Decrease in the Number of Instruments Filed with the Register of Deeds. Decrease in the number of instruments filed in the office of the register of deeds for the third quarter of 1910 is shown by the quarterly report of Register of Deeds Bandle, filed in the office of the county clerk Tuesday. The receipts from filing fees show a corresponding decrease. For the three-quarters of the year the figures are as follows:

Table with 2 columns: Quarter, Instruments. Receipts. First quarter: 4,228 \$6,325.70. Second quarter: 4,719 \$7,738.72. Third quarter: 4,599 \$6,860.36.

WHEAT AND CORN FALL OFF

Farmers Are Holding Back Shipments for Higher Prices or Firmer Indications. Wheat and corn receipts at the Omaha Grain exchange are being delayed somewhat this week because farmers are holding back shipments and waiting for the market to steady or prices to rise. Corn has fallen in sixty days from a price of 65 cents a bushel to 46 or 47 cents and the farmer is naturally reluctant to let go at the lower price. According to grain men he will begin to sell his crop when he finds that the price has grown stable, whether higher or lower than the present quotations.

Try This Home-Made Cough Remedy

Costs Little, But Does the Work Quickly, or Money Refunded. Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 5 minutes. Put 25 ounces of Pinex (fifty cents worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours. You will find this simple remedy takes hold of a cough more quickly than anything else you have ever used. Usually ends a deep-seated cough inside of 24 hours. Splendid, too, for whooping cough, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough. This recipe makes more and better cough syrup than you could buy ready-made for \$2.50. It keeps perfectly and tastes pleasant. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in galic acid and all the natural pine elements which are so healing to the membranes. Other preparations will not work in the formula. This plan of making cough syrup with Pinex and Sugar Syrup (or strained honey) has proven so popular throughout the United States and Canada, that it is often imitated. But the old, successful formula has never been equalled. A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not sent to The Pinex Co., Ft. Wayne, Ind.—Adv.

DEATHS SADDEN FORT OMAHA

Lieutenant Louis H. Kilbourne Succumbs to Typhoid.

HAD BEEN ILL FOR TWO WEEKS. Fort Flagg Drops to Half-Mast and Gloom Comes, but Military Program Will Be Carried Out as Originally Planned.

A hint of gloom was thrown over the military encampment at Fort Omaha yesterday morning at 10 o'clock, when the post flag was seen to drop to half-mast. The dropping of the flag signified to all the officers and many of the men that Lieutenant Louis H. Kilbourne was dead. He had been sick for two weeks of typhoid fever and his death occurred in the post hospital. Mrs. Kilbourne and their one child were taken at the post since the lieutenant was taken to the hospital.

Respecting the wish of Mrs. Kilbourne that her husband's death be not allowed to interfere with the carrying out of the tournament program, an official Smith has decided that it will be carried out as announced. From the commanding general down, all the officers who knew Lieutenant Kilbourne speak in the very highest terms of his record and his qualities as a soldier. The deceased officer was born in Pennsylvania in 1874 and first entered the army during the Spanish-American war, as a non-commissioned officer. He made such a good record that at the close of the campaign he was judged worthy a commission and was made a lieutenant in the Ninth cavalry. He had been stationed in the Ninth cavalry for a few years as assistant to the quartermaster and had also acted in other responsible capacities. Lieutenant Kilbourne will be buried under Masonic auspices at a time to be announced later, on the arrival of his mother from Pennsylvania.

Governor Fixes Speaking Dates

Will Take the Stump to Help the Election of Dahlman for Governor.

Governor Shallenberger takes the stump Wednesday afternoon for Mayor Dahlman and the democratic ticket. After a conference with Chairman Byrnes his speaking dates, with more to be made, were announced as follows: Minden, October 5, afternoon; Lincoln, October 6, German day, afternoon; Gresham, October 12, evening; Genoa, October 17, evening. The governor will attend the coronation ball here Friday night.

AUDITORIUM COMPANY RE-ELECTS ITS OLD BOARD

Will Open Bids Today for Building Stone Steps on the North Side of Building.

