POPULIST QUESTION AGAIN

Democratic Nominee in Furnas Seeks to Get on Other Ticket.

WRIT AGAINST SECRETARY JUNKIN

Candidate Ran Only as Democrat and Did Not Accept Populist Nomination—Now Wants Place on that Ticket.

(From a Staff Correspondent.)

LINCOLN, Oct. 19.—(Special.)—George Sawyer of Cambridge, democratic nominee for state senator in the Twenty-ninth district, has obtained from the supreme court a peremptory writ of mandamus commanding Secretary of State Junkin to place his name on the official ballot as a nominee of the populist party. The writ is returnable Friday afternoon at 2 p. m., at which time the secretary of state must explain why he refuses to certify to county clerks the name of Mr. Sawyer as a populist candidate.

The suit is at least one, applying to more than one senatorial district, and is to test whether or not there is a vacancy on the populist ticket that can be filled by a political candidate.

Sawyer ran only as a democratic candidate. The populists had no candidate on the primary ticket. The name of W. H. McGowan was written on the blank in the populist committee. McGowan failed to accept the populist nomination and the populist committee nominated Sawyer in his place. The secretary of state first notified the populist committee that a vacancy existed. Now he alleges that the populist nomination was never completed and that no vacancy exists on the populist ticket.

More Time for Donahue.

The supreme court has given Chief Donahue until the next sitting of the court to answer the complaint of the attorney general that he should be removed from office for willful failure to enforce the liquor laws in Omaha.

Golden Wedding at Waterloo

Mr. and Mrs. William Dodson Celebrate Anniversary with Eighty-Five Friends.

WATERLOO, Neb., Oct. 19.—(Special Telegram.)—Eighty-five friends and relatives gathered at the home of A. R. Dodson, on a farm near here, today, to celebrate with Mr. and Mrs. William Dodson the golden anniversary of their wedding. The aged couple, in hale and hearty health, looked upon all the near members of their family and reminisced over old times with friends who had been in the county with them for many years.

The son's home, where the affair occurred, is three miles northwest of here. Mr. and Mrs. Dodson are both natives of England. They came to this country in 1850. They were married in 1830. The couple came to Nebraska in 1880.

TIME OF DAIRYMEN MEET SET

Delegates Selected to Attend Meeting of the American Dairy Farmers' Association.

LINCOLN, Neb., Oct. 19.—(Special.)—At a meeting of the directors of the Nebraska Dairymen's association the date for the twenty-sixth annual meeting of the association was fixed for January 13, 19, 20, 1911, at the University farm, Lincoln. The following names of persons were appointed as delegates to attend the annual meeting of the American Dairy Farmers' association, to be held in connection with the National Dairy show at the Coliseum in Chicago on October 25: Charles Harding, Prof. A. L. Haacker, E. M. Little, J. K. Honeywell, H. C. Young, George E. Haskell, Paul Hunter, Henry C. Glesman, J. S. Clark and David Cole.

LEGISLATORS ARE ON TRIAL

Pemberton and Clark Appear Before Court on a Charge of Bribery.

CITY COUNCIL PROCEEDINGS

Body Places Ordinance to Pay for Voting Machines on File.

QUESTION OF RESPONSIBILITY

Councilman Funkhouser, Who Ordered Them, Says He Merely Asked They Be Sent For—Woodmen's Test Hearings.

After more unavailing discussion the city council tabled the ordinance providing payment for the three new voting machines at the Tuesday night meeting by placing it on file. The vote was six republicans against five democrats, just as it was on the same proposition in the committee of the whole.

Councilman Funkhouser, who fathered the emergency ordinance and ordered the machines without authority from the council, held up proceedings temporarily by asserting that an ordinance could not be placed on file except by a vote of seven to five. Assistant City Attorney Dunn had no opinion in the matter and the rules of the council could not be found, so the objection went by default.

The debate upon the proposition consisted entirely of accusations and recriminations, which were begun by Councilman Bridgman, who cried "Politics, politics," and was disappointed because no republican members of the opposition took the trouble to deny the charge. He succeeded in getting a denial out of Councilman Burnester by asserting that an ordinance could not be placed on file except by a vote of seven to five. Councilman Burnester, who was disappointed because no republican members of the opposition took the trouble to deny the charge, succeeded in getting a denial out of Councilman Burnester by asserting that an ordinance could not be placed on file except by a vote of seven to five.

Brothers Meet in Fatal Crash

Engineer S. P. Gardner Takes Corpse of W. C. Through After Remarkable Tragedy.

Survivor of a wreck in which the train he was running collided head on with that on which his brother was the throttle, Engineer S. P. Gardner accompanying his brother's body, passed through Omaha last night. W. C. Gardner was the one who suffered death in the wreck.

The victim had been running a passenger train on the Pacific & Eastern railroad, when he was by chance ordered to drive the special freight on that line to Medford, Ore., September 6. His train crashed into the freight driven by his brother a half mile out of Medford.

The regular freight engineer and his fireman were buried under the engine so that they had to be dug out, badly cut and bruised, and apparently dying. W. C. Gardner, through a freak of chance, had not a bruise on his body. It appeared he was the only one to escape injury. S. P. recovered in several days.

In several days the man was taken seriously ill and it developed that internal injuries in the wreck were fatal. He died October 11.

The surviving brother is taking the body to Vernon Center, Minn.

