The necessity for such a laboratory to take over much of the work now done at the state hospitals has been urged previously. The plan is now to have the work done jointly by the two boards under appropriations by the legislature.

Anonymous Note Exposed Duven's

Informant Will Be in Line for Big Reward if Convictions Result, as Expected.

NEW YORK, Oct. 15.—An anonymous note sent to William Loeb, Jr., collector of the port of New York, precipitated the sensational raid yesterday on the Fifth avenue establishment of Duven brothers, art dealers, and the arrest of two members of the firm, Benjamin J. and Henry J. Duven, charged with conspiracy to defraud the government out of more than \$1,000,000 by undervaluation of imports.

Mr. Loeb made this announcement tonight. In the event of fines being imposed or duties recovered from the firm or its members, it was pointed out tonight that the informant whose name was learned subsequently, will be in line for the reward given by the government for evidence resulting in such convictions. And if the alleged frauds prove as extensive as customs officials have stated, this money will probably be between \$100,000 and \$200,000.

ARCHIE KENT FOUND DEAD

Prominent Young Grand Island Man Killed in Mysterious Way.

GRAND ISLAND, Neb., Oct. 15.—(Special Telegram.)—The dead body of Archie Kent, about 25 years of age, residing in this city, was found alongside the Burlington tracks near Abbott this morning. Kent had left from his job as an assistant to a contractor yesterday afternoon and informed his mother that he would take in the races at Cairo. He is known, however, to have been in Grand Island until 10 o'clock last night.

The manner in which the body was struck and scaped along the earth at the side of the track indicated clearly that he was struck by, or fell off an eastbound train that was traveling at a high rate of speed.

There were no marks on the body indicating where he had been struck excepting a deep round hole in the side, which is presumed to have been made by an open fire and been in the understanding the body. How Kent got to this place and on the way back, if he fell from a train, is not explained.

LUTHERANS HOLD CONVENTION

Reports Submitted by the Pastors and Committees.

ARLINGTON, Neb., Oct. 15.—(Special.)—The twentieth annual convention of the Nebraska district of the Lutheran Missouri synod is in session in St. Paul's parish, north of Arlington, October 12 to 15, inclusive. Two regular sessions are held every day. The convention was opened Wednesday morning with divine services, in which Rev. F. Pfotenbauer of Hamburg, Minn., preached. In the afternoon the roll-call showed that 25 Lutheran congregations and preaching places of Nebraska and Wyoming were represented by sixteen pastors, sixty-two parochial school teachers and eight lay delegates. A number of guests brought the total number up to 225.

The district president, Rev. C. H. Becker of Seward, read his report, which showed that during the last year seventeen pastors and sixteen members were received as members. The general vice president of the joint synod of Missouri, Rev. F. I. Pfotenbauer, submitted a report on the condition and progress of home missions in the Dakotas, Minnesota, Montana, the north-west provinces of Canada, and all Pacific and southern states. In Manitoba, Saskatchewan, and Alberta, alone, forty pastors and a number of parochial teachers are in the service of this part of the synod's work. Minnesota, alone, expends \$200,000 annually for home missions.

The committee on home missions in Nebraska gave an encouraging outlook by their chairman, Rev. Mr. Moeckling of Hampton, Neb. About \$200,000 will be necessary for the district's mission work next year. Rev. Schabacker of Deshar read his paper on "Interest in and Sympathy with the West and West of the Church." An impressive ceremony marked the opening hour of the Presbyterian synod yesterday morning, the ordination to the ministry of a candidate for this office in the Nebraska City presbytery. Rev. J. R. Sutherland of New Jersey and Rev. Dean R. Leland of the synod of New York were invited to sit as corresponding members of the synod.

The expert on church finance, Rev. J. F. McFarquhar of New York, led the conference on the subject, "Improved Methods of Finance." At the opening of the afternoon session Rev. W. Kearney of Lincoln, synodical superintendent, gave his annual report. Eight new churches have been organized in the state, eleven churches erected and dedicated and buildings ranging from \$1,000 to \$25,000 have been erected, the total cost being \$27,000. An interesting report of the Young People's societies was submitted by Mrs. E. M. Conklin of Omaha. The report of the committee on education was also given by Rev. H. M. L. Braden. Dean R. Leland, the Presbyterian university pastor, gave an exhaustive report of his work. The number of Presbyterian students is 608. The afternoon session closed with an evangelistic service conducted by Rev. N. H. Camp.

