## "I Never Keep Him Waiting Now"

"I have plenty of light to dress by, for I am using that wonderful General Electric Mazda Lamp."

"I have found that this new lamp gives twice the light of the ordinary electric incandescent; and it uses less current, too; and the quality of light is infinitely superior to that given by the old style carbon incandescent."

"When I first heard of the Mazda Lamp I was not using electric light, but when the wonders of this lamp were shown to me, I immediately had my house wired. You will do the same, too, if you take time to have this wonderful lamp demonstrated to you."

Just drop in for a moment today and let us show you why everyone who tries the G-E Mazda Lamp is so enthusiastic in its praise. Your call on us places you under no obligation, and it may be of decided advantage to you.
