

### MINERS' REMAINS ARE RECOVERED

Corpses of Explosion Victims  
Starkville, Colo., Brought  
After Day's Delay.

### OTHERS WERE MUCH SCATTERED

Bodies of Remainder of Force  
Expected to Be Found Soon.

### BLACK DAMP STILL INTERFERES

Numerous Stops Are Necessary for  
Clearing Air by Fan.

### SEVERAL MORE ARE DISCOVERED

Conditions Indicate the Men Died  
Instantly and Hope for Receiving  
Any Alive is Fast Be-  
ing Abandoned.

STARKEVILLE, Colo., Oct. 11.—The bodies of the first two victims of Saturday's explosion were brought out of the mine at 10:30 this morning.

Fifty-four hours after the explosion occurred in the Starkville mine of the Colorado Fuel and Iron company, entombed more than fifty men, the first of the bodies of the victims were found by searchers. Two men were located at 3:30 o'clock this morning in chamber 2 of entry 3-7, 1,300 feet from the mouth of the mine, and at 5:30 o'clock eight more were found in chambers 1 and 3.

The condition of the bodies indicates that the men were killed instantly by the terrific force of the explosion. Several were badly burned, but none was disfigured beyond identification.

President Welborn of the company, who remained at the mouth of the mine receiving reports from William Morgan, superintendent of the Piedmont mine, who was leading the rescue party of thirty-five men, stated that he did not believe any more bodies would be found very soon for the reason that the rest of the imprisoned men were company men and were scattered through the various workings, engaged in repair work and similar pursuits.

General Manager Weisell was awakened by President Welborn at 5 o'clock to consult with him in reference to bringing out the bodies. Mr. Weisell worked without sleep for thirty-six hours, directing the rescue work in and out of the mine, and his chief insisted that he rest for a night. Mr. Weisell immediately telephoned to the mine from Starkville by telephone and ordered Superintendent Morgan to have the bodies of the dead carried past the debris of the first heavy fall of coal, torn down by the explosion and await his arrival at the mine for further orders.

The work of rescue was tedious and delayed by the presence of deadly damp, which accumulated in great quantities in the chambers of entry 3-7. Stops were necessary to give the air from the portable to fan a chance to dissipate the air filled with the deadly gas.

At 11:15 p. m. word was received that rescuers had recovered the last of the eleven men known to be working in the 3-7 at the time of the explosion. The men still in the mine must be carried over 1,000 feet of badly wrecked passageway before they can be put on the elevator.

National Rescue Party on Way.  
WASHINGTON, Oct. 11.—A special car, carrying government experts and miners trained in "black damp work," left Seattle, Wash., today for Starkville, Colo., to assist in the work of taking men out of the mine of the Colorado Fuel and Iron company.

The government work will be under the direction of George S. Rice, chief mining engineer in charge of the new station at Seattle; H. M. Wolfen of the Seattle station, and J. G. Roberts, a government mining engineer, who is stationed at Denver.

MADERO, OPPONENT OF DIAZ, ISSUES MANIFESTO IN TEXAS

Claims Recent Election Was Carried at Point of the Bayonet on Order of Diaz.

SAN ANTONIO, Tex., Oct. 11.—Francisco I. Madero, the presidential candidate for the presidency of Mexico, issued a manifesto today in which he declared that he had assumed the leadership of his party here. In a manifesto issued yesterday, he caustically arraigned President Diaz as a dictator.

The recent election, the manifesto states, was enforced by the bayonet and only after many of President Diaz's opponents had been driven from the country or imprisoned.

Madero has been joined here by his wife and his private secretary. It is said the movements of the party are being closely watched by secret service agents of both the United States and Mexico.

SOME SOUTHERN CITIES SHOW GOOD, STRONG GROWTH

Louisville Has Smallest Gain in Population of Several Whose Count Is Made Public.

WASHINGTON, Oct. 11.—Population statistics enumerated in the thirty-eighth census were made public today by the census office for the following cities:

Louisville, Ky., 223,928, an increase of 13,197, or 5.4 per cent over 1910.  
Lexington, Ky., 35,099, an increase of 3,700, or 10.5 per cent over 1910.  
Charlottesville, Va., 34,244, an increase of 15,000, or 43.5 per cent over 1910.  
Shreveport, La., 28,015, an increase of 12,802, or 45.7 per cent over 1910.

