enough benzine to make the race. When I get into my seat, I say to this man: "How is the petrol?" "And he says: 'Fine, it is enough.'"

Benzine Gives Out.
 "So I did not go to look at the tank. Behind it is a fool to have for mechanism. But the best time I had at the track, was I was flying very fine, when the benzine gave out. Of course, then I come down—hit the pole—pouf." He seemed very little worried over the affair.

Le Blanc was within a single lap of finishing the race when his machine went down. Several of his laps were world's records, according to unofficial timing. He was improving so in speed and the plotting of his machine that it was believed he would have bettered Grahame-White's time if he had been able to finish.

Right on the heels of his accident came that of Walter Brookings, the representative of the Wright outfit, driving the baby racer, the fastest machine that the Wrights have ever turned out. Like Le Blanc, he fell in full view of the grandstand. Grahame-White was a courteous and considerate winner of the race—his expression after he was disappointed from his machine was one of sympathy for Le Blanc. "A wonderful driver," said he. "I did my best, but Le Blanc had the race won when he met with his accident. I never saw such wonderful driving as he did in rounding the turns at express speed."

Alan R. Hawley and Augustus Post, the balloonist who narrowly escaped death in the Canadian wilds, were given an ovation when the crowd recognized them sitting in the judge's stand this morning. They bowed in recognition.

TALKING TO TOOTH DOCTORS
 Distilling Hot Air, They Check the Flow with Many Little Hammers.

It is with some no little mortification and a saddening sense of disillusionment that some will receive the information that dentists do not care a rap to hear one relate one's personal experience that pertains so intimately to one's dental history. What stimulates these dentists must be for who their sitting is noted in the manner of sympathetic interest being betrayed by the slightest eye-glance of fatigue or the semblance of a suppressed yawn?

Yet we read a communication to a St. Louis paper signed by one of the profession, which inquires: "Why will the majority when their sitting is noted in the manner of sympathetic interest being betrayed by the slightest eye-glance of fatigue or the semblance of a suppressed yawn?"

Almost insensible to one's feelings, it seems, down to 17. Add one or two needs sympathetic interest. "Why will the majority when their sitting is noted in the manner of sympathetic interest being betrayed by the slightest eye-glance of fatigue or the semblance of a suppressed yawn?"

CORNELL GLEE CLUB HERE DURING THE HOLIDAYS

Local Alumni is Preparing for the Coming of the Well Known Organization.

Many men of affairs in Omaha are graduates of Cornell university, and the local Cornell alumni is taking special interest in the forthcoming visit of the Cornell Glee club, which is scheduled for the evening of December 23, this year, in the Boyd theater.

It is the purpose of the Cornell Glee club to visit ten of the principal cities during the Christmas season, and Omaha is one of the ten. The Glee club has been a continuous organization since 1871, and has reached a high state of perfection. Sixty men are carried on the tour this year, and it is promised that Omaha will be given a musical treat far above the ordinary.

The repertoire of the club has undergone many changes, and while it was confined to old-fashioned songs such as "My Bonnie Lies Over the Ocean," "Solomon Levi," etc., there is now a wider range of program including a happy sprinkling of both grave and gay. There is also the highest skill in instrumental music, particularly mandolin selections.

Big Gift for Michigan Masons.
 ALMA, Mich., Oct. 29.—Announcement was made today that the Grand Lodge of Michigan has presented to the grand lodge of Michigan Free and Accepted Masons the Alma matriculation for 25 Masons home to relatives who are burned at Grand Rapids last February. Mr. Wright is not a Mason.

To Throw Dust in Public Eye

Hitchcock Press Agency Tries to Start Trouble Between Latta and Howard.

HARTINGTON, Neb., Oct. 29.—(Special.)—There was brought to light here yesterday the most desperate scheme yet attempted by the Hitchcock managers to divert attention from the tainted candidate for United States senator.

The Cedar County News, which is boasting for Hitchcock, published in this week's issue the direct charge that Edgar Howard had issued an anonymous letter attacking Congressman Latta. In view of the fact that Edgar Howard has been giving Congressman Latta splendid support in his newspaper, the Columbus Telegram, some of the local democrats began to smell a mouse in the charge made by the Cedar County News. They now believe they have chased the mouse into a hole and that the hole is occupied by the Hitchcock publicity bureau, which is sending out thousands of dollars' worth of free plate matter to county papers, all of the plate matter being devoted to attacks upon Edgar Howard, the man who exposed the dealings between Hitchcock and Bartley.

