Twin Brother encampment No. 42 has requested all members to meet at Odd Fellows temple Thursday evening at 7:30 to go to Omaha to visit Hesperian encampment No. 3 to witness the work in the fraternal line.

Felix Gilmore, who has been in St. Bernard's hospital for a year or more, was ordered released yesterday after an inquiry by the board of insanity commis-sioners. He was taken to his home near Honey Creek.

The funeral of John Leonard, who lost his life from gas asphyxiation on Sunday morning will be held tomorrow afternoon at 2 o'clock from the family residence, 313 Third avenue. The Rev. F. A. Case will officiate. Burial will be in Walnut Hill cemetery.

J. L. Walrod filed a suit in the district court yesterday afternoon seeking divorce from his wife, Mrs. M. E. Walrod, who was married in Webster county, Iowa. He alleges in his petition that they lived together until the summer of 1908, when she deserted him. He has not heard from her for the last two years and has an affidavit asking for a court decree of service of notice by publication.

The hearing of Albert D. Richardson and Evan Guiter, who were charged with robbery, was continued in police court yesterday morning for two weeks. Richardson was held under \$500 bonds. Richardson secured his bond Sunday afternoon, but Guiter will still be in jail. Guiter accuses them of holding him up and robbing him of \$15 in the street in the city of Omaha. A complaint filed by the man charging him with attempting to stab Richardson with a knife, was released on his own recognizance.

Floyd Sutton, 12 years old, living at Seventh avenue and Thirteenth street, was locked up in the city jail yesterday because of being a habitual bicycle thief. The police say the lad has stolen half a dozen wheels in the last few weeks, taken them apart and destroyed their identity in the re-assembling process. In addition to re-peating them, he stole a bicycle from A. W. Maloney at Sixth and Broadway Saturday, and this was found at his home recently. Sutton, together with the parents of many others, will be arraigned in juvenile court this morning.

An important business meeting is to be held tonight at the Young Men's Christian association building. It is called by the central committee of the Young Men's Christian association and is for the purpose of deciding about several things, in-cluding the location of the extension of the building. The meeting will be held at 7:30 p. m. in the hall of the association. The meeting is being called by the Y. M. C. A. because of the loss of the new building that is being erected by the Y. M. C. A. on the corner of Broadway and Tenth. The new building has been leased for mercantile purposes. The women have in view another building, which is being erected on the corner of Broadway and Tenth. The meeting is being called by the Y. M. C. A. because of the loss of the new building that is being erected by the Y. M. C. A. on the corner of Broadway and Tenth.

Roy Inman, a 12-year-old lad, whose home is at 2623 Liberty street, Kansas City, was in police court yesterday charged with carrying a gun in company with him was Robert Bentley, a middle-aged man, who had also been charged with carrying a gun. The lad told a straightforward story to Judge Snyder. He said he ran away from home and made his way to Gilmore, Ia., and then to Marshalltown, where he drove a delivery wagon long enough to earn his way back to his home. He fell in with a lot of hoboes and they robbed him of his money and left him stranded in Omaha. He found a friend in Bentley, who brought him across the river for the purpose of letting him find his way to Kansas City via the box car route. Both were dis-charged when it was shown that Bentley's purposes were excellent.

W. H. Orchard, who is soon to assume the editorial management of the Non-Parad, returned from his former home at Glidden yesterday morning, wearing a valuable solid gold watch, which was given him as a testimonial of the esteem in which he is held by the townsmen. The watch was hand-some and valuable, and was given him after doing a full day's newspaper work Saturday. Mr. Orchard left for Glidden on a late afternoon train. He was met at the train by a committee of citizens and escorted to one of the churches, where reception was then tendered to him. He was then invited to attend another public meeting in a hall, where the watch was given him with appropriate ceremonies. Mr. Orchard has lived in Glidden for thirty years. For many years he has been owner and editor of the town news-paper, the Graphic, and for the last thirteen has been assisting in the management of the family to Council Bluffs in a few days.

Council Bluffs was thoroughly policed last night by the regular day and night force and a large number of special officers, equipped with automobiles and means of rapid transit, with orders to break up the holdovers of hoodlums at any cost. The co-operation of the parents and the preparedness of the police department re-duced the damage to a minimum. The only damage of any consequence reported up to 11 o'clock came from the Sixth ward, where some boxes of half-civilized young ruffians tore up plank street crossings, demolished fences and overturned out-houses. Crowds of boys and half-civilized youngsters were allowed with many new devices for creating needless amuse-ment, which was fully enjoyed by old and young. Whiting ghosts, white-sheeted spec-ters and some strangely grotesque make-ups raised a huge amount of wholesome merriment and aided in distracting the hoodlum element.

