 situation in the light of recent decisions
 by the Commerce commission.

Officer's Bullet Probably Fatal

South Omaha Laborer Expected to Die as Result of Shot by Policeman Small.

William McMahon, laborer, who is said to be on the street, South Omaha, will probably die as the result of being shot by Policeman Jake Small at the corner of Thirtieth and Q streets in South Omaha late last night.

Small asserted he encountered McMahon and two other men at the corner. According to his statement, when he told them to move on, they attacked him and one of them struck him with a lunch bucket. After this, he said, McMahon started to run and he fired in order to stop him.

The bullet struck McMahon in the back, inflicting a wound which, it was thought last night will probably prove fatal. The injured man was taken to his home. He was attended by Drs. Koenig and Shansha.

UNIVERSITY OF OMAHA MEN TO FORM AN ASSOCIATION

Hear Lectures and Decide to Take Formal Steps in That Direction.

W. H. Kendall, student secretary of Young Men's Christian association in Nebraska colleges, addressed the students of the University of Omaha at the Thursday chapel exercises. The topic of his remarks was "Public Sentiment as Moulded by Traditions."

"One tradition at Harvard which has given rise to this motto, 'How the game is played, is more important than who wins,' is this," said Mr. Kendall.

"Some years ago Harvard was playing football against the Carlisle Indians. One of Harvard's men charged an Indian. Immediately the Harvard rosters demanded that that player be removed from the game. His removal cost Harvard the game, but gave and perpetuated clean athletics to Harvard."

Numerous other instances of this kind were quoted, which have done away with unfairness and have bred gentleness in sports.

In closing Mr. Kendall exhorted the students to always stand for that sentiment which demands clean and fair play in everything.

After the chapel exercises Mr. Kendall met the men of the school and told them the nature of college Young Men's Christian associations. These are founded primarily for the social and religious uplift of college students. They are found in nearly every college in the United States and its membership forms the largest organization in the world. Every year student conferences are held to which all schools send representatives.

Stanton Salisbury was selected an assistant correspondent and will aid in the organization of a student Young Men's Christian association at the University of Omaha.

At noon a mass meeting was held to work up enthusiasm for the Council Bluffs basketball game, which will be played Friday evening in Council Bluffs. Speeches were made and numerous yells were practiced. Friday evening the students will eat lunch at the university and will all attend the game in a body. A special car has been chartered which will carry the students from the university to the Council Bluffs Young Men's Christian association and from there back across the river.

AFFAIRS AT SOUTH OMAHA

Commercial Club Passes Resolution Against Discrimination.

OBJECT TO SWITCHING CHARGES

Goods Consigned to South Omaha Are Sent to Omaha—City Council Awards Contracts for Paving Several Districts.

The Commercial club yesterday passed a resolution calling the attention of the legal department of the city to the discrimination by certain railroads against South Omaha and requesting it to take action with a view to the removal of the cause of complaint. It is an old standing grievance and according to the statement of a prominent business man it has dealt hardly with the city. Freight coming from the south although consigned for South Omaha is carried to Omaha and the consignee has to pay the switching charges. The railroad companies most complained against are the Missouri Pacific, the Chicago and Northwestern and the Illinois Central.

Business men feel that these companies should not discriminate against South Omaha and consequently the action of the club yesterday.

City Council.

At the city council last night on the report of the finance committee, Councilman Miller raised the question of the payment of telephone charges for the assistant chief of the fire department. The charges were passed for the last month, but the whole question of the payment of charges for assistants in the fire and police departments will be considered at the next meeting of the finance committee.

The following contracts were awarded: Paving of alley between Twenty-second and Twenty-third streets from J to K with vitrified brick, James Parks; alley, Twenty-fourth to Twenty-fifth, K to F, vitrified brick, James Parks; Twenty-second street, H to D streets, Portland cement, James Parks; alley between Twenty-fourth and Twenty-fifth streets, L to M, the National Construction company; Thirty-sixth street, Q to Harrison streets, the National Construction company. There was a tie vote on the awarding of the contract for the paving of Pauline avenue to George Parks & Co., and nothing consequently was done.

Magie City Gossip.

City Engineer Roberts again desires to warn people against burning leaves on asphalt pavements.

Phone 101 South 88, Independent F-103 for a case of Jeter Gold Top. Prompt delivery to any part of city. Williams Deter, George Parks & Co., by South Omaha.

BEE WANT ADS PRODUCE RESULTS

You are Sure of a Perfect Match

"Yes, Madam, this fabric shows identically the same details and color as would be shown in broad daylight. You see I'm displaying the goods under the clear white rays of this wonderful new General Electric Mazda Lamp. It's really the equivalent of daylight, and that's why all up-to-date stores are using it. Of course there are also other vital reasons, one of which is this: the G-E Mazda Lamp gives twice the light of the ordinary carbon incandescent lamp—and costs less to burn."

The invention of the Mazda Lamp has caused thousands of people to have their houses and stores wired for electric light. If you are not now using it, come in for a moment to-day and let us prove to your entire satisfaction that this wonderful new lamp has made electric light as cheap as it is convenient.