Telephone talks with Edgar Howard denounce the attacks upon Congressman Latta as a forgery circulated by the Hitchcock machine for the purpose of distracting attention from his own bad record and to discredit Mr. Howard in his efforts to show the relations between Hitchcock and Bartley.

So separate is the Hitchcock machine that it will stop at no deed to make capital for the tainted candidate for United States senator. That machine is willing to send forth an anonymous attack upon Congressman Latta, no matter how much it may injure him, if only the attack will draw attention away from Hitchcock's dealings with Bartley.

No true friend of Congressman Latta will be deceived by the Hitchcock managers. They all know that Edgar Howard has been giving Mr. Latta loyal support in this campaign. Friends of Mr. Latta have carefully compared the anonymous letter with the stationery used by the Hitchcock committee and they find the paper to be of the same texture and produced by the same machine used by the Hitchcock fund, even a bruised punctuation mark and one or two letters in the type used being out of alignment in this anonymous attack, just as they appear in other letters sent out by the Hitchcock committee. Friends of Congressman Latta are sure over the duplicity of Congressman Hitchcock, and it is safe to say that the Hitchcock plan to discredit Edgar Howard at the expense of Congressman Latta will cost the Bartley candidate many a vote in the Third congressional district.

SHALLENBERGER AT HASTINGS

Governor Appeals to Voters for Support for Democratic Ticket.

HASTINGS, Neb., Oct. 29.—(Special.)—On the plea that the democratic party stands fundamentally for good government, Governor Shallenberger, in an address at the opera house last night, appealed to the voters to support the "entire democratic ticket." He singled out Mr. Sutherland, the Fifth district congressional nominee, and Mr. Hitchcock, the senatorial nominee, for special commendation, and he gave Mayor Dahlman a minor mention at the close of his speech. Dahlman's name was mentioned only twice in the address and there was no reference to his record of public service.

Sary County Teachers.

SPRINGFIELD, Neb., Oct. 29.—(Special Telegram.)—The first annual meeting of the Sary County Teachers' association was held today in Springfield. Teachers from the parts of the county, including Superintendent Lamb of Papillion, Neff of Gretna, County Superintendent Collins of Papillion and others participated in the program.

CUMMINS, SPEAKS IN KANSAS

Senator Says Republicans Should Vote for Party Candidates.

KANSAS CITY, Mo., Oct. 29.—Senator A. B. Cummins of Iowa addressed a republican rally in Kansas City, Kan., tonight under the auspices of the Wyandotte County Republican club. Senator Joseph B.ristow of Kansas introduced the speaker.

Senator Cummins said it would be useless for the progressives and the regulars to attempt to convince the public that no material differences existed between them, as the line was sharply drawn.

MANUEL ATTACKS DAHLMAN

Says Worst Element of Democrats Procured His Choice.

URGES VOTERS TO TURN HIM DOWN

Democrats and Populists Alike Cautioned Not to Elect Man Whose Friends Will Resort to Any Subterfuge to Win.

LINCOLN, Oct. 29.—(Special.)—C. E. Manuel, chairman of the people's independent party of Nebraska, is out with an attack upon Mayor J. C. Dahlman, the democratic candidate for governor, in which he urges his party to turn him down at the polls and "show the people we will not stand for such open or such methods" as are being used to further his election.

The letter is as follows: "HEADQUARTERS PEOPLE'S INDEPENDENT PARTY, LINCOLN, Oct. 29.—To Populists and Honest Democrats of Nebraska: For several years a certain element in the democratic party has been working to eliminate the populist party from the political game. This year that element has controlled and they think they have the populists out of the way and are endeavoring to guide the democratic party back to the old conditions. They think they have disposed of Mr. Bryan and his populist following, but we will see.

"The present so-called leaders of democracy do not realize that to win they must have the support of the populist party. They have ignored the populists and we do not have a candidate that they have endorsed. The entire democratic ticket is made up of democrats. No populists need apply. Fellow populists, are we going to let this slight go unresented? Is our only mission that of voting the democratic ticket? Are we to be held responsible for democratic misdeeds? Do you not think that now would be a good time to show our strength? We cannot support the democratic nominee for governor because he does not represent populist principles. He is the brewery candidate and has nothing but personal liberty as a platform on which to stand. Populists have been opposed to corporate interests interfering in the policies of our party, but this man is one of the greatest trusts dictating what democratic policies must be and who democratic candidates may be.

Breweries Beat Governor.

"Governor Shallenberger has made the best governor this state has had in years. He was carrying out the wishes of the people and giving us a clean, wholesome administration.

