

# SOUTH OMAHA

## Great Live Stock Market of the West

The showing of the South Omaha Market so far this year in comparison with last year and with competing markets, is most favorable, a big increase in every department. Cattle and Sheep Receipts for 1910 promise to break all previous records at South Omaha, yet some of the market's strongest competitors are showing heavy decreases.

### South Omaha a World Beater as a Feeder Market

Now is the time of year to be looking around for Feeder Cattle and Sheep if you are going to get any. Drop in and see what South Omaha has to offer. You won't have to look any further. If you can't go in person send a line to your commission firm.

South Omaha not only retains its prestige as a distributing point for Feeder Cattle and Sheep, but this department is growing and becoming more important each succeeding year. South Omaha in 1909 received and sold 250,000 more western cattle than the biggest market in the United States. It ranks second as a sheep market, but as a matter of fact sold more feeder sheep last year than any other market. It not only gets the quantity, which affords the prospective buyer great opportunity for selection, but South Omaha gets the best Feeding Cattle and Sheep on earth.