Chief Nicholson of the fire department yesterday afternoon took out the new aerial ladders; they and gave the members of the department an hour's practice with it to permit the firemen to become thoroughly familiar with all of the little knicks con-nected with its rapid operation. The ladder was raised by automatic device in use and a half second and the extension re-lated to the top of the ship plan in five seconds more. Slices of people could have been taken from the roof and windows of both buildings in a few minutes. Chief Nicholson and all of the members of the truck crew scaled the dizzy rounds and the chief permitted himself to be raised at the end of the ladder and was swung around the top of the fire and described in its evolu-tions. The fire was again demonstrated that the truck may become a very useful adjunct to the fire fighting machinery of the city.

The first series of the preliminary cross-country runs for the public school boys were pulled off yesterday afternoon and are to be continued each Monday and Wednesday afternoon until Thanksgiving. When the final contest will take place. The sprinted contests are under the direc-tion of Secretary Elmore of the Y. M. C. A. and the association has provided a suitable trophy for the winner. The boys were selected yesterday for the initial run and about 1,000 boys were entered. There was a large and noisy crowd. Two lively high school athletes were chosen to represent the boys and were given four minutes start, marking the course they followed by dropping bits of colored paper at inter-vals. The chase led over the hills in the vicinity of Fairview cemetery and the lake and covered about two and a half miles. The first five boys were: Charles W. here, and they were: First boy in Wheaton Clark; second, Arthur Paine; third, Old; fourth, Clifford; fifth, Milton; sixth, Milton Humphrey. Washington Avenue school boys will race tomorrow afternoon, and the other schools to follow until teams are selected from each. Two all of the teams will enter the big Thanksgiving day race.

Council Bluffs

PLANS FOR CHILDREN'S PLAY

Miss Julia Officer Will Submit Them to School Board Tonight.

WOULD USE OLD SCHOOL TRACT

Proposes to Grade Crest of Hill and Prepare Fine Field Almost in Heart of the City for Youth.

In furtherance of her purpose of secur-ing public playgrounds and thus earning the gratitude of future generations, Miss Julia Officer has had plans drawn which are applicable to the three-and-a-half acre tract of ground on which stood the old high school building. It has been the de-sire of Miss Officer that she might ac-complish something tangible and per-manent for the welfare of the children of the city—something that would involve im-provement of environment in association of children with children, safer than the streets and more desirable than the vacant lots where "Mokey" reigns supreme by the process of fairs on the inclosed private grounds which must be invaded by stealth and vacated by flight when the shout of the angry owner is heard. Miss Officer has made no proposition to the school board, but contemplates doing so tonight. She expects opposition and perhaps a cur-rent of her request for the use of the long idle grounds, and must rely upon an awakened public sentiment to secure any-thing more than a polite and patient hear-ing.

Tract Long Idle.

The tract desired has lain idle for more than a dozen years. It originally comprised more than seven acres, but several years ago the board decided to plat and sell that portion of it lying on Glen avenue. The lots laid well and had a fine street frontage. The board had them appraised and the appraisers fixed prices that the most op-timistic member of the board considered too high, but when the first batch of bids came in several were higher than the fixed price. All of the building lots were im-mediately snapped up as great bargains, but the remainder of the tract crowned a hill seventy-five feet above the street level, surrounded by a condemned high school building that cost \$30,000 to build in 1870. The board tried earnestly to sell the old building and the plot of ground and the best bid for it was less than \$2,000. The building was subsequently torn down and the material used in the construction of the Avenue F building. The tract is ad-mittedly of no value for building purposes until graded down and the estimated cost has made it prohibitory.

Would Grade Down Hill.

The plans Miss Officer has perfected contemplate a reduction of the crest of the hill to a considerable extent, the construction of a twelve-foot wall on the east side lot line and bringing the entire tract to a level surface. The central part of it, accord-ing to the plans by City Engineer Einyre, will be used for a stadium 345 feet long extending north and south and 224 feet wide, surrounded on the north oval by a cement walk ten feet wide. Back of this and facing the stadium is a grandstand forty feet deep. Partly in the rear of the grandstand and extending along the west side of the tract the plans show a tennis court 52x28. The plans show sev-eral entrances and exits and a sixteen-foot alley on the south side.

Will Submit Plans.

Miss Officer will submit her plans to the Board of Education at the regular meeting tonight and fully explain her purpose. Her idea is to make this the playground for the high school, as well as a public play-ground for children. If she is successful in this she hopes to find means of over-coming the high dilapidation of the school buildings that were responsible for planting so many of the school buildings upon land just about sufficient for the foundations. She hopes that at least a start may be made in the effort to secure playground room for a number of the centrally located schools.