At the evening session addresses were given by Rev. Dean Leland, Rev. Richard C. Hughes and President Turner of the Hastings college. DIVISION HEARING DRAWS CROWD Host of Witnesses Being Introduced in County Fight.

The hearing is attracting an unusual amount of attention. The suits are having the petitions examined name by name and are introducing a number of witnesses, while the divisionists are here in full force, with their attorneys. DOWN AND OUT IN TENT

Frank Hall Kills Kid Fisher in a Prize Fight.

NECK IS BROKEN BY A BLOW

Four Hundred Oklahoma Men, Women and Children Witnesses to a Killing in the Padded Ring.

EDDID, Okl., Oct. 15.—A prize fighter known as Kid Fisher was killed in the tenth round of a fight at Eddid, near here, last night. Fisher died at 3 o'clock this morning of a broken neck. The fighter who dealt the blow was Frank Hall of Laboma. The fight was held at Eddid, fifteen miles west of Eddid.

The tenth round of the fight opened with Fisher exhausted, but his manager urged him not to throw up the sponge. Hall struck his opponent apparently at will, delivering a left to the stomach and a right to the jaw with strange regularity. Finally Fisher staggered, and as he fell, Hall planted a right on his neck. Fisher collapsed and never regained consciousness.

Immediately after the fighter's death the coroner's jury met and returned a verdict that Fisher had met death from the effect of blows dealt by Hall. Hall has disappeared, but it is believed he will be arrested before night. The fight was witnessed by persons, many of them women and children.

Board Will Not Buy Bloodhounds

Commissioners Turn Down Farmers' Request, Saying Hounds Are Expensive and Uncertain.

Bloodhounds will not be bought by the Board of County Commissioners to aid in tracking down horses thieves and other criminals. The board, meeting as a committee of the whole, yesterday afternoon denied a request of representatives of the Douglas County Farmers' Protective association that hounds be bought. Good bloodhounds are hard to come by and the expense of keeping them would not be light, as a man would have to be employed to look after them. They are far from reliable and often track down the wrong man. The courts have held that because a bloodhound leads the officers to a certain man it is no proof that he is guilty of a crime. For these reasons the board turned down the request.

NEBRASKA CITY—W. A. Hughes reported the death of his uncle, Al Balles, at Kansas City, a former resident and one of the pioneer settlers of this section. He and Charles Coville were the pioneer violinists of this section.

Tall, one of the large land owners of this section and who had a vein of coal on his farm south of the city, has gone to Iowa to inspect the mines there and to try and induce some of the miners to come here and open a mine for him. He claims his coal is thick enough to mine at a profit.

SUTHERLAND—For the first time in several years it has been necessary to ship in apples to supply the local demand. Usually the Glenburnie orchards furnish enough to satisfy the local demand, but this season the frost ripped the crop to such an extent that only a few barrels were harvested from nearly fifty acres.

NEBRASKA CITY—Special Director John A. Fox of the national river and harbor congress addressed the members of the Commercial club and a large number of citizens. He told the history of the congress and what it had and expected to accomplish. It was decided to send Jay Morton as a delegate to the national congress meeting which is to be held in December. It was also decided that this city should stand its share of the expense incident to the congress work and \$4,000 was raised the next day.

TWO THUGS MALTREAT RABBI

Enter Home of Rev. Mr. Graceman and Assault Him When He Awakens.

To be awakened from a sound sleep and brutally assaulted by two masked men was but the beginning of Rabbi Graceman's troubles last night. After knocking the rabbi down with a short club the men leaped through the open window, by means of which they had entered, and fled. The rabbi shortly recovered from the blow and in a dazed condition shut down and locked the window and ran into the yard, crying, "Police, police!" at the top of his voice. His cries awakened the neighborhood and the police were called. When the rabbi left the house he slammed the door behind him and it locked. Kind neighbors furnished a blanket for him, while the officers played burglar to gain him admittance.
