

General Hartigan Says This is the Present Plan of Action.

SPENDS THURSDAY IN OMAHA

Says that Omaha's Fall Festivities Outrank the Ancient and Honorable Display Made at St. Louis Each Fall.

Several full regiments of the National Guard will be present at the 1911 Ak-Sar-Ben maneuvers and festivities, some from Nebraska and some from Iowa, and besides this there is a good sized possibility that the military end of the festival will be enhanced by the presence in Omaha of Major General Leonard Wood, chief of staff of the United States army.

All this comes about by the friendliness to Ak-Sar-Ben of Adjutant General Hartigan. Mr. Hartigan has just had a day's conference with Secretary Penfold of the board of governors. The state official brought word that two regiments of the Nebraska Guard will be here without question. It is General Hartigan's plan that the guard shall be ordered out for ten days instead of five as heretofore, and the first five days will be spent in camp at Ashland. The second half of the time the regiment will be encamped in Omaha, where the Nebraska soldiers will take part in the military parade and other features of Ak-Sar-Ben week.

General Hartigan came here from St. Louis, where he attended the meeting of the Association of National Guard officers. Present at this gathering were General Wood, his staff and the wives of all of these. More than 300 guard officers were at the meeting, which coincided with the Valedictory celebration. Incidentally General Hartigan declares that "the Valedictory parade and the Valedictory ball cannot be compared with the electrical parade of Ak-Sar-Ben and the Ak-Sar-Ben ball." This, it may be noted, is the testimony of a Lincoln, not an Omaha man.

May Meet in Omaha.

Where the association meets next year will be settled by the executive committee in January. St. Joseph is a candidate and Omaha's candidacy will be promoted to the utmost by General Hartigan, whether he himself at that time be in his present position or not. In the meantime all energy, effort and strength will be set forth to bring the association meeting, which involves the chief of staff of the regular army and his personal staff.

Also the secretary of war will be invited to Omaha for the 1911 festival. At the St. Louis meeting, Iowa officers solicited to work for St. Joseph declared that they would not commit themselves, but wait until an invitation to go to Omaha had reached them.

Two of the four Iowa regiments are in western cities and these would come here at little expense. It is regarded now as certain that all told four regiments of guardsmen will be in Omaha next fall.

BREAKFAST BACON TRAIN IS VOTED A GREAT SUCCESS

Thousands of Farmers Turn Out to Learn More About Hog Raising.

DUBOIS, Neb., Oct. 28.—(Special.)—The Rock Island Special Breakfast Bacon train that has been touring the South Platte country of Nebraska for the last four days closed its series of lectures to the farmers and hog raisers of this district Thursday evening at Dubois, in the southeast part of the state. This educational excursion has proven highly satisfactory to the promoters of this enterprise. The attendance at the lectures has been unusually large, and the farmers, practically all residents of the farm belt, are greatly benefited by the information and advice given. The train has been a great success in its purpose of producing more hogs, and the present opportunity of getting better remunerative prices for the hogs is a feature that has been well understood by the farmers. These meetings have never been equaled in interest since the first seed corn trains were operated over the state by the railroads years ago, under the same incentive and influence that prompted this excursion. Those most interested in this work, railroad officials, business men of the towns and cities of the state, and the leading hog breeders, all agree that this plan of calling the attention of the farmer and hog raiser to the need of more pork will have the influence of renewed activity in hog production. It is believed that Nebraska should within the next year increase its hog population at least 1,000,000 head, or show an enumeration of over 4,000,000 of hogs. The Rock Island railroad has the universal endorsement of the public in this effort to arouse increased production of more hogs, which means lower pork for the people.

SAN ANTONIO BIDS CONGRESS

Texas City Sends Out Announcements on Great Trans-Mississippi Congress, Which Convenes Soon.

The twenty-first Trans-Mississippi Commercial congress will convene in San Antonio, Tex., November 25-28. The commercial organizations of that city and the state are sending out announcements to elicit the interest of the western business men. Henry T. Clarke of Omaha is vice president of the exposition for the state of Nebraska, and two other Nebraska men, W. J. Evans of Ogallala and Walter B. Whitson of Lincoln, are members of the executive committee.

The congress centers its activities upon the opportunities in such a gathering for the free discussion of all large projects, governmental and industrial, that are of general interest to the west. The motto is "Assemble at the Altitude," and the picturesque of San Antonio and its surroundings are offered as attractions to tourists.

Ridgley Store Makes Living Expense Less

Wage Earner Reels at An "All Cash" Outlay With Ordinary Expenses Plenty High Enough—Ridgley Offers Wearables for "Less" or Easy "Dollar" Payments.