As a public playground for children and an athletic and amusement park the old high school site is ideal, and its owner-ship is not to be disturbed by Miss Officer's plans. Base ball, foot ball and similar games would have a brilliant setting, located almost in the heart of the city and yet remote enough from the business and residence houses to avoid annoyance. Miss Officer has not disclosed all her plans in relation to the high school grounds, but it is certain that they are practical and possible, and will no doubt be heartily approved by the public when more fully explained at the meeting of the board to-night, many of whose members are in hearty sympathy with her.

INCENDIARIES SET FIRE TO GEORGE DEAL'S SALOON

Bar Fixtures Retained and Considerable Amount of Property Stolen.

The saloon at the corner of Broadway and Thirty-seventh street, acquired some time ago from the estate of the late John J. Crowe, was broken into shortly before midnight Sunday night and set on fire in several places. The rear door was broken open by the incendiaries and a fire started under the bar beneath the big plate glass mirror. In the show case, where the stock of cigars was kept, and at another place in the north end of the room. The incen-diaries carried away a quantity of the goods, principally cigars. When the fire-men reached the place the fire had almost entirely ruined the bar fixtures, cracked the mirror and rained the clear case.

The motive that prompted the deed is thought to be a protest against the ex-actations of the saloon. Although it has been run in an orderly manner by the present owner, George Deal, it has been the Mecca of a large and increasing crowd of thirty fellows from Omaha, who cross the bridge after the 8 o'clock law closes the saloons there. These fellows have not always been orderly and much annoyance has been suf-fered by people residing in the vicinity. The isolated character of the saloon, more than three miles from the central police station, makes it difficult to provide police supervision. The belief is that whatever stuff was taken out was carried away after the fire started.

Cole's Hot Blast stove and ranges, 215 N. We have the exclusive sale, P. C. De Vol Hardware company, 59 Broadway.

Marriage Licenses.

Marriage licenses were issued yesterday to the following:

Name Address Age. Fred Hawkins, Omaha, 27. Hattie Williams, Omaha, 25. Paul L. Quint, Omaha, 23. Hattie E. Lutzon, Omaha, 21. W. Waddell, Leona, Ia., 21. Mary Holtz, Shelby, Ia., 21.

We handle a complete line of wine, brandies, cordials and champagne. L. Rosenfeld Liquor Co., 22 South Main St.

Council Bluffs

M. J. O'Connell Company Grows

Plans to Expand Into One of Largest Department Stores in Iowa.

The M. J. O'Connell dry goods company is to be expanded to more than twice its present size and is to occupy all of the remaining store rooms of the Shugart-Remond block with the exception of the office building at the south end of the Shugart block. The announcement was made by Mr. O'Connell yesterday that he had leased the two large store rooms now occupied by the A. Hospe company for the Iowa branch of his business, established here by O. O. Over, and the adjoining room occupied by the Faxon billiard and pool hall. Mr. O'Connell leaves November 19 and he began the work of removing the piano and music stock yesterday. Mr. Faxon's lease does not terminate until next June, but he is willing to give way for the purpose of the O'Connell enlargement as soon as he can find another suitable room.

The O'Connell lease is for a long term and permits the establishment in Council Bluffs of one of the largest dry goods and department stores in Iowa in a building equipped with all of the modern ap-pliances and conveniences for doing busi-ness, electric elevators and automatic de-vices for facilitating operations and im-proving the comfort of patrons. The store building will have a frontage of nearly 300 feet on Pearl street and the same on Main street, with four floors. The two additional buildings to be occupied were remedied by the late John Beno for department store purposes at a cost of many thousands of dollars. Nothing desirable in the way of equipment was omitted.

Mr. O'Connell stated yesterday that it was the purpose of the company to put in a stock of goods that would command the attention of the western Iowa trade and enable this store to compete on equal terms with any other nearby city. If the satisfactory arrangements can be made with the second tenant the enlarge-ment will be made and the new store stocked in time for the first part of the holiday trade.

DR. COOK WRITES TO WELLMAN

North Pole Bluffer Congratulates Bal-loonist on Recent Accomplish-ment with America.

NEW YORK, Nov. 1.—The Times will print tomorrow, a cable message signed by Dr. Frederick A. Cook, the erstwhile arctic explorer. It is a message of congratulation to Walter Wellman, sent through the London correspondent of the Times, and is as follows:

"Acting upon your offer to transmit from me a message to Mr. Wellman, kindly send him my heartiest congratulations for his wonderful initial success. If he crosses the Atlantic he will have gained an object of greater use to mankind than the conquest of the pole."

A Household Medicine

To be really valuable must show equally good results from each member of the family using it. Foley's Honey and Tar does just this. Whether for children or grown persons Foley's Honey and Tar is best and safest for all coughs and colds.

Real Estate Transfers.

The following transfers were reported to The Bee October 31 by the Pottawattamie County Abstract company, Council Bluffs:
