They demonstrate Woodward's Candies.

CONSOLIDATION WAR IS ON
Antis Prepare a Petition for Writ Against County Board.

AYER LAW IS UNCONSTITUTIONAL
Consolidationists Have Both Omaha and South Omaha Petitions Ready to File with Commissioners Saturday.

South Omaha anti-consolidationists will file in district court this afternoon a petition for a restraining order against the Board of County Commissioners, seeking to prevent the commissioners ordering a vote on the question at the coming election. The petition has been drawn by Henry Murphy, city attorney of South Omaha, in accordance with a resolution of the city council and was all ready for signatures at noon. The petition alleges that the Lee law of 1907 providing for the consolidation of cities is unconstitutional, and on this point the fight in court will be made. Attorneys friendly to annexation assert that the law will stand and they express little concern over the anti-consolidationists' latest maneuver. This action has been expected as the time for filing of the consolidation petitions has drawn near. Saturday is the last day for filing and the petitions are now all in shape.

BLOOD TROUBLES CONSTITUTIONAL INFECTION

Constitutional Blood Poison is the most insidious of all diseases. It begins in an insignificant manner, usually the appearance of a tiny sore being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time its chain of symptoms begin to crop out. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, the glands in the groin swell, and sometimes the hair comes out. Mineral medicines cannot cure Constitutional Blood Poison; they only shut the disease up in the system to smolder and await an opportunity of breaking out afresh. The only possible way to cure the disease is to REMOVE the germs from the blood. S. S. S. goes into the blood, and while removing the infection makes the blood pure, fresh and healthy. This causes a general rebuilding of the entire system, and when S. S. S. has made a cure there is no return of the hideous symptoms. S. S. S. is made entirely of vegetable matter, containing not the least particle of mineral in any form. It is a perfectly safe medicine and a certain cure for blood poison. We have a Home treatment book which we will be glad to send free to all who write and request it, also any medical advice without charge. **KEE SWIFT SPECIFIC CO., Atlanta, Ga.**

SSS

South Omaha's was completed nearly a week ago and the requisite number of Omaha signatures are also on hand. Luther Kountze, chairman of the special committee of the Commercial club, expects to take these to the county board Saturday. Prompt legal action is expected in order that the question may be out of the way well in advance of the election. If, as is expected by the consolidationists, the restraining order is denied, a hot campaign will then be waged. The anti-consolidationists are active and are going through South Omaha arguing that a raise in taxes is inevitable if the two cities are joined.

Seven Freight Cars Wrecked

Brake Beam Falls from Car, Train is Wrecked and One Man is Injured.

Seven cars were overturned and almost demolished when a brake beam broke loose and wrecked a freight train of the Missouri Pacific about noon Friday. Frederick Joneschert, an employe in the hog killing room of a South Omaha Packing company, received a serious sprain of the right leg in the accident. Joneschert says he was beating his way on the train from South Omaha to Fort Omaha, to see the military maneuvers. He was attended by Police Surgeon Behrhop. The wreck was caused by a brake beam falling from a car into the crotch of a switch, throwing the car off the track and bucking up the train.

MANUFACTURERS ARE SLOW WITH STATISTICS

Delay is Keeping Back New Trade Directory of the Commercial Club. Manufacturers of Omaha are warned to get their data into the Commercial club at once in order to secure representation in the new trade directory. Commissioner J. M. Guild, speaking before the manufacturers' committee of the Commercial club, expressed some surprise that a number of manufacturers have been dilatory in the matter. The club sent out a simple blank, easy to fill, showing the places for the names of the firm or company and the articles manufactured in Omaha, so that it can all be advertised not only in Omaha but in trade territory. Quite a number are yet to be heard from, and it seems passing strange to the speaker that there should be delay in grasping a chance to secure free advertising. Those who do not reply will be left out of the trade directory, for the matter is being prepared for the printers and no further requests will be sent out.

