GREAT WEEK AHEAD OF SHOW

Three New Special Days Arranged for Big Exposition.

NUMBER OF PRIZES AWARDED

Gates Remain Closed on Sunday and Number of People Some from a Distance Are Disappointed.

Success in View.

Visitors and exhibitors at the National Fruit and Corn Show rested quietly yesterday at their hotels, and as many of them as possible kept away from the exposition buildings. The buildings were closed all day, despite the clamorous demands of many people for the opportunity of "just a glance" at the beautiful scene.

The exposition will open this morning again, and for six days the gates will not be closed until after 11 o'clock each night until the lights are finally turned out next Saturday night at midnight.

Three new special days were arranged for Saturday evening. Tomorrow will be "Eagles' day," and the members of the order will be given the right-of-way in preference to all others.

Wednesday for Sioux City. Wednesday will be "Sioux City day," and a telegram received by Chairman Wallace of the publicity committee announced that the Commercial club had chartered a special train which would arrive here before noon bearing 600 genuine boosters.

Arrangements were made yesterday for the decoration of the city passenger station of the Northwestern here with the exposition colors and to receive the Sioux City crowd with a big delegation of Council Bluffs boosters, headed by the exposition band of forty pieces. Thursday will be "Illias' day," and the antiherd herd from Omaha, South Omaha, Lincoln, Des Moines and other nearby cities will be here to join the 900 members of the order in Council Bluffs.

Prize Winners. The judges of the Corn Show have made a large number of awards to prize winners and the work has only begun. Among the awards made are the following:

One Clue Secured to Wendt's Identity

Sheriff of Greene County Has Been Asked to Forward Any Letters About Him to Sister.

Efforts to get into touch with the relatives of William Wendt, the man whose body was found in a cornfield near the Union Pacific dump nearly three months after his death, have been partially successful. A letter from Sheriff Malcolm Wilson of Jefferson, Greene county, Iowa, received yesterday by Chief of Police Fromm, states that Wendt worked on the farm of Martin Aueberger, near Jefferson, and that the Ambergers had a letter from the dead man's sister in Denmark asking if anything had been heard of Wendt.

The efforts to connect the disappearance of Wendt, the supposed owner of the automobile found in the cornfield where Wendt's body was found and containing a lot of family photographs, with Wendt's death have not been so successful. A letter was received yesterday at police headquarters in answer to one written by Chief Fromm to the police chief at Fort Dodge, Ia., inquiring about Hunt stated that he was not known there. The prescription on the bottle found in the suitcase bolted to have belonged to Hunt, the letter said, had been filled at the Oleson Drug company's store at Fort Dodge, but that Dr. Allen, whose name it bore, was not known there.

The letter received by Undertaker Cutler from Mrs. R. R. Hunt, asking a description of the dead body, asked her fear that it might be L. Hunt, relative that a reply be sent to the general delivery at Fort Dodge. The inference that Hunt is also missing is thus readily accepted, or denied, but it is inconceivable that a man would throw away a suitcase filled with fairly good clothing and a dozen family photographs that he evidently cherished so dearly. No search has been made for Hunt's body, if he is really dead, or to locate him if he is missing. It could have been an effectually concealed as was that of Wendt, or could have been thrown into the Missouri river. Undertaker Cutler has received no reply from Mrs. Hunt, who wrote from Fort Dodge on Thursday.

Shenandoah Man After Prof. Thomas

Board of Education Has Already Picked Out New Science Teacher

Members of the school board and Superintendent Beveridge said last evening that the successor of Prof. B. L. Thomas, who resigned his place as science teacher in the high school to become superintendent of the schools at Sheldon, Ia., had been practically chosen. The Prof. H. Jones, principal of the high school at Shenandoah, Ia., and is said to be one of the most successful high school instructors in the state. Prof. Jones was in the city yesterday for several hours and held conferences with members of the board and Superintendent Beveridge. His appointment to fill the vacancy here is conditioned upon his release at Shenandoah, the members of the Council Bluffs board specifically stating that they did not believe in breaking contracts. It is not improbable that Prof. Jones will secure his release from his present position to accept one that is distinctly an advance. He returned to Shenandoah yesterday and will bring the matter before the school board this morning. If his release is secured his appointment will be made today.

PARK COMMISSIONERS CRATE DEER AND SHIP THEM EAST

Twenty Head of Animals Captured and Being Sent to Dubois, Pa.

Park Commissioner Graham has been busily engaged for the last few days capturing and crating the twenty head of deer sent to the park board at Dubois, Pa. The task has been a big one, as the deer do not willingly submit to capture and exportation from their pleasant home in Fairmount park. It has been found necessary to construct a trap and drive the coy animals into it. Notwithstanding the utmost precautions taken to prevent injury, one of the deer was instantly killed by breaking his neck when she entered the trap. It was one of the handsomest animals in the herd and, despite the stringent game laws, the carcass was taken away and properly prepared for market, and somebody has had the privilege of eating venison.