The CREDIT clothing establishment (the right sort, like Ridgley's) is proving itself a boon, indeed, in days like these.

Wearables, bought in the usual "ALL CASH" store, are higher than ever, but a concern as gigantic as The Ridgley Credit Clothing Co., purchasing merchandise on the "syndicate plan" for a chain of 36 stores, sells attire at practically the OLD-TIME prices, and, in addition, offers you a DECIDEDLY EASIER way to PAY for your merchandise.

In other words, you may equip yourself, your wife and all the children with EVERYTHING you'll wear or they'll wear this winter on payments of a DOLLAR or two a week.

It's vastly easier to take a DOLLAR or two out of your pay envelope than to give up the ENTIRE envelope to some dealer or other; it's much WISER to KEEP a little money in the house to meet OTHER bills that continually pop up than to pay it ALL to some clothier or ladies' appareling concern.

At Ridgley's your account is your own private affair; no outsider knows your business; you dress as the wealthy ones dress and make use of the WEALTHY man's convenience—"A CHARGE ACCOUNT."

Just now the Ridgley Credit Clothing Co. is showing a SUPERBLY selected line of winter needfuls—warm clothes—and any amount of it is yours if you express a simple willingness to "Pay as you earn."

This list gives you an idea of the way prices run at Ridgley's. Check off what you need and open a "Charge Account" Saturday.

MEN'S SUITS, \$9.50 to \$39.99.
MEN'S HATS, \$1.50 to \$3.50.
MEN'S SHOES, \$2.50 to \$4.50.
BOYS' AND YOUTHS' SUITS are priced at from \$1.50 to \$18.00.
LADIES' COATS, \$6.50 to \$28.50.
LADIES' SUITS, \$12.50 to \$32.00.
LADIES' HATS, \$2.50 to \$9.50.
LADIES' WAISTS, \$1.00 to \$5.50.
LADIES' SHOES, \$1.50 to \$3.50.

By all means note that THE RIDGLEY CREDIT CLOTHING CO. has moved over to 1519 DODGE ST., the location of the former "WHEN" Credit Clothing Co., whose business and accounts has been purchased by "RIDGLEY'S."

Mr. Elmer Beddeo, who has made so many friends among credit purchasers in the past, is still manager at the new location and is anxious to see former patrons, as well as new ones.

As a means of fastening the NEW location on your mind Mr. Beddeo offers you a SPECIAL credit plan tomorrow if you will only cut out this advertisement and bring it along with you.

But by all means remember, "RIDGLEY'S" is now at the old "WHEN" location, 1519 DODGE STREET, where "YOUR CREDIT IS GOOD."

All housewives

WHO SAW the "TRIPLE-TRICK" ROASTER COMBINATION under actual service conditions at the Omaha Gas office recently were AMAZED to see the marvelous and hitherto unknown top burner possibilities made available by the aid of this wonderful and many-featured kitchen utensil.

Astonished to see, for the first time in the history of stove cooking, the BROILING or TRUE roasting principle successfully applied to the heavier cuts of meat.

Delighted to find it possible to Roast Meats OVER ONE SMALL TOP BURNER of their gas stoves without BASTING, WATER or SMOKE, and with no stooping, lifting or heat discomfort.

Convinced by the evidence of their own eyes and taste that MEATS—small roasts or large—can be roasted without losing half in bulk and appetizing flavors—it BROIL-ROASTED instead of baked or steamed in ovens—YES, and kept hot for HOURS—if needful—without drying or burning.

THE TOASTING, WARMING and STEAMING features of the "TRIPLE-TRICK" were seen to be possible with but a Fraction of the Gas required to operate the faulty constructed appliances in common use.

THE IDEA that a MEAT ROASTER could, in addition to the features named, include all the advantages of a Baking Oven, except the Flour Food functions, was so new, so unique, that people actually wanted to know if they couldn't bake bread, biscuit or pies in the "TRIPLE-TRICK", too.

IT WAS CAREFULLY EXPLAINED that the "TRIPLE-TRICK" is constructed on the scientific principle of a BROILING OVEN and would be a failure for foods made of flour, as would the Gas Broiler of their stoves.

MEN and WOMEN alike were intensely interested and overwhelmingly convinced that

Cooking With Gas is practicable, successful and easily within the financial reach of every family in Omaha if the full value of its heat units is utilized, as is emphatically the case with the "TRIPLE-TRICK" COMBINATION ROASTER, TOASTER, WARMER, STEAMER and RAD IRON HEATER.