GEORGE PATTEN ESTATE LARGE

Bachelor Brother of the Manager  
Enriches Letter and a Third  
Brother.

CHICAGO, Oct. 11.—The will of the late George Patten, grain dealer and brother of James A. Patten, filed for probate today, disposes of a \$2,600,000 estate. The income of the property goes to the testator's brothers, James A. and Harry J. Patten. After the death of the latter two the principal is to be divided equally between their children. The decedent was a bachelor. Before he died he gave \$50,000 to the Evanston, Ill., hospital.

### Spain Receives Exiled Monks Out of Pity

Premier Canalejas Explains Refuge Given Will Be Only for a Short Time.

MADRID, Oct. 11.—The provisional government is proceeding steadily with the judgment of its official policy. Some of the cabinet as first announced is necessary.

MADRID, Oct. 11.—Spanish monks and nuns who have fled from Lieben are arriving at Vigo, Babalon and other ports on the frontier. At Babalon on the order of a bishop, the nuns are succored at the Carmelite convent.

Owing to the pending legislation affecting the religious orders the influx of refugees is embarrassing to the Spanish government. Premier Canalejas said today that the government was moved with pity to receive the exiled, but that a permanent invasion could not be tolerated.

ROME, Oct. 11.—Advices mailed from Lisbon to Spain and thence telegraphed to Cardinal Merry Del Val, were received at the Vatican today, confirming the press dispatches that had told of the expulsion of the Jesuits and other religious orders from the Portuguese capital. Nothing direct from Monsignor Tomli, the Papal nuncio at Lisbon, had been received, owing to the prohibition placed on cipher messages by the provisional government.

Father Francis Xavier Weine, general of the order of Jesuits, today conferred with the pope and Cardinal Merry Del Val over the situation in Portugal. It was decided to at least save the property of the Jesuits and other orders.

LONDON, Oct. 11.—A news dispatch from Gibraltar says a suspicious appearing Portuguese who came direct from Lisbon has been arrested here since then special precautions have been taken to guard King Manuel.

### Special Agents Are Investigating Lumber Trust

Complaints Made by Dealers and Builders Move Department of Justice to Act.

WASHINGTON, Oct. 11.—To determine if there is any foundation for numerous complaints received at the department of justice, alleging the existence of a "lumber trust," special agents of the department are investigating the operations of many trade associations and other organizations in all parts of the country.

Agents in Minneapolis, St. Paul, Chicago, St. Louis, Kansas City and smaller cities in the east have turned in their reports. Complaints have been reaching the department from dealers and builders as well as individual consumers, alleging the price of dressed lumber is fixed by agreement and unduly raised by "powerful interests" which blacklist elimination and competition and division of territory also are made.

### Crippen Trial Opens Monday

Jury to Find True Bill Against Crippen—Miss Leneve Accessory After Fact.

LONDON, Oct. 11.—It is probable the trial of Dr. Hawley H. Crippen and Ethel Claire Leneve for the murder of the former's wife, Belle Crippen, known by the stage name of Belle Elmore, will be opened Monday.

In presenting the case to the jury today the recorder said he considered it doubtful that Miss Leneve knew at the time that a murder had been committed, but recommended that a true bill charging her with being an accessory after the fact be brought against her. A bill in keeping with this and charging Crippen as the principal undoubtedly will be returned.

Crippen will be represented at his trial by Alfred Tobin, unionist member of Parliament, and Eugene Jenkins. Of the two who will look after the interests of Miss Leneve, Frederick Edwin Smith is a leading conservative member of Parliament.

The body unearthed in the cellar of the home of Dr. Crippen and declared by the coroner's jury to be that of the doctor's wife, was buried today at Finchley by the "Mystic Hall Ladies' Guild. On the lid of the casket a plate bore the simple inscription, "Corps Crippen, died 1910, aged 34 years."

### DIETZ TRIAL IS PUT OVER

Prisoner Has No Attorney and Case Is Set for Middle of October.

HAYWARD, Wis., Oct. 11.—John Dietz, Leslie Dietz and Mrs. Hettie Dietz were arraigned in municipal court before Judge Jordan today. The first charge was against John F. Dietz, Leslie and Mrs. Dietz for the killing of Oscar Harp. Dietz said they had no attorney and the case was then adjourned until October 15.

Another complaint charged John F. Dietz with shooting Bert Horal. This case was put over until October 21.

