(From a Staff Correspondent.)

Des Moines, Ia., Nov. 14.—(Special Telegram.)—Five trainmen were seriously injured in the wreck of an engine on the Fort Dodge Inland line at Boone, Ia., in Boone county, this afternoon. They were on the tender of the engine when it jumped the track at a bridge and fell twenty feet into a ravine. The injured were taken to Boone. They are J. J. Sullivan, Carl Telford, G. Platter, W. Hart and Will E. Carter. None of the men will die but all were badly bruised.

Reorganizing Packing Company. Local financiers, engaged in making an effort to reorganize the Agrar Packing company and reopen the plant here, have made a complete investigation of the finances of the company and find that in five years on a capital of \$25,000 it made a profit of \$20,000, but that the profits were largely taken up in storage charges in Chicago which would have been avoided had the capitalization been larger. They have secured pledges from five hundred farmers in Iowa that they will subscribe to stock and enter into an agreement to send their hogs to this market if the plant is reopened.

FATHER AND MOTHER DEAD

Typical Takes Both and Children Are Ill, Also Those Who Nursed Them.

LOGAN, Ia., Nov. 13.—(Special.)—Eight or ten weeks ago the Ellis S. Simmons family, who live near Beetsboro, was stricken with typhoid fever. Three weeks ago Mrs. Simmons died, Mr. Simmons died Friday evening; the younger child of the two has recovered, the oldest one is still sick; also two individuals who were at the home assisting.

The funeral services of Mr. Simmons took place at the Harris Grove church yesterday. It is believed that the fever was caused by impure well water. As Mr. Simmons was a patron on the rural meat route and hung the meat in the well to keep it fresh, it is thought that by permitting the "meat to drip" the water became contaminated.

Three Fishways Ordered

IOWA FALLS, Ia., Nov. 14.—(Special.)—Deputy Game Warden H. E. Martin today served notices on the owners of the mill dam at Alden and this place to put in fishways within sixty days. This means the equipment of three dams in this manner, one being at the flouring mill at Alden, and the others at the flour mill of Harp & Roberts in this city and of the Ellsworth Stone company at the lower stone crushing plant. Mr. Martin also stated today that the state game warden advised him that between 400 and 700 bass would arrive here early Wednesday morning to be placed in the upper river between here and Alden. The order for the new fishways comes from the state game warden and evidently means that the state intends to insist on these three dams being equipped in this manner.

Murphy are represented by their agents, one being at the flouring mill at Alden, and the others at the flour mill of Harp & Roberts in this city and of the Ellsworth Stone company at the lower stone crushing plant. Mr. Martin also stated today that the state game warden advised him that between 400 and 700 bass would arrive here early Wednesday morning to be placed in the upper river between here and Alden. The order for the new fishways comes from the state game warden and evidently means that the state intends to insist on these three dams being equipped in this manner.

Child Burned to Death in Tent

DOUGLAS, Wyo., Nov. 14.—(Special.)—The infant son of Mr. and Mrs. J. W. Prosser was burned to death in a most unusual manner Friday. The Prossers were camped in a tent near the irrigation works of the North Platte Valley Irrigation company several miles from Douglas. The husband was at work, and Mrs. Prosser, leaving her babe asleep on a cot in the tent, was on route to the barn with her husband's necessary meal when she looked back and saw the tent in flames. Dropping the lunch she dashed back to the tent and although badly burned by it she plunged into the improvised canvas house, snatched her babe from the burning cot and dashed outside. The child was burned beyond recognition, however, and died in a few hours.

Winners-Lamro Fight Taints Election

Rumor Ballot Boxes Were Stuffed and Seals Broken in Number of Precincts.

COLONIE, S. D., Nov. 14.—(Special.)—The county seat situation in Tripp county is becoming more complicated. Upon the face of the returns of Tuesday's election Winner has apparently won. However, gross frauds have been uncovered, one small voting precinct having polled thirty-two votes more than there are voters in the precinct. There is plenty of evidence that the ballot boxes have been tampered with as the seals on a large number of the boxes have been broken.

The apparent victory of Winner is made more uncertain and doubtful by the action of Winner parties, who early Wednesday morning broke into the court house at Lamro, and removed the county records to hidden places.

Parties from Colome and Lamro immediately took the case and soon had arrested the party who hauled the records from the court house. After a night in jail he confessed, implicating a number of others, who have since been arrested. The man was released on bail furnished by Winner bankers since his confession the records have been returned to the court house. All the towns concerned have retained legal talent and a warm fight is looked for.

Queen of Gypsy Camp Dies in Cincinnati

Body of Daughter of Prominent Baltimore Family Will Be Claimed by Her Father.

CINCINNATI, O., Nov. 14.—To claim the body of his daughter, Jessie Habersham Michele, who forsook many comforts to become "queen" of a gypsy camp, A. W. Habersham of Baltimore, has left the eastern city for Cincinnati according to advices received here today.

The young woman, who was a descendant of Francis Scott Key and numbered among her ancestors a chief justice of the United States, a governor of Maryland, the first postmaster general of the country and a commander of the navy, died in a hospital here Saturday night.

She left a daughter six weeks old to keep in memory the strange story of her five years' wandering with the gypsies, as the wife of a gypsy chief, a "king" among the nomads. Efforts to get trace of Michele today were unavailing.

Bennett's Big Staff of Expert Buyers

B. Lowenstein dry goods store goes on sale Monday. Biggest wholesaler in the south.

Monday morning the big sale of the entire stock of B. Lowenstein & Bros. of Memphis, Tenn., goes on sale in the warehouses of Rice-Six Dry Goods Co. in St. Louis.

Saturday night the big staff of buyers for the Bennett Co. left for this big sale of stock to buy up the big share of these stores.

