L. R. WALLACE ON WAYSOUTH

Iowa Man Going to Martinique to Be United States Consul. HAS SERVED WELL IN JERUSALEM. Years of Preparation Have Prepared Him to Take Post in Region Soon to Become Important Through Canal.

Thomas R. Wallace of Atlantic, who has just completed a three years' term of service as consul to Jerusalem, spent the day in Council Bluffs yesterday as the guest of Congressman Walter I. Smith.

Mr. Wallace returned to his home in Atlantic a few days ago after an absence from Iowa of nine years, due entirely to the splendid success in the consular service of the United States. His first appointment was to Crested, Germany, where he filled an obscure but difficult post so successfully that it won him promotion under the merit system that now prevails in the State department, to the very desirable post of American representative to the Holy City, Jerusalem.

Ole Thompson

Loses His Foot. Man Caught by Cars Drags Himself to Safety from Tracks at Peril of His Life.

Ole Thompson, a Norwegian, 47 years of age, was felled by Milwaukee switchmen at 2 o'clock yesterday morning dragging himself across the railroad tracks at Fifth and Avenue and South Seventh streets with his right leg cut off below the ankle, struggling to get out of the way of passing trains. The man was nearly dead from the loss of blood that was gushing from the femoral artery and his life was only saved by some of the thoughtful bystanders who knotted handkerchiefs around his leg above the knee.

A hurry call was sent to the police station for the city ambulance and the man was taken to the Jenette Edmondson Memorial hospital and Dr. M. A. Finley summoned to meet him there. The foot was found to have been completely severed above the ankle and it was necessary to amputate just below the knee.

No person knows how the accident occurred and Thompson's condition was such that he was unable to tell. It was only after he was taken to the hospital and his leg was amputated that he was able to say that he was divorced and had no family. When taken to the hospital the man was still heavily under the influence of whisky and the supposition was that he had fallen in front of one of the many moving cars on the tracks. There was a trail of blood extending almost across the yard in the direction of Seventh street indicating the distance the man had dragged himself after receiving his injuries. When the trainmen found him he was trying to hobble along on the mutilated stump. His coat was torn, serious but Dr. Finley says he will recover.

YOUNG WOMEN DEFER PLANS FOR ASSOCIATION HERE. Careful Canvas of Situation Wins Them It Is Not Best to Make Campaign Now.

After many weeks of consultation and consideration the women of the city who have been actively engaged in the matter of organizing a Young Women's Christian association in Council Bluffs have reached the conclusion that the present time is not an opportune one to complete that movement and make a campaign to raise the funds required to provide and furnish rooms, pay a secretary and other current expenses which must of necessity come in connection with the organization and maintenance of such a work.

They have lost none of their convictions that a Young Women's Christian association is greatly needed in this city and must be organized and maintained in the future; that it will meet needs that become more and more apparent as the questions are more closely and carefully studied; that no church or its members can afford to oppose or even ignore this movement, which if properly carried on, will not only be no detriment or burden to the churches, but will actually give a great impetus to church work among the young people and reach many whom the churches are not now reaching at all.

The women find, upon investigation, that certain organizations exist in connection with the Young Men's Christian association which require the united and persistent efforts of all the friends of that institution, and these women would under no circumstances do anything that would injure or embarrass the Young Men's Christian association, or take away from it any of its support.