### Dispute Over Parrot Comes to a Close; Brady Gets Bird

In a frivolous celebration at the home of T. E. Brady, 9995 Poppleton avenue, the Brady parrot Tuesday afternoon was lionized and treated as it never had been before. The festivity, according to all reports, was coincident with a hearing of the case in which the parrot, the Brady's and the Greeners broke into considerable notoriety because Mrs. Greener lodged the reptile suit against the bird, alleging it was a household fixture of her family and had illegally come into its address at Mr. Brady's house.

What ultimately established the parrot as being in fact a Brady appendage, was the evidence that the Greeners had lost their parrot June 27, whereas the Brady's had the clever Polly in question dating from June 11. The bird was not asked to testify for itself, nor even to appear before Judge Long.

In the heat of the testimony the question arose as to whether the parrot's language would permit of its admittance into a court proceeding. "What did you say its name was?" Judge Long asked casually.

"His right name is Brady," said Mr. Brady.

"Oh, well, never mind introducing him," the judge rejoined. By the court's decision the Greener's are compelled to pay all the costs of the trial.

### COLONEL THINKS RIVER PLAN SURE

Expresses Confidence at St. Louis that Lakes-to-Gulf Project Will Win Out.

### COMPLETION CERTAIN TO COME

Definite Purpose of Greatest Necessity to Its Success.

### THEN WORK SECTION BY SECTION

Control of Terminals Vital to Favorable Result of Scheme.

### RAILWAYS ARE NOT NOW ASLEEP

Waterways Will Not Hurt Roads, and This Idea Should Be Eliminated at Once—Address at Coliseum.

ST. LOUIS, Mo., Oct. 11.—The completion of the entire lakes-to-the-gulf deep waterways project was prophesied by Theodore Roosevelt in a speech which he made here today at a breakfast given him by the Business Men's league of St. Louis.

Colonel Roosevelt said it was largely on account of the Business Men's league that he had first come to take an interest in the project for improving to Mississippi. He said that his grandfather's brother built the first steamboat to go down the Mississippi and that on the first trip he encountered an earthquake.

"There are people in my own city, especially those who reside in the shadow of Wall street, who would feel that there was a certain appropriateness in having an earthquake when that Roosevelt went anywhere, especially west of the Alleghenies," he continued.

Waterways Sure to Win.  
The colonel said that he felt absolutely certain that the lakes-to-the-gulf deep waterway project would be completed in time, although it was necessary to go slowly and perfect the plan for the work.

"When we come to improving the waterways," Colonel Roosevelt continued, "several things must be taken into consideration. In the first place, have a well thought out scheme for the entire waterway. Then take it up, section by section, completing each section, if possible, profiting by the experience that each improvement goes to better future methods.

"Then we must get proper control of the terminals, for if we don't the railroads will get control. If the railroads do get control we can't expect them to act in an altruistic spirit toward their rivals."

The colonel said that the waterway would not hurt the railroads and that people should get out of their heads the idea that one's profit meant some one's loss.

"Whenever it is the case," he said, "to 'like to interfere with the profit, in no way do I help the honest business man so much as by opposing the dishonest business man.'"

A Busy Day Planned.  
After an all-night ride from Hot Springs, Ark., Theodore Roosevelt reached St. Louis early today. He was met by Governor H. S. Hadley and a reception committee of the Business Men's league and was taken to breakfast.

Colonel Roosevelt is to stay here until tomorrow morning and his visit here was a busy one. He was taken for an automobile ride through Forest park and then he was the guest of honor at a luncheon given by the Traffic club.

This afternoon he visited the aviation field, spoke at Clayton, St. Louis county, and addressed the school children at Fair Grounds park. Governor Hadley gave a private dinner to Colonel Roosevelt tonight.

The principal address of Colonel Roosevelt was given at the Coliseum tonight under the auspices of the republican city and state committee.

On leaving St. Louis tomorrow morning Colonel Roosevelt will start for home. He will stop at Peoria, Ill., tomorrow to speak to the Knight of Columbus there, and on the following day will make several speeches in Indiana to help Senator Beveridge in his fight for re-election. Then he will go on to New York.