The deer are shipped in single crates, well padded and made as comfortable as possible. To prevent conflicts with game laws in states through which the shipments must pass each crate bears a huge placard, which reads, "Shipped by the Park Commissioner of Council Bluffs, Ia., to the Park Commissioners of Dubois, Pa., for Park Purposes."

On the prospective action of the new Democratic majority in the house, the minority leader said: "The democratic success at last Tuesday's election was due to the fight on the rules in the house and dissatisfaction with the tariff law. I suppose we will revise it, reasonably, cautiously and wisely. We will get together as soon as possible after congress meets and have a conference on tariff and other questions. It is especially important for the democrats to have such a conference at the beginning of the next congress, because it is the first time in fifteen years that the democrats have had a majority and there are only three democrats elected to the next congress who ever sat before in a congress with a democratic majority. These are Jones of Virginia, Talbot of Maryland and myself. Talbot has been a member off and on for twenty-six years. I am completing my sixteenth year. Only four men from Missouri ever have had a longer service in congress—Barnhill, Phelps, De Armond and Blund."

Mr. Clark spent the day in St. Louis, having arrived from Bowling Green, his home, last night.

COACHMAN MADE HAPPY WHEN HE GETS BIG CHECK

New York Manufacturer on Sick Bed Rewards Man Who Served Him Lunch

ONTARIO, N. Y., Nov. 14.—Grover Henderson, coachman to John L. G. Muller, a retired manufacturer, formerly of New York City, who had tonight \$15,000 richer than he got up this morning. His employer, who has been ill for some time, called Henderson to his bedside and said: "Grover, I'm a pretty sick man, and you've always been a good boy. I'm going to make you out a check for \$15,000."

"Yes, sir," said Henderson, and waited. When he took the check he was almost overcome with astonishment to see that it read for \$5,000. Mr. Muller found it so delightful to give pleasure that before Henderson left the room he added another check for a like amount.

Our Plans New Home of The Dakota Farmer, Aberdeen, South Dakota

The Dakota Farmer remains a semi-monthly, dated the 1st and 15th of each month. The Dakota Farmer remains independently edited, managed and printed in Dakota by Dakotans for the farmers of Dakota and the neighboring states. The Dakota Farmer remains an exclusively northwest institution, the greatest single publishing power in the Dakotas, Montana and Wyoming. The Dakota Farmer is not to be merged with any other publications, nor is its name, territory, location or editorial management changed. The Dakota Farmer's advertising policy remains the same. It is an efficient, successful, will like that of the Phelps Publishing Company, be even broader, more liberal and farther reaching than heretofore. The Dakota Farmer will continue to do for the welfare and interest of its intelligent and wealthy subscribers and the success of its reliable advertisers. The Dakota Farmer is inaugurating new plans for the further development and settlement of that great magnificent empire which it covers in the northwest. The Dakota Farmer's advertising management and representation will be stronger, more helpful, complete. Double subscription and advertising rates remain the same, except for minor details.

A local institution, yet broader and more powerful for the good of the northwest—the Dakotas, Montana and Wyoming in particular.

Champ Clark Hesitates on Democratic Program

ST. LOUIS, Mo., Nov. 14.—Congressman Champ Clark, accompanied by members of his family, left here tonight for Washington where he will begin his work in connection with the forthcoming session of congress. In discussing his candidacy for speaker of the house, Mr. Clark said: "I believe I will be elected. No other member has announced his candidacy. I wouldn't be surprised anybody else would announce and I wouldn't be surprised if anybody else should. It is natural that somebody besides me should want to be speaker."

On the prospective action of the new Democratic majority in the house, the minority leader said: "The democratic success at last Tuesday's election was due to the fight on the rules in the house and dissatisfaction with the tariff law. TINY BABY HAD DREADFUL ECZEMA

On Hands, Face, Nose and Mouth. Hard Crust Formed and Cracked. Open, Blood Ran, Itched Frightfully. Mitts on Hands. No Rest.

Got Cuticura. in 3 Days Relief. In a Week Cured Without a Mark.

"I have a little baby almost a year old. When it was five months old it got eczema on top of both her hands, on her face and inside her nose and mouth. She refused to drink and one of her eyes almost closed up. I had crust formed and would crack open, and the blood ran out. It itched so frightfully that the poor child would not rest. We had to keep her hands in mitts and her face in a bandage. I had heard of Cuticura and bought a box. I used it as directed and in three days the crust began to come off. The baby is cured without a mark. Since then she has had no more trouble. I have since used Cuticura on my own children and on my friends' children. It is a wonderful medicine. I have since used Cuticura on my own children and on my friends' children. It is a wonderful medicine. I have since used Cuticura on my own children and on my friends' children. It is a wonderful medicine."

"We had read of the Cuticura remedy so we went to the drug store and got some Cuticura
