Where Democrats Are Colonizing Votes for Dahlman in Omaha

EXTERIOR OF 517 SOUTH 13TH STREET - NINETEEN VOTERS REGISTERED FROM HERE

INTERIOR OF 517 SOUTH 13TH STREET

TO PROSECUTE BOGUS VOTERS

Chairman Baker Issues Orders for Rigid Inquiry.

SAYS LAW MUST BE ENFORCED

Bee's Exposure of Illegal Registrations Brings Consternation to the Local Democratic Camp.

The Bee's expose of illegal registration is the cause of much consternation in the local democratic camp and there is great anxiety lest prosecutions result. Widespread investigation is now under way and the story of the nineteen Greeks who registered as democrats from a one-story pool hall, 517 South Thirteenth street,

as published in The Bee, is only one instance out of many flagrant violations of the law governing registration of voters. At republican headquarters Saturday morning, Judge Ben Baker, chairman of the republican county central committee, issued an edict to party workers as follows: "I want a thorough investigation of illegal registration. I want this work pursued night and day from this time forward up to and including election day. The republicans of Douglas county do not stand for such practices and I propose that wherever sufficient evidence of illegal voting is secured there shall be vigorous prosecution. There is a law against false registration—I know that law because I helped to pass it when I was a member of the legislature—and we are going to put that law into use. Such wholesale frauds as have been brought to my attention must not, and shall not, be allowed to go unpunished."

Under the general direction of Rev. J. M. Ladd, district superintendent of the league, according to a statement he made Saturday. Advisability of instituting criminal action against the persons alleged to have registered fraudulently will be considered at a special meeting of the Omaha advisory committee of the league, which has been called for Monday at 10 a. m. To Consider Prosecutions. "We have been working on this matter for several days," said Mr. Ladd. "I am certain of the facts. We have carefully investigated, and I think I could prove in court that many registrations are illegal. The league will not take official action of a legal nature until the committee advises us to do so, however. If the committee believes it would be best to file complaints they will be filed."

MACHINES WILL BE READY Deputy County Clerk Dewey Says that the Machines Are Ready for Voters. Announcement that all preparations for Tuesday's general election in Douglas county will be complete by Monday noon was made Saturday by Deputy County Clerk Frank Dewey and Custodian of the Voting Machines E. E. E. Ridgway. "We have worked hard," said Mr. Dewey, "and we are about done. I'm glad of it, too." Mr. Ridgway said, "Everything is all right. We have the machines delivered and half of them inspected. We can do the rest by Monday noon all right. If necessary we could have everything ready to hold election Monday instead of Tuesday."