Stockholders of the Auditorium company yesterday re-elected the former board of directors. Fifty thousand shares of stock were voted at the balloting and the election was unanimous. Bids will be opened today for the erection of stone steps on the north side of the building which will replace the unattractive old wooden ones. Considerable work is being done upon the stage of the Auditorium, its construction being changed so that taking it out will not in the future be an expensive because of ruined lumber. The directors re-elected yesterday are these: Arthur Brandels, C. C. Belden, Thomas C. Byrne, Charles D. Beaton, E. A. Cully, F. H. Davis, Gould Dietz, J. M. Gillian, Joseph Hayden, F. T. Hamilton, W. S. Jardine, George W. Joslyn, W. Farnam Smith, J. R. Lehmer, R. A. Leussler, Alfred Millard, T. J. Mahoney, Fred Metz, E. J. Murray, J. E. Moore, Fred F. Paffenrath, H. J. Penfold, Charles H. Pickens, E. F. Pock, James L. Paxton, Arthur C. Smith, G. W. Warrick, H. S. Weller, C. M. Wilhelm, Rome Miller.

MANY TURN OUT TO REGISTER

Registration started out Tuesday morning with enough signs of activity to support expectations of a big enrollment. In the Second precinct of the Eleventh ward there were sixty-five voters who appeared during the morning, and in the Second of the Ninth ward twenty came in the first half hour that the polls were opened. As registration is usually heaviest in the later hours of the afternoon and evening just before the booths close at 9 o'clock these figures indicate a strong interest.

The repeated warnings issued by the city clerk had their effect in getting the officials out early and the booths were almost all taken from his office Monday afternoon. Two clerks only failed to appear and they both had good excuses. The booth closed at 9 o'clock last night. The next and last opportunity to register will be October 20. For pains in the side or chest dampen a piece of flannel with Chamberlain's Liniment and bind it on over the seat of pain. There is nothing better. For sale by all druggists.

THREE RECEIVE SENTENCES

Two Are Sent to the Penitentiary and One Gets a Jail Term of Three Months.

Charged with breaking and entering, Lou Seales and Arthur May pleaded guilty in district court Monday afternoon. Judge Estelle sentenced them to eighteen months in the state penitentiary. John Lewis, who pleaded guilty to breaking and entering a Union Pacific railroad car, was sentenced to three months in the county jail, the service to date from time of his arrest for the offense, September 2. The short sentence was given on recommendation of County Attorney English. Judge Estelle told Lewis that if he ever appears before the court on the same charge and is found guilty he will be sent to the penitentiary. "I'll never be here again," said Lewis. "I am going to be straight from now on."

Capt. Bogardus Again Hits Bull's-Eye. This world famous rifle shot who holds the championship record of 149 pigeons in 30 consecutive shots is living at Lincoln, Ill. Recently interviewed, he says: "I suffered a long time with kidney and bladder trouble and used several well known kidney medicines, all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." Sold by all druggists.

Osteopaths in Session Elect New Officers

Dr. A. T. Hunt of Omaha is Chosen as President of the State Association.

Late trains prevented some of the delegates and officers arriving here Tuesday morning to attend the convention of the Nebraska Osteopathic association, with the result that J. T. Young of Superior presided in place of the president, whose annual address could not be heard. The morning session was devoted to a business meeting and officers were elected after J. M. Guild had delivered an address of welcome on behalf of the Commercial club, a response for the association being made by Secretary C. B. Atzen. These officers were unanimously chosen: President, A. T. Hunt, Omaha; Vice president, W. L. Burnard, York; Secretary, C. B. Atzen, Omaha; Treasurer, Lucile L. Cramb, Fairbury. Candidates for state board, Dr. Hunt, Burnard and J. Young. Dr. Jennie Laird of Omaha came near being elected vice president. Her name was placed in nomination by Dr. Atzen and the secretary was about to be instructed to cast the ballot of the association for her when it was recollected that the new president is also from this city. Not desiring to appear to grab all the offices for Omaha, the nominator withdrew it over the protest of Dr. Burnard of York. Miss Laird herself being quite complaisant in the matter. "Omaha are all right," cried Dr. Burnard. "Go ahead and elect her." Whereupon some one nominated Dr. Burnard himself. The convention will last but a day and in the afternoon the following physicians were scheduled to read papers: R. S. Peterson, Omaha; M. E. Donahue, Omaha; J. T. Young, Superior; M. J. Hoagland, Central City; E. M. Cramb, Lincoln; I. F. Richardson, Fremont, and C. A. Blanchard, Lincoln. Some of the subjects are "Spinal Meningitis," "Explosive Colic," "Diet in Treatment of Nervous Diseases," "Relation of Spinal Lesions to the Eye," and "Eye, Ear, Nose and Throat." The convention, which is on at the Rome, is being attended by about fifty osteopaths.

Democrats Open Headquarters in This City

Chairman/Byrnes of the State Committee and Governor in Conference.