"The people have been for several years demanding more restrictive legislation along moral and temperance lines. The last legislature passed the 8 o'clock or daylight saloon law and the brewery interests told the governor that if he signed that bill, he was signing his political death warrant. The governor and the breweries carried out their threat. Governor Shallenberger was defeated for re-nomination and a complete wet ticket put up.

Heretofore populists have been working with the democrats under the leadership of W. J. Bryan for better government, but when the democratic party turns down men like Bryan, Shallenberger, Metcalf and the men who are standing for purity in civil life and places as its standard-bearer the most radical booze advocate in the state, and surrounds him with a number of honest candidates, it is not about time for populists to stop and ask themselves whether we are drifting?

As proof that the democrats are not asking us for support I need only state that since Dahlman was declared the choice of the democratic party, not a line of honest candidates, is not about time for populists to stop and ask themselves whether we are drifting?

Friends with Fusionists.

"Fellow populists, are you willing to support such men and adopt such measures? Honest self-respecting democrats are you willing to see your party turned over to the worst element of our state? Are you willing that Bryan, Shallenberger and Metcalf, and the other splendid men of your party shall be turned down and men of their place and power for whom the whole people of the state would be compelled to hang their heads in shame if they should be elected? If you submit to this, your party will not have another opportunity in twenty years. Do you remember Jim. Boyd and his policies? It took you eight years to recover and then had it not been for populist support, Shallenberger could not have been elected. Your present candidate for governor does not represent democracy and you will be doing your party the greatest possible service by voting for the republican nominee. If you permit Dahlman to win you will not get the populists back into line another year and the members of the republican party who are supporting Mr. Dahlman will be back voting the republican ticket. Do you not realize that the success of Mr. Dahlman means a breaking up of the progressive element of your party and that if the populist organization is abandoned two-thirds of its members will be out of the party? The populist voter has stood firm for advanced democratic doctrines, but if you desert these principles we will go to the party that most nearly represents our ideas.

"I appeal to you populists and democrats to repudiate the present would-be leaders of democracy by supporting the republican candidate for governor. Let us hurl back the charge that the democratic party is the booze party, by defeating Dahlman. Let us show the people we will not stand for such open or such methods. Be sure to go to the polls and vote for what your conscience tells you to be right. Remember that every whiskey vote in the state will be a sin. Do not go to sleep with an easy conscience, but give a good account of yourself on November 8.

"Yours for success for good clean, honorable men in office."
 "C. E. MANUEL, Chairman."

Wyoming to the Front as a Hog Raising State

Enters Into Lively Competition with the Celebrated San Luis Valley of Colorado.

Telephone Systems of Des Moines Will Be Consolidated in One Week—Teachers Sending in Names for State Session.

LARAMIE, Wyo., Oct. 29.—(Special.)—Wyoming has entered the field as a competitor with the San Luis valley in raising pig-fed hogs and within another year will be shipping them to the South Omaha market. The first large lot was placed on the market today by the Laramie Development company to show the special quality of the meat as compared with those fattened on corn, and the result will be that many farmers of Albany county will enter the hog raising business.

Next year the Lake Hattie, Lake James and Laramie Development company projects will all be supplying water for irrigation purposes and within three years 25,000 acres will be under the ditch in the county. At that time this section will be a factor in the South Omaha hog market as well as on cattle and sheep.

This county is the one which holds the record for oats, and Colonel Bell has offered to wager \$10,000 that the Albany county record cannot be beaten. This county will make a fine showing in Omaha in January at the Western Land Products exhibit.

FROSTS IN THE EAST TONIGHT

Temperature is Moderating in North-west—Warm Wave from Medicine Hat.

WASHINGTON, Oct. 29.—Frosts again were predicted to occur again tonight in the eastern sections of the United States as far south as northern Florida. The temperature during the last twenty-four hours fell still further in these sections. The cold is moderating rapidly in the northwest. Medicine Hat reported a temperature of 49 degrees this morning. Exceptionally heavy snows for this season of the year have been reported on the east shore of Lake Michigan and the south shore of Lake Superior, six inches of snow or over being on the ground at Grand Haven and Marquette, Mich.

IOWA CHAIRMEN CONFIDENT

Statements Issued by Both Parties as to the Campaign.

REPUBLICANS FULLY CONFIDENT

Telephone Systems of Des Moines Will Be Consolidated in One Week—Teachers Sending in Names for State Session.