NEGRO SUSPECT IS CAUGHT

Man Alleged to Have Entered Store Previous to Robbery Arrested in South Omaha. A negro who gave the name of Charles McKeron was arrested in Omaha Friday morning as a suspect in the burglary of the L. J. Cohen store, 127 North Twenty-sixth street. Witnesses identified the man as the one they saw enter the store just before the burglary occurred. Caught in the Act and arrested by Dr. King's New Life Pills, bilious headache, quiet and liver and bowels act right. No. For sale by Boston Drug Co.

Conservative Buys a Small Strip

Secures Ten Feet from the W. H. Thomas Syndicate for Air and Light.

The Conservative Building and Loan association has practically closed a deal with the W. H. Thomas syndicate for the purchase of a strip of ten feet of the Coald lot at Seventeenth and Harney streets, opposite the Boyd theater. The purchase enables the Conservative company to have perpetual light on its west windows. The consideration is not announced, but it is known to be at a rate considerably higher per foot than Mr. Thomas paid for the corner when he bought it last December. Mr. Thomas gave \$18,000 for the property, which is 125 feet on Harney street. Concerning the projected building of the Thomas syndicate no information is vouchsafed. An architect is known to have been occupied with plans, but that is all.

HARRIMAN LINE WANTS EXHIBITS FOR LAND SHOWS

Union Pacific Will Provide Boats and Transportation if Products Are Secured. Either the Omaha Commercial club or some other public spirited body will have to get busy right away if Nebraska is to have a creditable representation at the Pittsburg and Chicago land shows. The Union Pacific railroad has rented booths and is prepared to fit them up at both shows, as well as providing transportation free for all exhibits, going east and coming back. Those who are interesting themselves in the matter had concluded to take the present Douglas county display at the carnival and transport it to Pittsburg and Chicago intact. But an obstacle arose in the fact that the displays from the various precincts of the county are made by individuals who have spent their own time and money on gathering and preparing them. Hence the owners are not ready to let go of their prize possessions. The railroad men who have been giving the proposed displays their attention feel that the Union Pacific has done everything it can reasonably be expected to do, and unless somebody or some organization steps in to buy the displays as they stand in the different precinct booths they will be broken up at the close of the show Saturday.

Good judges assert the Douglas county display is worthy to be shown anywhere against the products of any section, and photographs have been taken to make sure that a pictorial representation can be shown at Pittsburg and Chicago, if nothing else. The part of the displays particularly desired to send away, and also to put on exhibition at the land show to be held here in January, comprises the grains and grasses. Colorado, Kansas, Wyoming and other states are making extensive preparations to be properly advertised at the series of land shows, and everybody acquainted with the facts is regretting the possibility that Nebraska may not be put in right. "This stuff here was raised in the 'gateway county' of our state," said one agricultural expert. "It could be so advertised, with explanations that in every section of our broad state the soil and opportunities for agricultural excellence are just as good, if we cut out the small part covered by the stock ranges. Not only would Douglas county and eastern Nebraska thus attract the attention of the sightseers and investors who will attend the shows, but the state itself would profit undoubtedly."

Student Shoots Circus Man. COLUMBUS, O., Oct. 7.—Ray Golden of Zanoville, a circus man, was shot today by Earl Lichtenwaller, a law student at the Ohio State university, and is dying at Grant hospital. Lichtenwaller was going home with Mrs. Golden, who had separated from her husband, and Golden met them on the street. Lichtenwaller opened fire after some words and Golden fell mortally wounded.

The men who race in autos, fellows who guide a roaring, ripping gasoline engine at a mile a minute clip around an eccentric course, must have their minds on their business, if they expect to win. They must eat and drink things which will give them nerve and strength, for the race is a tax on both.

Ghirardelli's GROUND CHOCOLATE

is the best of all beverages for those who engage in strenuous sport as well as those whose delicate constitution needs building up. It is so delicious that it would be the most popular even if it were not also the most nourishing of all beverages. The combination makes it irresistible.

Insist on having Ghirardelli's Ground Chocolate and read the label to see that you get it.
