Mr. Gale, who becomes a member of the executive committee, has been in publicity work for a long time and was formerly a newspaper man. During the National Ad Club convention he conducted the successful contest in writing advertisements.

Indictment Quashed—After having been under indictment for selling liquor on Sunday in violation of the law for nearly two years, James Sauer, a custodian of the county building, was freed from the stigma in district court Wednesday, when the charge against him was dismissed. Evidence sufficient to convict him never had been secured and County Attorney English decided it was useless to keep the charge hanging over Sauer's head. Sauer's wrong was said to have been committed in 1908. He always had felt that this man who was at work in the county building on the days on which he is said to have sold the liquor and it appears that his claims have been true.

PRODUCTS EXHIBIT ON WAY TO EASTERN SHOWS

G. L. McDonough Takes Car of Nebraska and Western Products to Pittsburg.

George L. McDonough, colonization agent of the Union Pacific railroad, left Omaha Wednesday, accompanying a special car filled with exhibits of Colorado and Nebraska lands which the Union Pacific is to enter in the Pittsburg land show, later in the Chicago land show and then will bring it to Omaha for the Eastern Land Exhibit to be held here in January.

The crowning feature of the car of exhibits was a huge Nebraska hog, weighing 1,380 pounds, when alive, at 3 years of age. It was raised by the Nebraska Live Stock Remedy company in Fremont on Nebraska corn and stuffed in Omaha by Aulbaugh & Co.

Other features of the exhibits are grains and grasses and fruits of Nebraska, but the big part of the show will be the famous Weld county exhibit.

The Weld county exhibit took forty-eight prizes at Pueblo at the national exhibition of irrigation products and other prizes at the Interstate fair at Denver and at the World county fair.

"That hog will attract the attention of any crowd," proudly boasted Mr. McDonough, "and with the rest of that exhibit on hand to see after the crowd once stops at our booth, I guess Colorado and Nebraska won't be forgotten in any show."

REVENUE COLLECTOR HOLDS CONFERENCE WITH HIS MEN

Mr. Hammond announced that the expedition of getting the deputies together had proven a good one and will be repeated as a regular yearly event of the department because, as the commissioner has expressed high favor in the idea.

Those who were present at the conference were G. C. Humphrey of Grand Island, O. N. Stucky of Norfolk, H. B. McFadden of Chadron, O. N. R. Brown of Hastings, Robert Dorgan of Lincoln and A. L. Slater of Fremont.

COAL DRIVER IS FINED FOR RUNNING OVER GIRL

Judge Crawford Assesses \$25 Fine on Driver of a Coal Wagon.

William Kanger, the coal wagon driver, whose wagon ran over Cornelia Hickman, a 2-year-old child several days ago, was fined \$25 and costs by Judge Crawford Wednesday morning. Kanger took steps to appeal the case immediately. The defendant declares Mrs. Hickman, mother of the child, ran out into the street and frightened his horses so that he could not control them, and the accident occurred for that reason. He had 4,000 pounds of coal on the wagon.

PLEA FOR SCHOOL CHILDREN

State Board of Health Holds Session in Omaha Wednesday.

WOULD ABOLISH DRINKING CUP

Rejoice Over Case Just Won at Broken Bow Against Man Practising Without a License, Who Was Fined.

The Nebraska State Health association Wednesday inaugurated in Omaha a campaign to secure from the state legislature an appropriation for the education of the laity with respect to the prevention of diseases caused by germ infection. The legislature will also be asked to pass a law forbidding public drinking cups.

The act done Wednesday at its meeting at the Home hotel, also went in favor of the medical inspection of school children. On this theme some of the doctors present made pointed remarks.

"If we had such a system," said Dr. Palmer Findley, "my little girl would not have sat next to me. My daughter caught it and gave it to the other children in the family."

"Nor would we have had any such outbreak of nasal infections," chimed in Dr. S. H. Towne, "as Omaha experienced two years ago at one school and again last year at the Saunders school. Dr. Davidson seems to want only a physical director. He ought to know that our schools are hotbeds of infection."

"He must know it," cried several other doctors in chorus.

Dr. Findley then returned to the charge: "It can be done without costing the city a cent," said he. "There are plenty of young physicians who would do the work for nothing for the sake of getting acquainted in a neighborhood."

"They would take out of the school an infected throat here a skin disease there, find what children are being held back mentally and physically and even multiply by hundreds. It is a pity that when the inspection can be done without cost that the authorities do not enlist in behalf of it."

Members Are Jubilant.

Present at the meeting of the State Health association were several members of the State Board of Health, all feeling jubilant over a big victory scored Tuesday at Broken Bow, where a chiropractic named C. F. Wilson was convicted of practicing medicine without a license and subjected to a \$200 fine.

This was a noteworthy battle, because in behalf of Wilson appeared Elias Holcomb, former governor of Nebraska and former chief justice of the Nebraska supreme court; also as his counsel was Judge Dean, himself, too, just off the supreme bench.

Moreover, the chiropractors had sent to a lawyer from LaCrosse, Wis., named Morris, who is the chief legal expert.

Dr. Palmer of Iowa, head of a school of chiropractics, lent his time and money to the battle.

Opposed to this array were N. T. Gaud, county attorney, and Judge Homer H. Sullivan, formerly of the Custer district court. In behalf of the state, however, which initiated the fight, Dr. E. Arthur Carr of Lincoln attended the trial.

"The jury was out for two days," said Dr. Carr, "and finally found for us Tuesday. The judge imposed the heaviest fine possible. It is a complete victory."

Incident of Case.

Dr. Carr told of an incident in the impugning of the jury. "When the state had exhausted its pre-emptory challenges a man was brought up whom we passed for cause, Judge Holcomb then examined him and, grateful to his own disgust, developed the fact that this man who had sworn he was unprejudiced, had a sister who is studying in Dr. Palmer's school of chiropractics. We could not challenge him and he stayed on the jury. Whether he was the man who hung the jury for two days I don't know."

The State Board of Health met here to set in the case of Dr. W. B. Johnson of Lincoln, the physician of 76 years, who was recently convicted of an illegal operation upon a girl. The State Board of Health voted that Dr. Johnson's license to practice medicine shall be revoked.

Besides Dr. Carr members of the state board present were Drs. H. B. Cummins of Seward and A. L. Muirhead of Omaha. The meeting of the State Health association was presided over by President L. T. Quigley of North Platte. Dr. G. H. Marvel of Aurora is secretary and Dr. L. H. Mackay of Norfolk is treasurer.

Colonel Bannister, former chief surgeon of the Department of the Missouri, read a paper, as did Dr. Palmer Findley.

UNION MEETING AT BENSON

Four Churches Unite in Holding Joint Services Under Leadership of Rev. W. J. Alexander.

Benson pastors have united for this week and are holding union evangelistic meetings under the leadership of Rev. W. J. Alexander of Warsaw, Ind., and the singer, C. H. Huggins of Dixon, Ill. Starting Sunday evening with the Presbyterian church jammed with worshippers successful meetings have been held all this week and will be continued for another two weeks.

The four ministers interested in the meetings are Rev. J. C. Wilson of the Presbyterian church, Rev. Arthur Attack of the Methodist, Rev. B. E. Kistler of the Lutheran and Rev. J. C. Campbell of the Baptist.

The meetings there are also many from the rural districts nearby and the residents of Irvington.

More Corn Than Was Expected

Bigger Yield is Reported from Many Sections Than Advance Reports Indicated.

Estimates of Nebraska's corn crop being made over the state indicate a yield bigger than usual in several sections in spite of the setback received on account of the dry weather in the early part of the summer.

Figures received by the Burlington railroad an estimate made by their division superintendent indicate the average yield of the Omaha and Lincoln divisions are forty-five bushels to the acre, and on the McCook division twenty-five bushels to the acre between McCook and Wray, which is a remarkable yield for that part of the state. On the Wymore division, which is the part of Nebraska that was probably the hardest hit by the dry year, the estimate is for 50 per cent of an average crop in the counties between Atchison, Kan., and Nebraska City, but only 30 per cent between Nebraska City and Lincoln, and 20 on the Concordia branch.

At Seward a large amount of the farms are placing the yield as high as sixty bushels to the acre.

The weekly report of the Burlington states that the winter wheat is out of the ground in most places and that the fall pastures and meadows are in the best condition in the greater part of Nebraska that they have ever been. A fourth crop of alfalfa is ready to be cut in some places.

Taylor Gets Writ to Take Daughter from Orphanage

Edward Liberati Wants Daughter—Hearing of the Case Set for Thursday.

Asserting that Mozzy Bernstein and the Rev. Father Flanagan of the St. James orphanage asylum are holding his daughter, Rosa, 8 years old, illegally, Edward A. Liberati, a tailor, filed a petition for a writ of habeas corpus Wednesday morning. Judge Estelle of the district court granted the writ and set the hearing of the case at Thursday morning.

Liberati alleges that Officer Bernstein took the child from him because he punished her for disobedience, and then placed her in the orphanage. The parent says he promised to place the child in the academy of the sisters of Our Lady of Providence, at Chicago, but Bernstein and the priest refused to let him have her.

YOU ARE GROWING YOUNGER MOTHER

BANISH THOSE GRAY HAIRS! Kill the Dandruff Germs—Stop Hair Falling

Thousands of mothers are looking younger.—Their gray hairs are gone. The natural color has come back, and with it a new growth of soft, glossy, luxuriant hair. Why should you look old before your time, when you can look years younger by using

WYETH'S SAGE AND SULPHUR HAIR REMEDY

It is Positively Guaranteed to Restore Faded and Gray Hair to Natural Color

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly as represented, your money will be refunded.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the Hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

GROW HAIR ON A BALD HEAD

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

Burlington trains run with remarkable regularity...

Burlington famous fast mail train No 7, that has carried the mail for 26 years from Chicago, arrived at Council Bluffs Transfer "On Time" every day in September.

It has been so long since this train has been late that the date is ancient history; for seven months, from March to October 7th, comprising 221 days, this fast train has arrived on time 218 days; it was late twice in March and once in May, and for 135 consecutive days, from May 26th to October 7th, the train has come to the Missouri River "on time" every day.

It receives, in Chicago, fast mails from the Atlantic Seaboard, including overland and Asiatic mails, tons of the early morning edition of the Chicago newspapers, and a heavy tonnage of express matter.

The delivery of this great volume of mail and express traffic daily into the West with such remarkable punctuality shows the value to the commercial and social life of a community of a well maintained and well operated railroad system.

CHICAGO-NEBRASKA EXPRESS, due Omaha 8:00 A. M., arrived on time 25 days out of 30 in September—total time lost for the month was 67 minutes, or an average of 2.2 minutes per day from Chicago to Omaha.

THE OVERLAND EXPRESS from Chicago to Omaha has come to the Missouri River on time 207 days out of 221, that comprise the period from March 1st to October 7th, and in April, June and July of 1910, this train arrived "on time" every day of the 91 days.
