

What Women Are Doing

MRS. PHILIP N. MOORE of St. Louis, president of the General Federation of Women's Clubs, will be Omaha's guest tomorrow, officially the guest of honor at a breakfast to be given at 10 o'clock at the Henshaw hotel.

This event will be shared in by a large number of the club women of Omaha and vicinity, will, without doubt, be one of the most noteworthy events of the year. Members of the federated clubs of Omaha, South Omaha, Council Bluffs, Benson and Durand, and members of the Association of Collegiate Alumnae have been invited to meet Mrs. Moore.

In addition to Mrs. Moore, the club guests will be Mrs. H. L. Kette of Wait-Mill, a member of the general board of directors; Mrs. Frederick H. Cole, president of the Nebraska federation; and Mrs. W. H. Davidson of Springfield, district vice president.

The president of the Omaha club, in announcing the breakfast, emphasizes the hour-10. Promptness will be necessary, as Mrs. Moore and the delegates to the state meeting at Tecumseh leave at 1:30 o'clock, and even with promptness the time available for the address which Mrs. Moore will give to the club women will be shorter than the listeners could wish.

Mrs. Frederick H. Cole, president of the Nebraska Federation of Women's Clubs, completes her two years in the office with the annual meeting which is to be held at Tecumseh this week, and as the constitutional forbids more than two terms to an officer, her successor will then be selected.

In the fact that the Tecumseh program as planned is one of particular interest and also of direct value to every club woman may be found a fact typical of the administration of the president. Her two years as executive have been years of splendid accomplishment for the federation. They have meant growth in federation interest, as manifested by the increase in the number of clubs in the federation.

Twenty-five clubs were federated in the last year, and they have meant growth in the practical employment of the opportunities which come to the organized club woman. During the last year the Nurses' association and the household economics of allied agriculture clubs have become affiliated with the state federation.

The establishment of scholarships at the various Nebraska schools for the daughters of club women, is also one of the noteworthy accomplishments of the term. As administrator Mrs. Cole was especially successful and by a wise selection of committee workers and by their cooperation accomplished much for the club women of Nebraska.

This committee efficiency is also well illustrated in the program. Mrs. A. O. Thomas, chairman of the program committee, and her committee are responsible for the skillful arrangement and grouping, and each of the chairman and departmental committees for the part of the program dealing with their special study.

Denominational rallies are to be an important feature of the program planned for the Women's National Foreign Missionary jubilee which is to be held in Omaha Thursday and Friday. BOYS ARE HARD TO MANAGE

Henry is so hard to manage now, said a mother wearily. "He is just at an age when he thinks he knows everything and has a right to do as he pleases, and it is so difficult to control him." "How old is he?" asked the listener. "Just past it." Many a mother will sympathize with the mother of this boy. From 17 to 20 boys are indeed difficult propositions. They are having their first taste of the freedom of manhood, and it is apt to go to their head.

The woman who wears a "hobble" skirt must now put "hobbies" on her hair to be up-to-date. Instead of the "hobble" skirt oozing out it is receiving an impetus from similar fashions that are being introduced. With the "hobble" skirt the old style of hair dressing, the fashion of the day, is a topknoty look to have her hair dressed high with curls and things, while her skirt is drawn around her feet.

The philosophy and ethic department of the Omaha Woman's club will meet Tuesday, October 23, at 4 p. m. This department has for the last year studied psychology as taught by the Chicago university. The next lesson will be from the course, lessons 9, 10, 11 and 12. The subject will be "Sensations and Images." The text used are William James and Angel.

The Needlework Guild of America held its preliminary meeting at the home of Mrs. W. W. Carmichael, 356 California street, Tuesday afternoon. An invitation was accepted from the All Saints Episcopal church to hold the annual distribution of garments from the parish house November 9 and 10.

The officers for the present year are: Mrs. J. W. Var Nostrand, honorable president; Mrs. E. S. Joswater, president; Mrs. Robert Cowell, vice president; Mrs. D. W. Carmichael, secretary; Mrs. George J. Henderson, treasurer.

The Needlework guild is non-sectarian. The object is to collect and distribute new, plain, suitable garments to meet the needs of hospitals, homes and other charities. The plan of work is simple. Men, women and children may become members. The annual contribution of two or more articles of wearing apparel or household linen or a donation of money constitutes membership.

PRATTLE OF THE YOUNGSTERS

One day little Marie saw a gray loaded with hides passing the house. "Oh, mamma," she exclaimed, "there goes a man with a whole stack of cows' overcoats!" Mother—But what did you do with the penny I gave you yesterday? Tommy—I spent it with the rest of the boys.
