

PINCHOT APPEALS TO THE PRESIDENT

Former Forester Requests Permission to Submit Brief in Cunningham-Alaskan Claims.

SEEMS INTERIOR DEPARTMENT

Declares Executive Alone Should Act Upon These Cases.

INFERS BALLINGER PRE-JUDGED

Thinks Secretary Has Actually Decided to Invalidate Them.

BALLINGER TO TRANSFER CASES

Official Issues Statement in Which He Says Will Ask Congress to Send Whole Matter to Court of Appeals.

WASHINGTON, Nov. 13.—Expressing the fear that the interior department will recommend the patenting of the Cunningham-Alaskan coal land claims which he believes to be fraudulent, Gifford Pinchot, former forester of the United States, has appealed to the president to allow him to submit a brief before any such action is given executive approval.

Mr. Pinchot, writing to the president under date of November 7, says in part: "It is unfortunately impossible to look with confidence to the officials of the interior department for an unbiased judgment in this matter, and it is clear the protection of the public interest in these Alaskan coal lands must depend directly upon the president himself."

Secretary Ballinger's connection with these claims, which have been before the interior department since he was commissioner of the land office, precipitated the so-called Ballinger-Pinchot controversy, and the congressional inquiry of the interior department of the forest service, which resulted therefrom.

The letter also bears the signature of the former forester's brother, Amos Pinchot.

Uruguay is About Ripe for Another Small War at Home

Ten Thousand Armed Revolutionaries Are Gathered and Several Skirmishes Are Reported.

MONTEVIDEO, Nov. 13.—(Special Cablegram.)—There are now 10,000 armed revolutionaries in Uruguay, who are gradually concentrating. Several skirmishes are reported, and the casualties are carefully suppressed. Only meager details are available owing to the censorship. An official organ, El Dia, advocates a war of extermination against the revolutionaries.

The disturbance will depend upon the action taken as to the advance legislation referred to and as to whether such laws find a place upon the statute book at the coming session of the legislature.

Governor-Elect of Wyoming Talks His Program

Judge Carey Says He is a Republican and that His Policies Are Along Progressive Republican Lines.

CHIBYENNE, Wyo., Nov. 13.—(Special.)—

Ex-Senator Joseph M. Carey, father of the famous Carey act and for nearly forty years one of Wyoming's leading public men, a life-long republican and who says he is still a republican, but who, as the insurgent-republican-democrat candidate, announced last Tuesday most all calculations and carried the state by an overwhelming plurality against the candidate of the republican organization, was seen today and asked for an interview. Judge Carey, as he is more familiarly known, showed the effects of the strenuous campaign through which he had just passed, but appeared enthusiastic over the prospect of his being able to inaugurate reforms in the affairs of the state government.

In outlining the policies he would follow in the administration of Wyoming government, Governor-elect Carey said: "I am deeply grateful to the people of Wyoming for the trust they bestowed upon me. I do not consider it a personal triumph, but a triumph for the principles advocated by my associates and myself. I am a republican and as such was nominated by the democrats of this state. We were all working toward the same end. A clean, honest, economical government is desired, and I shall use every effort in my power to see that such an administration is inaugurated."

The people of the state were responsive. No money was used to corrupt them by my associates or myself, nor was the stuff of their ballot boxes soiled by the use of money to influence the decision rendered to them. TOLSTOI HAS BEEN LOCATED

Aged Russian Reformer Said to Have Been Found in Tula.

DISAPPEARANCE IS A MYSTERY

Claimed that Head of Czar's Church Had Long Looked Upon the Emperor as a Heretic.

MOSCOW, Nov. 13.—(Special Cablegram.)

It is reported in the Province of Tula. He was found by a newspaper correspondent.

He was located in the Mt. Senyky district of Tula province, on the estate of the Abrukovskis, well known manufacturers.

ST. PETERSBURG, Nov. 13.—(Special Cablegram.)—Sister reports are current in this city concerning the mysterious disappearance of Count Tolstol from his home at Yasnya, Poland.

While it is publicly given out that the famous writer and reformer has voluntarily gone away to pass his remaining days in solitude and peace, and a letter purporting to have been written by the aged novitiate to his wife, explaining his departure has been made public, there is a persistent report that his exit is not voluntary.

It is hinted that the heads of the Russian church, who long have regarded Tolstol as an arch heretic, are really responsible for his disappearance; that they have taken him and confined him in some monastery, where they will keep him until death releases him.
