Of the senators, six are republicans and five democrats, at least two of the republicans being reasonably certain of being succeeded by a republican. The losses among the house membership to date show forty-nine republicans and eighteen demo rats defeated or retired.

Among the democrats are five who voted with the Fitzgerald coterie to support Speaker Cannon in his rules fight, while among the republican insurgents only one Charles N. Prince George a Bankrupt and Has Not Even Money to Buy Postage Stamps.

VIENNA, Oct. 1-(Special Cablegram.)-A section of the Servian press hitherto friendly to King Peter has suddenly begun to make violent attacks upon his rule blaming it for the desperate financial and industrial situation and for the innumerable murders and other crimes, and the country. The vehemence of the outburst is exciting unusual attention because it is inspired by the adherents of Prince George, who are unwearying in the efforts to obtain his accession to the throne.

Prince George, it is reported, is absolutely bankrupt. He has been obliged to part with his favorite horse; his pockets are empty, and he has not even money with which to buy postage stamps. His apartments are insanitary and quite unsuited to the prince's health, which is delicate.

When used as a massage it has a tendency to eradicate wrinkles and to nourish the tissues. It is a mild bleach—perfectly harmless and will not grow hair.

This is one of the leading preparations made by the American Druggists Syndicate, which is composed of 12,000 responsible druggists, and is but one of the famous A. D. S. Peroxide Family. The others equally as good,

equally as beneficial and just as popular-are A. D. S. Peroxide Tooth Powder, which whitens, cleanses and preserves the teeth; A. D. S. Peroxide Tooth Paste for the same purpose, put up in a different form; A. D. S. Peroxide Soap, a very superior soap because it heals as well as cleanses; A. D. S. Peroxide Foot Powder, for tired, aching, burning feet, and last, but by no means of least importance, is A. D. S. Peroxide of Hydrogen, the great disinfectant and germicide now being used in so many homes.

All of these A. D. S. preparations can be obtained at any A. D. S.
