Here is the Want Ad Record for the last two Sundays,
compared with the corresponding Sundays a year ago:

Omaha Bee, gains 137 inches.
World-Herald, loses 136 inches.

The Bee has made a record for bringing quick results
and reliable results to advertisers. It pays to use its want
ad columns.

Here is what they say:

"More good business received through Bee Want Ads than from any
other tab papers." L. O. Fundingsland, the head of a big firm in
Nebraska.

"Take the ad out that I put in last night. Sold the Stove." Resident
on Ruggles Street.

"Stop the ad I run yesterday. Rented the cottage this morning,"
says a lady on 16th and Spencer streets.

"I advertised the flat in Sunday morning's Bee and rented it be-
fore noon," says a lady on South 27th street.

and so forth.

If you are in a hurry call Tyler 1000.

Persistent Advertising is the Road to Big Returns—
The Bee's Advertising Columns Are That Road.

RAILROAD SYSTEM CHANGE

Union Pacific Puts in Hines System
of Government.

GREATLY SIMPLIFIES THE WORK

New Method Applies to Wide Terri-
tory in Nebraska and Wyoming
and Will Be Extended to
the Utah Division.

Another step in the changing of the
executive system in the Union Pacific road
was taken lately when the Hines system of
railroad government was placed on the
coming division of the road. The territory
covered by the last order extends
between North Platte and Rawlins. In-
stantly are given that as soon as pos-
sible the system will be extended to the
Utah division between Rawlins and Ogden,
Utah.

The Hines system simplifies the office
work of the superintendents, the trouble
in keeping the many files instead of one
general file being one of the principal sav-
ings of time. It also places all the com-
munications of the office business under
one head, and provides that the different
kinds of superintendents and heads of de-
partments are all placed down as assistant
superintendents, and, in the absence of the
general superintendent, the work goes
through the hands of the senior assistant
superintendent instead of the chief clerk's.

Method of Work.

All division officials are made assistant
superintendents, the list including Assistant
Superintendent H. J. Roth, Master Me-
chanic William Niland, Division Engineer
A. J. Wharf, Trainmasters M. F. White of
North Platte, G. H. Smith of Cheyenne and
Fred C. Letts of Laramie. Training En-
gineer E. E. O'Neill and Assistant Engineer
Ola Thayer. The new order does not
affect the train dispatchers on the division.

The headquarters of the Utah division of
the Union Pacific have been transferred
from Ogden, Utah, to Green River, Wyo.,
the list of officers transferred including
the superintendent, the assistant superin-
tendent and the supervisor of bridges and
buildings from Ogden and the office of the
master mechanic from Evanston, Wyo.
The Union Pacific chds and the Oregon
Short Line begins at Green River, both
roads being part of the Harriman system.

KEEPS CHILD FROM SCHOOL AS HOUSE HAS NO LOCKS

Excuse Given by Mrs. Matthew
Tschorne for Keeping Little
Girl at Home.

Afraid to leave her home alone last, it
was rubbed and afraid to send her little girl
to school last she be kidnapped. Mrs.
Matthew Tschorne in juvenile court Mon-
day told Judge A. J. Sutton that she
would keep the child out of school until
the state administration becomes dem-
onstrable. When the judge told Mrs. Tschorne
that unless she agreed to keep the little
girl in school he would have her placed in
the Detention school the woman promised
to change her attitude.

When Probation Officer Mogy Bernstein
told Judge Sutton that Mrs. Tschorne and
her husband were keeping the child at
home, the woman made the excuse that

there are no locks on the door of their
home and the little girl had to stay there
to see that the household property was not
carried off. This excuse, carrying little
weight with the judge, she expressed her
fear of kidnapping. Judge Sutton assured
her that the probation officers will see
that the little one is not stolen. Maggie's
mother will send her to a Roman Catholic
parochial school.