NONPARTISAN ALDRICH CLUB FORMED FOR WORK

Dr. W. W. Ward Made President and Speakers Become Enthusiastic Over Campaign Work.

Urged to action by ringing speeches from John L. Kennedy, E. M. Bartlett, H. B. Zimman, John T. Cathers and John O. Yelzer, thirty or thirty-five men formed the Aldrich non-partisan club to boost the campaign of Chester H. Aldrich, republican candidate for governor, at a meeting in the rooms of the Republican County Central committee in the Patterson building last night.

Dr. W. W. Ward, a democrat, at whose call the meeting was held, was elected president, Harry B. Zimman, secretary, and W. G. Ure, treasurer. Vice presidents from nearly every ward in the city were named and arrangements were made to complete the list so that the campaign in each ward will be in charge of a vice president, who will be assisted by five workers in each precinct. Dr. Ward explained that the purpose of the club is not a partisan one, the organization merely seeking the election of Aldrich on the ground that public decency demands it. A number of democrats attended and the club will meet again Friday night.

J. T. Cathers gave a boost for Judge A. L. Sutton for congress in the course of his address.

Other speakers explained the benefit that will accrue to the republicans by united effort of all men regardless of political belief who favor victory of the principles of the party platform.

NEW TOWN BEING BUILT

Newell, South Dakota, to Be on Map After October—Land Not Yet on Sale.

Newell, S. D., will be on the map after October, a town of that name being under course of construction at the present time. It is situated in the rich Belle Fourche valley and has arisen since the Northwestern railroad completed its new line through the Belle Fourche valley this summer.

Not a site in the town has been sold as yet, as the United States owns all the land and does not throw it open to sale until October 27, but on the outskirts of the proposed town, arranged in helter skelter fashion, there are a number of general stores, three banks, a newspaper office and two hotels, besides rooming houses.

Newell when completed will be the center of the 100,000 acres of land the government has opened there. It will have direct railroad connection with Omaha and Sioux City by means of the Northwestern. The land is irrigated and has been made fit for cultivation by the United States reclamation service, the territory being northeast of the Black Hills.

Firm Says it Faked Contract to Help Cupid

Alexander Wolpa Sues on Document Sloup-Sherry Company Alleges it Gave Him to Get Wife.

Harboring the love that the whole world proverbially holds for the lover, the officials of the Sloup-Sherry Bottling and Ice Cream company made a fake contract to employ Alexander Wolpa as city salesman for a year, in order that he might convince his prospective father-in-law that he had a steady position and thereby gain the latter's consent to a marriage with his daughter. At least this is the defense made by the Sloup-Sherry company to Wolpa's suit for \$27.50, which was tried before Judge Leslie in county court Tuesday.

Witnessed by the conflicting stories told by Wolpa and his family on one side and the company's officials and employees on the other, Judge Leslie took the case under advisement.

Wolpa, on the witness stand, swore that on April 28, he and J. G. Sherry, an official of the company, signed a contract by the terms of which Wolpa was to be employed for one year at a salary of \$3 a month. Five and a half months later, he said, he was discharged without reason.

Mr. Sherry declared that Wolpa came to him and asked for a fake contract. "It seems that he wanted to get married," said Sherry, "and the father of the girl he was in love with would not let them get married until Wolpa had a steady job. Well, we got together and fixed up a contract. All the world loves a lover," and the contract was just for him to show to the girl's father and get him to approve the marriage. We had an understanding that as soon as he had done that and got the father to say it was all right he was to return it to us, but he didn't do it."

Adam Sloup of the company, told a similar story. Both men said further that even if the contract were bona fide, it became void when Wolpa voluntarily left the company's employ at the time he said he was discharged. He testified that he came late to work one day and was told that they had put someone to work in his place, whereupon he walked out and never came back.

WOODMEN'S TEST HEARINGS

James Schneider and C. W. Keys were appointed as city weighers. The Woodmen of the World were given permission to make test borings around the site of their new building at Fourteenth and Farnam, providing that the work is completed within thirty days and a bond of \$2,000 given. Permission was granted property owners to pave the concrete roadway Hall avenue between Sherman avenue and Fifteenth street.

The regular comptroller's report showed \$1,510,754.08 cash on hand, distributed as follows:

BYRNE SUCCEEDS

W. H. McCord as Traffic Head

Is Elected Member of the Executive Committee of the Commercial Club.

T. C. Byrne, president of the Byrne & Hammer Dry Goods company, has been elected a member of the executive committee of the Commercial club to fill the vacancy created by the resignation of W. H. McCord. Mr. Byrne also succeeds to the chairmanship of the traffic bureau. Luther Kountze has also resigned from the executive committee on account of absence from the city and his place is filled by T. L. Davis, assistant cashier of the First National bank.

The executive committee will invite Mayor Dahlman and C. H. Aldrich to appear before the next meeting and deliver short addresses from the city and his place is filled by T. L. Davis, assistant cashier of the First National bank.

The committee has elected to active membership in the club Duane Arnold, treasurer and manager of the National Fur and Tanning company, one of the city's new big industries. J. P. Fetter of the Crane company is another new member. Mr. Fetter succeeds the late E. V. Lewis in the company and has also taken over his membership in the club.

On the official call of the Lakes to the Gulf Deep Waterways association for the annual meeting to be held in St. Louis November 25, the executive committee named H. T. Clarke as chairman of the delegation with power to name others.