Roosevelt's Speaking Plans.  
Colonel Roosevelt will begin making speeches for Henry L. Stimson, republican candidate for governor in New York, on Friday, according to an announcement made here today. Instead of going to Pittsburgh after leaving Columbus, O., Thursday, the Roosevelt party will go to Cleveland, and thence to Dunkirk, N. Y., where the colonel will speak at 10:30 o'clock Friday morning.

Other political speeches will be made at Jamestown, Olean and Wellsville. The night speech will be delivered at Elmira. Mr. Roosevelt will arrive in New York Saturday morning. The morning automobile drive here included a trip to the Country club, where mini tennis were served.

Grain and Machinery Burned.  
NEWTON, Ia., Oct. 11.—(Special.)—The entire crop of oats, estimated at 2,000 bushels, on the Chris Herbold farm, two miles northwest of here, and the traction engine and separator belonging to Ed Meechley were destroyed by fire. Sparks from the engine set fire to one of the stacks and the flames spread to the rest and the machinery.

### Now is your opportunity to get a nice room.

Ak-Sar-Ben crush is over.  
The visitors have departed.  
Nice rooms are vacant.  
Plenty of them are advertised in the Bee this week.  
They will just suit you.  
For ladies or gentlemen or both.  
At your price.  
If your room doesn't please you look over the Bee's list.  
It will pay you.

### PECULIAR KIND OF SCHOOL

Pupils of an Illinois Institution Tell of Many Whippings.

### TEACHER WANTED "GOOD SCOUTS"

Very Serious Allegations Presented in Evidence Against J. J. Campbell in a Chicago Court by Little Boys.

CHICAGO, Ill., Oct. 11.—Stories of ill-treatment were told before Judge Finckney in the juvenile court today when nine boys appeared to testify regarding the school conducted by John J. Campbell, which was raided by humane society secretary Chapman, Ill., a few days ago.

Ray Gardner, 15 years of age, testified: "All of the boys were forced to sleep on the floor in one room. We had no quilts or blankets. Mr. Campbell slept on a couch in another room. He told us that such a life would make good scouts of us."

"I was whipped with a piece of harness about fourteen inches long. We had to take off all our clothes and be whipped in the presence of others. Mr. Campbell always laid us over a bathtub so our skin would be stretched tight. Then he lashed us till we bled."

In corroboration of this bit of evidence, the witness showed scars across his back and bruises on his legs.

Ray's brother, Bruce, 9 years old, was the next witness. He said he had been whipped five times by Campbell because, as chief cook, he had spoiled some of the food. He said the schoolmaster beat him on the bare back with a hair brush.

"How were the other boys treated?" inquired the court.

"Whipped for eating."  
"Well, there was Clarence Young. He is 12 years old. He got so hungry that he walked a mile or so and got something to eat at a farm house. Mr. Campbell locked him in an attic all night where the rain came down on him through a leaky roof. Then Mr. Campbell took him out and whipped him, saying 'this ought to teach you a lesson; people will think you are not getting enough to eat here.'"

Bruce also displayed warts and bruises across his back and legs. Paul Van Kohl, an 18-year-old boy, told of being beaten to unconsciousness by Campbell.

Witness said Minnie Cummins, a 13-year-old girl and the only pupil of her sex at the school, was taken into Mr. Campbell's room many times.

"Was she whipped?" asked the judge.

"I don't know, but she was always crying when she came out," replied Van Kohl.

The girl will be summoned as a witness. Campbell was in court with his attorney.

### MINERS VOLLEY WITH STONES

Prussian Police Are Compelled to Fire on Hidden Enemies and Some Are Hurt.

REMSCHIED, Rhineland Prussia, Oct. 11.—Miners who made a demonstration today against the new blacklist issued by the employment agencies attacked the police with stones when the officers attempted to disperse them. The police charged the crowd repeatedly, using their sabers freely. Volleys of stones from the windows of houses fell on the officers, who fired into the windows.

Many persons were wounded, but the number of casualties is not known.

### Summer Wanes

Good-bye.

### Supreme Court Sets Big Cases for January 3

Date for Hearing is Changed from November 14 on Request of the Government.

WASHINGTON, Oct. 11.—When the supreme court of the United States met today the tobacco cases under the Sherman anti-trust act were rescheduled for argument on January 3. This was done at the request of the government. The cases were set for argument on November 14.

The Standard Oil case, set for rehearing on November 14, also was rescheduled for hearing on January 3.

The suggestion in these cases also were set for rehearing on January 3.