The senior member of B. Lowenstein died about six weeks ago, leaving not only the biggest wholesale business, but the largest high-grade department of the south without a head. Since his death it has been decided to sell the wholesale stock and retire from that branch of the business. It has been estimated this stock is actually worth over \$1,000,000.

The Bennett buyers left Saturday with explicit orders to buy the cream of this great stock. Watch their triumphant announcement later.

True Love Triumphs Over Royal Barriers

Paris Papers Retell Story of Courtship of Victor Napoleon and Princess Clementine.

PARIS, Nov. 14.—The romantic story of the courtship of Prince Victor Napoleon and Princess Clementine is retold in the French and Belgian press on this, their wedding day. The nuptials which were celebrated at Moncalieri, Italy, are described as the happy outcome of a true case of princely love triumphing over royal barriers.

The papers relate how the late King Leopold steadfastly refused to permit the marriage of his favorite daughter to the pretender to the throne of a friendly power. Since the accession of King Albert it was known that the royal objections had been removed. This was due largely to the tactful attitude of the prince himself, who always refrained from in any way embarrassing the relations of Belgium and France.

The situation of Princess Clementine in Belgium, where the two will live in sumptuous style, will henceforth be modified in conformity with the attitude of her husband. She will conserve the rank of princess, but renounces official and state pretensions and gives up her residence at the royal palace as well as the income of \$15,000 a year which, under the Congo annexation law, ceases at her marriage.

MUST DEPEND UPON GOVERNOR

Penitentiary of Lynchers of Alleged Mexican Up to Texas.

SIMILAR CASE IN OKLAHOMA

Possa is Searching for Oscar Opet, Another Supposed Mexican, Charged with Murder at Anadarko.

WASHINGTON, Nov. 14.—The fulfillment of President Taft's promise to President Diaz to bring about the punishment of the persons who burned the supposed Mexican, Antonio Rodriguez, at Rock Springs, Tex., and to protect Mexicans in this country, appears to depend on the good will of the governors of Texas and Oklahoma.

Governor Campbell of Texas already has promised to make an investigation of the lynching and a telegram, received at the State department last night from Governor Haskell in answer to an urgent request from Secretary Knox to guard the safety of Mexicans in Oklahoma and particularly to prevent any attempt to lynch the man, supposed to be a Mexican, who killed the chief of police at Anadarko, pledges the governor to comply with the request.

The State department has not been able to confirm the report that Rodriguez was not a Mexican but a native born American, but it is expected investigations now in progress will clear up that point.

A telegram from United States Ambassador Wilson in the City of Mexico informs the State department that throughout Mexico Sunday passed without any recurrence of the anti-American outbreaks.

Similar Case in Oklahoma. ANADARKO, Okl., Nov. 14.—Still scouring the hills about Anadarko the officers and posse searching for the Mexican, who escaped after killing Chief of Police William C. Temple Saturday had found no trace of the fugitive this morning. Although every effort will be made to prevent a lynching in view of the strained situation between Mexico and the United States it is feared that the Mexican if caught will fall a victim to the mob.

OKLAHOMA CITY, Okl., Nov. 14.—Oscar Opet, wanted for the murder of William C. Temple, chief of police of Anadarko, Saturday night probably has made good his escape. Posse that have been pursuing him, it is said, this morning, have been unable to find any trace of him.

Governor Haskell has taken every precaution to prevent the lynching of Opet should he be caught.

Probably Not Mexican. KANSAS CITY, Mo., Nov. 14.—Oscar Opet, who is being sought with the assistance of W. C. Temple, chief of police at Anadarko, Okl., is not a Mexican, in the opinion of Leon Gomez, Mexican consul here.

"If Opet is the correct name of the assassin he is not a Mexican," said Leon Gomez this morning. "I am unable to translate it into the language spoken in Mexico." Consul Gomez said he had received no advice from Oklahoma or from the Mexican ambassador at Washington since last night. He said he had wired Mexican friends at Guthrie to watch developments in Caddo county, Oklahoma, and report to him.

"Whether Opet is a Mexican or not, I hope he will be dealt with in accordance with the instructions sent to Gov. Haskell by the American authorities at Washington," added the consul. "To subject him to violence would only complicate matters."

Express Strikers Quit Long Siege

Wearing Buttons Conspicuously, Four Thousand Men Resume Work.

NEW YORK, Nov. 14.—Four thousand striking expressmen went back to work today wearing their union buttons conspicuously. For the first time in two weeks the 1,100 teams of the Adams, Wells Fargo, United States and American Express companies were traveling unhampered about Manhattan, Brooklyn, Jersey City and Hoboken. Slowly the great congestion of freight express packages was being relieved.

The only morning dispute took place on the Communipaw dock of the United States Express company, when the company objected to ten former employees. About 100 men gathered about the place and the strikers announced if those ten were not allowed to return to work one formerly employed there would go back. As the ten men were not re-engaged the others refused to work.

FALLS THROUGH TRAP DOORS

George Guaker, Iron Worker, Has Bad Tumble and Breaks Leg in Several Places.

Falling through two open trap doors from the second story of the Iten Bleich company's new building, Twelfth street and Capitol avenue, and striking the cement floor of the basement, George Guaker, a sheet iron worker, suffered several fractures of the right leg at 3 o'clock Monday afternoon.

Guaker was standing near the trap door on the second floor of the building looking at a piece of sheet iron work upon the ceiling being pointed out to him by William Coppinger, the contractor, when he stepped backward into the opening. He went on through the opened trap door directly beneath, landing in the basement.

He was treated by Police Surgeon T. E. Harris and taken to the Omaha General hospital. Guaker lives at 213 South Nineteenth street. He will recover.
