Miller's Men Demonstrate that They Have Learned a Great Deal About the Game Since Last Saturday with Yankton.

With but two minutes yet to play Hronek, who had entered the contest but a short time before, pushed his way through the entire teom of miners from Rapid City, S. D., and won the contest Saturday for the blue and white by a score of 5 to 0. His run was one of the prettiest ever seen on a local ground, as he virtually had half of the Dakota team to contend with and carried the ball for aeventeen yards to victory. By winning the game yesterday Creighton avenged the defeat of last year, when the local team was beaten at Rapid

The game was replete with forward posses and unting from start to finish. Young, on an off-tackle gained twenty and Creighton fumbled the ball on the next play. Kyle recovered the fumble and kicked to South Dakota. Borse circled the blue and white line for ten yards, followed by a gain of three more by Linhart.

The ploys see-sawed up and down the He is Less Than Six Seconds Behind field for the remainder of the quarter, Lee and Young making heavy gains through Dakota's line.

The second quarter of the game was characterized by considerable punting on both sides. LINCOLN, Neb., Oct. B .- (Special.)-That the Cornhusker foot ball team will have the hardest season in its history is the final analysis of the new game of foot ball by Coach "King" Cole. Not only does he believe that the season

will mean the most arduous training the Cornhuskers have been compelled to undergo, but Cole does not expect the squad to round into form until late, possibly after the Minnesota game. The varied game on the offense is responsible for the change, according to Cole.

While the position of center has always been one of primary importance on a team, Cole believes that It is more so than ever this season. He has devoted the entire week to instructing Collins in the new game, but thus far the big center has failed to respond, and this is an explanation for the lack of progress by the squad Already the varsity has two shifts in the backfield for developing an offense, and Cole expects to employ several more shifts before the season is far along. Where the Runs Rings Around the High School ball is passed to the quarter before it reaches the runner the work of the center is not so difficult. But under the new rules the quarter receives the ball in less than a third of the plays used by Nebrasks and the pass must be direct to the runner. The slightest hitch, the slightest delay on the part of the center exposes the play to the opposing team and it becomes useless. It is decided that Collins

shall hold the position Cole Not Worried. Cole is not despondent over the work of