All these cases were heard at the last term, but were rescheduled because of the desire to have decisions on the questions by a full bench.

The boycott and contempt cases arising out of the injunction proceedings in the District of Columbia against the American Federation of Labor by the Buck's Store and Range company of St. Louis, were rescheduled today by the supreme court of the United States, to be heard on January 16. They have been set for argument today.

### Nebraska Man Worked in Iowa

J. R. Carman of Emerson Says He Gave Sioux City Clairvoyant \$3,800 in Cash.

SIoux CITY, Ia., Oct. 11.—(Special Telegram.)—The police are looking for J. R. Carman, clairvoyant, who has been holding forth at 710 Nebraska street for three weeks. J. R. Carman, of Emerson, Neb., a farmer, reports that he gave Sherwood \$3,800. Other losses have been reported.

Carman says the clairvoyant proposed that he put the money in a package and give it to Carman's sister for safe keeping, and that, with the money in his hand, he stepped out of the room to get the sealing wax. When the package was opened today, it contained tissue paper.

### WOMEN ABHOR ELOPEMENTS

Gretna Green of National Capital is Likely to Be Closed to Quick Weddings.

WASHINGTON, Oct. 11.—Women of Rockville, Md., a town so near Washington and so conveniently and inexpensively reached as to have become the Gretna Green of this city, abhor the notoriety it has gained and have launched a movement to discourage elopers. Yesterday the women joined in a circular to all the ministers of the town begging that they refuse to marry couples that may apply to them, unless one or both be known to the minister or vouched for by some reputable person.

### French Railroad Line is in Hands of the Military

PARIS, Oct. 11.—The network of railway lines covering northern France and embraced in the Northern Railroad system, was practically tied up today by a strike of trainmen that developed gradually last night and in the early hours of today. The men demand a minimum wage of 11 a day and other concessions.

Traffic to and from this city over northern lines is discontinued. The effect was immediately apparent on the hours where railway stocks declined at the opening and on the Bourse de Commerce, where sugar jumped one franc and flour fifty centimes.

The cabinet met in special session and voted to place the railroad on a military basis. A decree will be issued tomorrow, and it is understood the government will take advantage of the law which permits it to muster the railway employees into twenty days service as reservists, thereby subjecting them to military discipline. It is believed the decree will apply this rule to all railway employees with the view to preventing an extension of the strike. There is much dissatisfaction on the western railroad, where the service has been discontinued by something in the nature of

### BURNED BODIES BROUGHT OUT

Ninety Charred Corpses Recovered by Fire Rangers in Zone of Great Forest Fires.

### MANY OTHERS ARE LOCATED

Fierce Heat and Gases Prevent the Searchers from Working.

### FLAMES NO LONGER DANGEROUS

Armed Guards Patrol Streets of Rainy River.

### RELIEF COMING IN GENEROUSLY

Canadian and American Communities Are Rushing Forward Money and Supplies to Stricken District.

RAINY RIVER, Ont., Oct. 11.—At various points in the forest fire zone between Warrand, Minn., and Rainy River, reports to fire rangers indicate 100 bodies located. Of these ninety have been recovered, but only sixty identified.

While fires can be seen away to the east and southwest, their progress is not dangerous to human life.

Fire rangers here complain that the heat of the surface and gases arising therefrom prevent their proceeding far into the masses of charred tree limbs and burned underbrush. The air in the devastated district is still smoky, and no further attempt will be made to locate bodies until further reinforcements and relief are secured today.

Five nurses, a doctor, fifty cots and thousands of pounds of meat have reached here from Winnipeg.

Last night the streets of Rainy River were patrolled by sixty armed guards under Fire Warden Hurst, and National Guardsmen from Bemidji, Minn., guarded Old Laundette.

The funerals of nineteen fire victims were held here yesterday.

Survivors Bring Reports.  
Ed Smith reports the safety of several Rapid River homesteaders. He and Alex Hanson got into a root cellar and were comparatively safe. The Sorenson family of nine remained in the center of their big clearing and escaped. Swan Olson, wife and three children escaped in a root house. An old family of Theodore Stebbins, Lars Olson and Mrs. Olson are safe.

Paul Morck, a Baudette musician, it is feared, lost his life. He went out to look for a homestead and has not been heard from since.

