We believe his majority will be so heavy that there can be no reasonable doubt of the election of the whole democratic state ticket. We claim that the legislature will be safely democraic on joint ballot.

"The election of fourteen democratic congressmen seems well assured with more than a fighting chance in three other districts."

The republican committee will issue a statement late today which will say that the vepublican state ticket will be elected by a substantial majority and that the legislature will be republican. The claim will also be made that the republican congressional delegation from the Buckeye state will be increased.
