English Coast is Strawn with the Wrecks of Boats

Storm Causes Loss of Life and Destroys Many Vessels Upon the Seas.

LONDON, Oct. 14.—The English coast is strewn with wrecks as a result of a storm that has continued for two days. The casualty list as already reported is a long one.
This morning the bodies of five seamen from the coasting steamer Cranford were picked off Hartlepool. It is believed the vessel, which carried a crew of twenty, foundered, and that the men were attempting to reach shore in a small boat when they were lost.

Some of the wreckage coming ashore indicates that a sailing ship met a like fate. Lifeboats from many points were out all last night and in some instances effected rescues. In other cases they were unable to reach distressed craft.

Body of Chicago Man in the Lake

Walter Coles, Who Disappeared, is Found and Indications Point to Murder.

CHICAGO, Oct. 14.—The body of Walter B. Coles, president of the Keef-Coles Printing company, was found in Lake Michigan early today. Coles disappeared a week ago and relatives had asked the police of all cities in the northwest to search for him, believing he either had been forcibly detained or had become mentally afflicted.

A wound over the right eye, one on the side of the head, discolored eyes and a bruised forehead, led the police to believe Coles might have been murdered. In his pocket was found a gold watch bearing his name and by which he was identified, a pearl-handled knife and 70 cents. His coat was missing and has not been found. The condition of the body led the police to assert it had been in the water no more than two or three days.

Railroad Men Get Busy in Missouri

Petition to Be Presented Protesting Against Any Reduction in the Freight Rates.

SPRINGFIELD, Mo., Oct. 14.—When the state railroad and warehouse commissioners meet at Jefferson City next Tuesday to consider the reduction of railroad freight rates in Missouri, the railroads will present a petition signed by 60,000 persons protesting against the proposed action.
It is said a majority of the employees of all the railroads operating in the district signed the petition. The petition states that a reduction of rates will cause the railroads to adopt a policy of retrenchment that will deprive many shippers and trainmen of employment. The petition was signed by 11,000 business men in the various cities of the state.

NO CHANCE FOR A REPUBLIC

Statement Made by Premier Canalejas Relative to the Existing Conditions in Spain.

PARIS, Oct. 14.—The Madrid correspondent of the Matin sends his paper an interview with Premier Canalejas in which the minister says there is no chance for a republic in Spain, as the republicans have no great leaders and their ranks are hopelessly divided.
Moreover, the radical nature of his program, involving a struggle with the Vatican, the premier says, is disarming the republicans, as anti-clericalism is one of their strongest principles.

SIXTH CAVALRY COMES BACK

Ten Troops Return to Des Moines from Fort Benjamin Harrison.

FOR CURRENCY REFORM LAWS

Arthur Reynolds of Des Moines National Bank Expresses Himself Following the Meeting of the Bankers' Association.

DES MOINES, Oct. 14.—(Special.)—After more than a month's absence, ten troops of the Sixth United States cavalry, consisting of nearly 800 men, today arrived at Fort Des Moines from Fort Benjamin Harrison, Ind. Commanded by Colonel Alex. Rogers, the troops left Des Moines on August 27 to take part in the maneuvers held at Fort Benjamin Harrison. Two of the troops were left at Fort Des Moines in command of Captain Bryan.

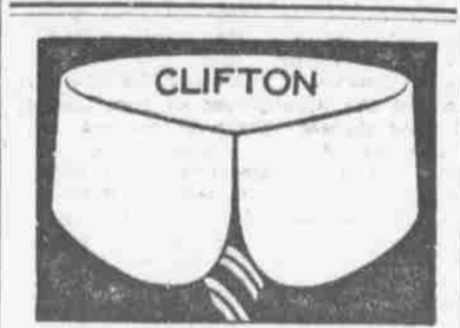

That conditions are now ripe for the enactment of some kind of currency reform legislation by congress is the belief of Arthur Reynolds, president of the Des Moines National bank, who returned today from Los Angeles, where he was elected treasurer of the American Bankers' association. Questions concerning currency reform were discussed at length by bankers attending the convention. The federal legislative committee of the association, of which he is a member, was continued and given the power to secure the enactment by congress of currency reforms advocated by the association.

Historical Society Wants Funds.
The report of the board of curators of the Historical Society of Iowa, which has been placed in the hands of Governor Carroll, contains a recommendation to the legislature that \$50,000 be added to the annual support of the society. Regiment Survivors Greet Flag.
Survivors of the Seventeenth Iowa Infantry held a reunion yesterday and gathered around the old flag, which they followed through the war, which is preserved in a glass case, with others, in the corridor of the state house. They sang songs and made speeches, and cried as they talked of old times. It was the first time the survivors had held a reunion here and the first time they had seen their flag for many years.

Murder Was Over Jealousy.
It transpires that the murder and suicide of last evening here was due to jealousy. Lee Wilson, who did the shooting, had employed Claude Masters a few years ago to work for him and Masters had lived at the Wilson home. The two men quarreled over Mrs. Wilson and the quarrel was of long standing. Wilson met Masters in the road and killed him afterwards killed himself. Masters had come from Missouri and was a cousin of Wilson.