Four men had been using the forest to town, as they were upfitted with the woods and the smoke was growing dense. They felt secure, however, until too late. They ran as far as they could. One of them dropped from exhaustion and died. The other three entered a small pool. One escaped with severe burns. A Robert McInnis of Waver Road River and a German neighbor were twelve hours in the water.

The burned area is at least thirty-six miles wide and many of the settlers are new to the country. Much of this land was thrown open to homestead entry this summer and many of the settlers have gone in far beyond the roads, where they had only a path to reach their place. It may be months before they are discovered, and some of them may never be found.

Mathieu Says Loss is Small.  
Not more than 300 lives were lost in the fires which have swept a sixty-mile stretch of country in the opinion of J. A. Mathieu, manager of the Rainy River Lumber company, today.

Mr. Mathieu bases his estimate on reports received from investigating parties who have been over the burned area. He places the total financial loss at about \$5,000,000. In Spooner and Baudette, one and possibly two dead will cover the fatalities.

At noon today the fire is well under control in the Rainy River and the International Falls district.

The work of feeding and housing the refugees is taking up the attention of every one. There are thirty dead in the morgue here and nearly as many more have been taken south of the line to Duluth.

BRAINERD, Minn., Oct. 11.—Clementon, a small settlement ten miles east of Baudette, off the railroad, burned yesterday. Fires are working east along both sides of the Rainy river toward International Falls.

Relief Generously Offered.  
Relief is arriving for the stricken people of Baudette, Spooner and the Rainy River district. First to come to the assistance of the people was Fort Frances, Ont., with \$200 cash. Six carloads of supplies have arrived. Two from Virginia, Minn., in charge of Alderman Boylan and A. H. Herlage. Two times as much supplies came from Duluth in charge of Mayor M. B. Collins and Colonel F. C. Reisch, Bemidji, Minn., the county seat of Beltrami, in which the fire was so severe, is also on the ground with two carloads of goods.

Sheriff Hazen with twenty deputies and Sergeant H. Gill with fifty men of the state militia from Bemidji, have taken charge of the ruins and the erection of tents and distribution of supplies.

A pall of smoke hangs over the town of Rainy River from burning past. As the days pass the real sorrow of the situation is only becoming apparent.

WINNIPEG, Man., Oct. 11.—Acting upon a motion passed by the city council last night, the board of control this morning expended \$2,000 in the purchase of tents and supplies for the survivors of the fire-stricken area in the Rainy River district. Frank Kerr, civil relief officer, was dispatched to the scene and will lend assistance in caring for the destitute and injured.

### M'CLELLAND PLEADS INSANITY

Man Charged with Bigamy at Mason City, Ia., Seems to Have Married Three Women.

MASON CITY, Ia., Oct. 11.—(Special Telegram.)—Pleading insanity from being a dope fiend, Robert McClelland hopes to free himself from a charge of bigamy. His case is now on in the Floyd county courts. From evidence introduced he was three times married. McClelland is well known over northern Iowa and southern Minnesota, where he has lived.

### CONSPIRACY CHARGE MADE

Chicago Board of Trade Files a Petition Against Railroads.

### SEVENTY-SEVEN LINES INVOLVED

Allegations Made that Roads Are in a Combine to Drive Grain Transportation from the Lakes to Rail.

WASHINGTON, Oct. 11.—A conspiracy on the part of the railroads to deprive western grain shippers of the advantages of cheap water transportation and drive the grain transportation business from the great lakes is charged in a petition filed today with the Interstate Commerce commission by the Chicago Board of Trade.

The complaint is directed against the Pennsylvania railroad, the Baltimore & Ohio railroad, the New York Central and seventy-four other railroad lines operating east of Chicago and other Lake Michigan and Lake Superior points.

It is represented that "by reason of conspiracy on the part of the defendant carriers, substantially all means of all-rail through transportation from Chicago to New York and other Atlantic seaboard points, and also all parallel and competing through lines of transportation, via the great lakes from Chicago and other lake points to Buffalo, and from Buffalo to New York and other Atlantic seaboard points, are owned and controlled by the defendant carriers."

Recently the freight charges on grain received at Buffalo from the lakes—called ex-lake—were increased from Buffalo to Atlantic seaboard points.

The Chicago board charges that serious injury is being done and the Chicago grain market generally by the advance.

### MORE OIL LAND WITHDRAWN

Over 2,500,000 Acres Are Now Set Aside in California—Wyoming Homestead Land.