(From a Staff Correspondent.)
 DES MOINES, Oct. 29.—(Special Telegram.)—The following statements were made by the chairmen of the two state committees this evening:

Chairman Carl F. Franke, republican: "As a rule pre-election estimates of majorities in off years are of little consequence as it is difficult for the leaders of the parties to determine what per cent of the whole vote will be polled. To perfect an organization throughout the state is a huge task for any committee, but the republican organization in Iowa is intact, the committeemen are all competent and active, the state is republican, there is no general dissatisfaction among republicans throughout the state and, notwithstanding all claims to the contrary, there will be a general republican victory on November 8."

Chairman N. F. Reed, democrat: "Judging from reports I have received from different corners of the state, I am looking for the election of the democratic state ticket. Of course, I am in no position to give figures and I am sure that no man can undertake to give exact figures on the situation, but I am very confident of the election of Claude Porter as governor of Iowa. I think that the result in the congressional districts will be a surprise, and we are going to make big gains. These opinions are formed from my own reports from an excellent working organization we have in the state and also confidentially from a number of republicans."

Teachers Enrolling.

Advance enrollment for the state teachers' convention closed with 8,500 enrolled. All of that number have secured seats for the Roosevelt speech on the night of Friday, November 4. That leaves about 2,000 seats for the general public. Plans have been made for a political meeting the same night to be addressed by Theodore Roosevelt after his address to the teachers.

COFFEE STEAMER IS LOST

Crown Prince, with Cargo of Seventy-Five Thousand Bags, Goes Down Off Cuba.

NEW ORLEANS, Oct. 29.—The steamer Crown Prince of the Prince line from Santos to New Orleans with a cargo of coffee, was wrecked off the western coast of Cuba on October 16. The crew of thirty-four and four passengers were rescued and taken to Havana, where they arrived today. The steamer, with its cargo valued at more than \$1,000,000, is a total loss.

The Crown Prince sailed from Santos more than a month ago, carrying 74,567 sacks of coffee, one of the heaviest coffee cargoes ever cleared for this port. It was caught in the recent hurricane off Grand Cayman island and was last reported on October 13.

Snow is General

Over Wide Area

Generally Fair Weather Predicted, with Rising Temperature to Move Gradually Eastward.

WASHINGTON, Oct. 29.—Snow, many days ahead of its average date of appearance, fell today as far south as the north sections of the gulf states and throughout the country unseasonably cold weather prevailed. In the east and south the cold waves from the west arrived early in the day and the prediction is that the cold will continue in these sections tomorrow, to be followed by moderating temperature Sunday.

In all sections east of the Rocky mountains with the exception of the Great Lakes region, where snow flurries are predicted, generally fair weather is to prevail tomorrow, the rising temperature to move gradually eastward.

Snow in the Lake Superior region today was heavy and killing frosts prevailed in the interior sections of the country. In the northwest the conditions moderated considerably during the day, a maximum of 45 degrees having been reported from points in Montana.

DEATH NOT DUE TO FOOT BALL

Autopsy on Body of Cornell Freshman Indicates Dilatation of Heart Caused Demise.

ITHACA, N. Y., Oct. 29.—That Lauren B. Paine of Duluth, the freshman who died at the Cornell infirmary last night, did not die from injuries received in foot ball practice was announced tonight after an autopsy upon the body by Dr. Charles A. Bentz, the Buffalo pathologist. The findings confirmed the opinion of the foot ball coaches and others connected with the game and removes all doubts as to the playing of the balance of the scheduled year. The findings are contained in the following telegram sent tonight by President J. G. Schurman to Franklin Paine, the boy's father:

"Dr. Bentz of Buffalo made a post-mortem examination this morning and has just submitted to me the following signed

DINING ROOM FURNITURE

There are interesting spots on all six of our floors, but the consensus of opinion as voiced by our friends is overwhelmingly in favor of the great exhibit of Furniture for the Dining Room, which takes in one entire floor.

Here one may study the works of Sheraton, Hepplewhite and Chippendale, and compare them with those of the master craftsman of earlier and later times. The pieces in this room are carefully grouped so that the intending purchaser may gain a good idea of design, colors and finishes of the many beautiful pieces.

This is, indeed, a feast of Furniture for the Dining Room which awaits the fastidious and discriminating buyer, who honors us with a visit of inspection, remembering that Thanksgiving Day is but three weeks away. Our prices are such as to meet the demands of all corners.

BED ROOM FURNITURE

Our Bed Room Floor is one of our many floors which is very much talked about by our friends. This consists of Brass and Iron Beds of all descriptions and sizes. The full size Brass Bed (like illustration), with two-in. posts, six three-eighths-in. lateral rods, seven-eighths-in. cross rods, with patent roller construction, and absolutely guaranteed not to rattle; box spring, which we guarantee, with a perfection felt pad. **\$38.50** Complete outfit.
