BOMB NEAR PALMER HOME

Fake Attempt to Blow Residence of Chicago Club Woman.

F. C. WAHLENMEYER ARRESTED

Police Believe He Expected to Get Reward for Exposing Alleged Plot--Career of Suspect in Des Moines.

CHICAGO, Sept. 30--After placing a bomb beside the residence of Mrs. Potter Palmer and cutting his coat into shreds with a butcher knife, piercing his skin, Fred C. Wahlenmeyer, 26 years old, attempted last night to gain entrance to the mansion. He was arrested.

Wahlenmeyer demanded an audience with Mrs. Palmer, but the watchman, the first person encountered, summoned the police. Wahlenmeyer told a story of having seen another man placing the bomb at the side of the house and of struggling with him. Later the prisoner confessed to having put the explosive there himself and having cut his clothes to bear out his first narrative.

Mrs. Palmer was at home at the time, and the whole household was thrown into excitement by the proximity of death or injury from the bomb.

Wahlenmeyer was questioned by the police, but refused to explain his motive, hiding behind the expression: "Why did I do it? Oh, just for instance."

Theory of the Police. The police announced they would question Mrs. Palmer in regards to reports that she had received threatening letters, in the effort to discover the man's reason for the act. It is believed Wahlenmeyer is not insane.

The police are proceeding on the theory that he thought to gain a reward for having "saved the house and its occupants from some mysterious bomb thrower," and that his mutilation of his clothes to substantiate this claim.

Letter From Des Moines Girl. Wahlenmeyer is said to have been connected with a garage at Des Moines, Ia., recently. A letter signed "Maey," dated from 2005 University avenue, Des Moines, Ia., on September 28, and which the prisoner said came from Mary Cummins, and who, he said, was a niece of Senator Cummins, was found on the person of the alleged bomb thrower.

Wahlenmeyer's Des Moines Creed. DES MOINES, Ia., Sept. 30--Fred C. Wahlenmeyer, arrested in Chicago today in connection with the case of Mrs. Potter Palmer, was in Des Moines for several weeks, but left here about one month ago. He represented to the Iowa Automobile Supply company that he was traveling for an automobile manufacturer and upon that claim was permitted to use the company's machines until he became destructive and the company refused him further favors.

WORKERS FROM TWO STATES WILL DISCUSS PLANS FOR FURTHER MISSIONARY WORK.

Today and Saturday will be devoted to different phases of the work, and papers on methods of conducting Sunday schools, their establishment in new fields, etc. On Sunday the visiting preachers will fill the different pulpits of the city and the exercises will conclude on Monday morning with a devotional meeting and a farewell service. The union has twenty missionaries in the field, six in each of the Dakotas, who organize new Sunday schools, aid in keeping up Sunday schools in communities too small to support a regularly organized church and perform other work of similar character. The twelve missionaries are under the direction of E. R. Martin, superintendent for North and South Dakota.

CARPENTERS TO FOUND HOME

Action Taken at Des Moines Will Result in Its Start.

OFFICERS ARE TO INVESTIGATE

Resolutions Committee Favors This Move and Members of Body Are Thoroughly in Accord with Plan. (From a Staff Correspondent.) DES MOINES, Sept. 30--(Special Telegram.)--Tubercular, disabled and aged members of the United Brotherhood of Carpenters and Joiners of America, will find care in a home which will doubtless be established by the union as a result of action taken by the convention of the brotherhood. A resolution favoring the founding of such a home was reported by the resolutions committee. It found favor in the eyes of delegates and they referred it to general officers with instructions thoroughly to investigate this report back at the next biennial convention. The convention is practically concluded and delegates are already leaving for their homes.

Painters Complain of Contract.

A committee of the local union of painters is engaged in an endeavor to induce the state officials to prevent the employment of nonunion painters in the work of decorating the historical building. The matter was taken up with the governor and secretary of the state executive council, but they said they were powerless to act, as the contract was to that effect, and the state cannot discriminate.

Need of Women Reformatory.

The state board of control will again endorse the movement for a separate reformatory for women for the state, an institution entirely separate from the reformatory for men at Anamosa. There are thirty-five women at the reformatory now, but it is claimed that if there was a separate institution the courts would probably often send women there. The matter was agitated a number of years ago vigorously before the legislature, but had been dropped.

Iowa to Get the Records.

The State Railroad commission has arranged to secure, through the Interstate Commerce commission, and the railroad, most of the testimony taken before the commission in Chicago relative to the proposed increase in freight rates. This will be made use of by the Iowa commission in investigations contemplated in regard to the need of changes in the Iowa rate schedule. Commissioner Eaton has been looking after the matter in Chicago.

Republican Committee to Meet.

The republican state committee will meet here tomorrow, pursuant to a call by Chairman Carl Franke. There is said to be no special program, nor any specific business to be taken up, but the committee has not held a meeting since the state convention, and it is deemed advisable to have all members get together to compare notes and to report on conditions as found in the different districts of the state. It is expected that all members will be present and probably a number of the candidates for state office, and as a result of the general conference the republican end of the state campaign will be started.

To Aid the Iowa Guardsmen.

Adjutant General Guy Logan has received the formal notice of the detail of three regular army sergeants now stationed at Fort Leavenworth for regular work during all the next year with the Iowa National guard under General Logan's direction. These men are William F. Wiscombe of Company A, First infantry; and Kelley G. McCullough, of the Fourth infantry. Inspecting officers have not yet been designated for Iowa.

Hotel Law Held Up.

Attorneys Slipp of Des Moines and Johnson of Ida Grove appeared before the supreme court today and asked for a modification of the decree in the case decided some time ago involving the validity of the Iowa hotel law to the extent of directing a stay of proceedings pending appeal to the United States supreme court. George Conson, special counsel for the state, filed a resistance. The local hotel men of the state announce they will fight the case through the highest courts rather than comply with the law.

East of One Contest.

One contest for an office which came before the supreme court and is on the docket for hearing will probably be marked off without further hearing. This is the case of Louis Sterns vs. Charles Off, from Lee county. Off was legislated out of office, or rather deprived of office by adoption of the commission plan in Keosauke, he having been mayor, and he made a contest to hold on. The case was just ready to be submitted when news came of the sudden death of Mr. Off, which probably will end the case.
