increase in the temperature. The late rains have put the ground in fine condition for fall plowing. The potatoes are growing rapidly, with a large increase in the acreage. The winter wheat is up and is growing nicely. Considerable hay was put up, especially in the Mitchell section. Late potatoes continue to improve where the crop will be light. Potatoes are in excellent condition for fall and winter feed.

**Supreme Court Decisions.**  
The following supreme court decisions have been rendered:

Charles A. Ury, appellant, vs. Modern Woodmen of America, Inc., appellee. Green; action for damages; affirmed by the court.

State of Iowa vs. certain independent school districts, appellants; Clay county, appellee; contest over disputed territory; affirmed by the court.

E. E. Griswold vs. Andrew Lusk, appellant; Lusk vs. Griswold, appellee; action on promissory note; affirmed; opinion by McClain.

Omaha Swaine, appellant, vs. John E. Tillson; Polk county, Judge Brennan; action on promissory note; reversed; opinion by Weaver.

E. A. Cantonwine, appellant, vs. Bosch Bros., et al.; Marshall county, Judge Broadway; action to set aside the agreement; affirmed; opinion by Weaver.

**Passed It Up to Legislature.**  
The supreme court today passed up to the legislature the matter of deciding what is the meaning of the law in regard to consolidation of school districts. A case came up from Clay county wherein three districts got into a tangle because of inability to apply the consolidation law. The court found itself divided and unable to say which of the law meant, and so after pointing out the difficulties in the way of applying the law the court respectfully refers the matter to the legislature to have it straightened out.

**Methodist Committee.**  
The entertainment committee of the Methodist church was in session today in response to invitation to hold the 1911 conference in this city.

**Cummins Takes Exceptions.**  
When Senator Cummins read the platform adopted in New York today he stated that he did not care to comment, because it was not an affair of local interest. "I do not believe," he said, "in any platform of unqualified endorsement of the administration of President Taft or of the Payne tariff law." Leading republicans are disposed to not comment upon the action in New York.

**Took Choler on Tickets.**  
Herbert A. Huff of Eldora was nominated by both the republicans and the democrats of Hardin county for representative. Under the law his name could not go on both tickets and he chose to stand as the republican candidate. The democratic county committee today certified to the auditor of state the name of William Wiener of Radcliffe as the democratic candidate for member of the house. This is the first time it has been necessary under the primary law for a candidate to get off one or the other of the tickets.

**Farmers Picnic at Glenwood.**  
GLENWOOD, Ia., Sept. 29.—(Special.)—The first annual picnic of the Iowa Experiment station was held at the county farm today. About 1,000 of this county's intelligent people were in attendance. The address of welcome was delivered by Charles S. Black of Malvern and the response was by Robert H. Pierson. After

an examination of the county experiment station a picnic dinner was served. In the afternoon M. E. Mosier made a report of the work of the experimental station and Rev. J. Williams of Malvern and S. Gilliland made addresses.

Senator Cleveland, democratic candidate for congress, was introduced and made a short talk. The Iowa state band furnished the musical numbers. Pacific Junction defeated Glenwood and Balfour defeated West Oak in the ball games. Score, first game, 11 to 10; second, 6 to 3.

**FARMERS' INSTITUTES IN SOUTH DAKOTA**

Director Chamberlain Recommends Increase of Appropriation to Twenty Thousand Yearly.

PIERRE, S. D., Sept. 29.—(Special.)—In the annual report of A. E. Chamberlain of the Farmers' Institute work in the state, he recommends that the appropriation for the work be increased to \$20,000 a year. This to include the money for institute work direct; for school extension work; for publication of bulletins; and the other details of institute work. He shows in the report that for the year ending June 30, 1909, there were eighty-nine regular institute meetings continuing from one to three days, with a total of 23 sessions. Reports were made at institute meetings continuing from one to three days with 353 sessions, and an attendance of 6,500. He asks that the appropriations for the women's work in the domestic science department be either increased to a point where it will be of practical value, or that the part of the work be dropped. The report calls attention to the assistance of county superintendents in introducing elementary agricultural courses in the schools, and asks that the money be provided to assist in this part of the work.

**SOUTH DAKOTA ANTI-SALOON LEAGUE MEETS**

Dr. W. M. Grafton Re-elected Superintendent and County Option Fight Continued.

MITCHELL, S. D., Sept. 29.—(Special.)—The annual meeting of the South Dakota Anti-Saloon league was held in this city yesterday.

Dr. W. M. Grafton, who has filled the position of superintendent of the association for the last four years, was re-elected to the place again this year. The superintendent in making his annual report stated that the year closing had been the best financially for the league of any year the league has been organized. The report showed that over \$15,000 had been collected over the state. Reports were presented by the men from the various parts of the state, and they expressed a confidence that county option is going to win this fall. Prominent speakers have been arranged for to come to the state during the last few weeks of the campaign.

**GOOD ROADS FOR SO. DAKOTA**

Convention of State Association Will Be Held in Aberdeen Late in October.