Chairman Byrnes of the democratic committee has opened democratic state headquarters at the Faxon hotel, and, with Chris Gruenther vice president, he is conducting the campaign temporarily from Omaha. Among the democratic candidates in the city are W. B. Eastman, nominee for land commissioner; Ben Hayden, nominee for railway commissioner, and W. H. Whitney, nominee for attorney general. "We have opened headquarters here for two reasons," said Chairman Byrnes. "First, because the democratic state committee believes in boosting anything that boosts Nebraska, and Ak-Sar-Ben certainly does that. All of our candidates will be here, and not only enjoy themselves, but add also to the success of the festivities. Omaha is our greatest city and we are proud of it and Ak-Sar-Ben. Then, besides, we can get to see more voters here in less time than in sending the candidates out."

Doctors Watching Itching Skins Heal

(From Chicago Inter-Ocean.) Eczema on the scalp and body, and dandruff will soon cease to afflict mankind, according to Dr. Aloysius M. Churohill, who is in Chicago attending the convention. "Any person can apply my treatment anywhere just as well as I do in the Franco-American Institute for Skin and Scalp Diseases," said he Tuesday. "Get from your druggist 2 ounces of quinine, dissolve it in 1/2 pint of hot water, let cool. Rub well upon the affected part. That is all there is to it. Two or three applications usually accomplish the desired result. "Of 98 cases treated 95 were completely cured and the treatment was beneficial for the other 3. "The formation of dandruff causes an itching scalp. Scratching with the fingers spreads infection, therefore, quinine-tion can be used with good results by anybody whose scalp is itching or forming dandruff. It is the best thing I know to promote the growth of hair."—(Adv.)

FARMER DISAPPEARS IN CITY

Henry W. Nichols of Wood River Missing for a Week. HAD LARGE SUM OF MONEY

Futile Search Lasting Week Causes Mystery Concerning Whereabouts of Wealthy Farmer—Foul Play is Feared.

What has become of Harry W. Nichols, farmer and stockman of Wood River, Neb.? After a futile search lasting since he was missed, September 28, J. W. Nichols, father of the man, a watchman employed at the postoffice, has called on the Bee for help in locating his son, while the wife of the younger Nichols is prostrated as a result of worrying over his possible fate. Nichols left his home a week ago Friday after telling his wife that he was going to Omaha to have some dental work done. He said he would call her up by long distance telephone Saturday night, but at that time he failed to do so. She has, however, received two postal cards from him since he left her, but after it was learned by her that he was not in Omaha she discovered that the missives had been mailed from the train. Friends of the missing man are conjecturing as to whether he has become mentally unbalanced from the use of medicine which he is known to have frequently used as a cure for headache and left the state or whether he has met with foul play. It is known that he carried \$400 in his pockets at the time of his departure from home. Conductor W. H. Jones of the Union Pacific, upon being given a description of Nichols said a man who might have been he, left his train at North Platte, Neb. Robert Barr, a nephew, who lives on Nichols' farm, went to North Platte to search for his uncle when given this information, but his efforts were unsuccessful. Mr. Nichols was last seen by his father and mother upon the event of their golden wedding anniversary, September 10, when a family reunion was held at their North Twenty-ninth avenue home. He told them at that time he would be back in Omaha during the Ak-Sar-Ben festivities, and that he had some very important business to attend to while here. The following description was given of him by his mother: He is 35 years old, but looks older because of long ill health; he is a small man, little more than five feet in height and when last seen wore a black suit and light hat. He neither sees nor hears well, and his eyes appear to have been affected by disease. For More Than Three Decades Foley's Honey and Tar has been a household favorite for coughs, colds, and ailments of the throat, chest and lungs. Contains no opiates. Sold by all druggists.

Stop Women And Consider

This Fact—that in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

MRS. PINKHAM'S STANDING INVITATION:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Advertisement for Omaha Real Estate. Text: 'Why Omaha Real Estate is a Good Investment There has been a steady and uniform advance in the value of real estate in Omaha since the panic years of 1893 and '94. Since that time I question that any money has been lost in Omaha realty. From all indications, Omaha real estate is one of the best, if not the best, investment; it is much better investment than stocks and bonds. A comparison of real estate values in Omaha and sister cities will show that there is room for a great increase in values in Omaha before our values equal those of other cities. The increase in the value of real estate in the heart of the city will be rapid, while all real estate that is improved will bring in a good, safe interest after paying taxes and all expenses. G. S.