ABERDEEN, S. D., Sept. 29.—(Special.)—October 20-27 have been selected as the dates for the South Dakota Good Roads convention, which will be held in Aberdeen. The committee was disappointed in its efforts to secure James J. Hill for an address, but George W. Cooley, state highway engineer of Minnesota, has been secured to speak on the practical features of good roads making. State Engineer Samuel L. Lea of South Dakota will also take a prominent part in the proceedings, and other speakers will be Governor Vessey, former Governor Horrad, A. E. Chamberlain, state superintendent of Farmers' institutes, and others. All local associations throughout the state are expected to send delegates, and the meeting is expected to be largely attended.

**Eight Hurt in Wreck at Aberdeen.**  
ABERDEEN, S. D., Sept. 29.—(Special.)—Milwaukee passenger train No. 1, west-bound, ran into a work train at Bath, S. D., severely injuring Arthur Mohner, conductor of the work train, and slightly injuring Frank Coleman, Ed. Wakefield, Earl W. Clark, F. Hersey and Henry Anderson, trainmen and W. H. Atwater, G. E. Maynard and E. C. Johnson, mail clerks on No. 1. The passenger train was fifteen minutes late, and the work train was caught on the main track when it should have been on a siding. The passengers on No. 1 escaped without injury.

**Elks and Eagles Pay Fines.**  
MARSHALLTOWN, Ia., Sept. 29.—(Special.)—Marshall judge No. 25 of Elks was fined \$100 and costs by Judge J. M. Parker in the district court Wednesday, when the attorney representing the lodge pleaded guilty to an indictment charging distribut-

**Overcoats to Order, \$25**

The every morning job of exploring the internal regions of the balky furnace are now "in season." Frosty mornings and frostier nights remind one of the need of a fall overcoat.

And a true study of one's own personal interests brings one to the conclusion that that overcoat should be made to order—made for YOU alone.

And, since one is in Omaha, to have an overcoat surely means to have one made here—always.

**FOREIGN DELEGATES TALK**

(Continued from First Page.)

state rivers and water supply commission of Victoria, Australia, in such a way that "Australia began earlier and has done more towards solving the problems of the proper management of public utilities and the adequate conservation of natural resources than America, but the awakened sentiment in this country in favor of such conservation is coming to grow."

**Russian Engineer Speaks.**  
In an address delivered here before the National Irrigation congress today, E. E. Skorniakoff, engineer, ministry of agriculture, Russia, referred to America as the most active pioneer in the revival of the art of irrigation, adding that his example had a very important bearing upon the world's water problem. The speaker called attention to the fact that 14,000,000 acres of land in Russia are being irrigated. He said in part:

"This is the second time I have the honor to attend an American irrigation congress. When we met last year at Spokane, I had been in this country only a short time, so I desisted in then the better part of wisdom to hold my peace and listen. Today, however, after seeing everything that can possibly be seen in the twenty months that I have been in America, I take the liberty to speak, hoping that you will pardon my audacity in addressing you in English.

"The instructor of irrigation is older than all arts and sciences. It is possible to imagine a high state of civilization as that of ancient Egypt, Assyria and India, to which we are so greatly indebted. In the most ancient times man had not learned how to divert water from rivers, to turn the desert into fields and gardens.

"Now the countries with the highest civilization are temperate and humid. But the cradle of the human race, the places where man first began to seek after God and truth, are today far behind and neglected. Whole empires which once, by means of irrigation, gave to the world its arts and sciences have fallen into oblivion.

**Example of American Good.**  
"America is not only the most active pioneer in our country, and its above mentioned works have been and are being done not for profit, but largely to serve as models for private undertakings."

The best plaster, "A piece of flannel dampened with Chamberlain's Liniment and bound on over the affected parts is superior to a plaster and costs only one-tenth as much. For sale by all druggists.

**MORE PINKHAM CURES**

Added to the Long List due to This Famous Remedy.

Oronogo, Mo.—"I was simply a nervous wreck. I could not walk across the floor with out my feet hurting and I could not even receive a letter. Every month I had such a bearing down sensation, as if the lower parts would fall out. Lydia E. Pinkham's Vegetable Compound has cured me. I have been able to say that the law means a great deal of good and has also relieved the bearing down. I recommended it to some friends and two of them have been greatly benefited by it.—Mrs. Max McKinty."

**Another Grateful Woman.**  
St. Louis, Mo.—"I was bothered terribly with a female weakness and had backache, bearing down pains and pains in lower parts. I began taking Lydia E. Pinkham's Vegetable Compound regularly and used the Sanative Wash and now I have no more troubles that way."—Mrs. A. H. Herzog, 5723 Prescott Ave., St. Louis, Mo.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, irritation, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

**AD'S PEROXIDE CREAM**

is the best cream made for the skin. If you have a red, rough, blotched, sore, unsightly skin, try the great product of the American Druggists Syndicate.

You can use it for massaging wrinkles and for a shallow complexion, as it whitens and beautifies, is safe, harmless and does not grow hair.

No woman who values her appearance and who wants a smooth, clear skin should let a day go by without trying it for the face, neck, arms and hands.

Get it for 25c at any A. D. S. drug store.
