FINE DAY FOR THE THANKFUL

Nature Assists in Helping All Observe the Day.

SOME TAKE LUNCH IN WOODS

Charity Sees that Youngsters at Christian Home and Creche Have Turkey Galore—Some Floral Gifts.

Every creature that had any red blood in its veins and was in the vicinity of Council Bluffs Thursday and spent a day to observe Thanksgiving day. There was a cloudless sky all day, and the sun warmed air was the real wine of life.

No holiday has been more fully observed for many years. For the first time all of the drug stores were closed during the afternoon. The cigar stores, a few restaurants and the moving picture shows were open.

Day of Service and Feasting. The union services at the churches were fairly well attended, and at none of the churches was service extended unwisely to encroach upon the dinner hour. It was a day of feasting everywhere. At the Christian home dinner was served in a dining room, where 300 were seated at the tables.

Thanksgiving dinners were served to the prisoners at the city and county jails. The spirit of generosity appeared to be more pronounced than on any previous Thanksgiving day. Individual and organized efforts to make somebody happy seemed to be the universal purpose. In all of the hospitals and charitable institutions the work of the flower mission girls was in evidence.

AUDITOR McANENY READY WITH REPORT ON MONEY

City Official Will Make Showing of Finances of Council Bluffs to the City Council.

When the city council meets on Monday evening the monthly financial statement will be made by City Auditor McAneny and will show that the municipal pocketbook is in a very good condition. Auditor McAneny is the chief disbursing officer who must finally pass upon every bill paid by the city, payments that aggregate more than \$500,000 each year.

SEALED VERDICT YET SEALED

Court Has Not Yet Convened to Open Findings of Jury in Pines Case.

The sealed verdict returned by the jury late Wednesday night in the damage suit of Nellie Pines against the New Nonpareil company will not be opened until Judge Green returns from his home and opens court Monday morning.

There is no law by which jurors are prohibited from talking the contents of a sealed verdict, but the members may agree not to do so, as they have in this instance. It was, however, generally admitted yesterday that the verdict was for the plaintiff and fixed the amount of judgment at \$500.

The incident connected with the loss of our lease in this building is pretty well known, but we want to impress upon the public the fact that our stock is of gigantic size and must be unloaded between now and January First. We believe the only way to do so is to sell the goods at such low prices, that the public will supply its wants long in advance, on account of the values now obtainable at this store.

Dr. R. B. Tubbs, city physician, returned yesterday from Los Angeles, Cal., where he went two weeks ago to insure kindly care of his mother, who will spend the winter there.

Brooks Reed left Wednesday evening for St. Joseph, Mo., to spend Thanksgiving with friends and relatives. He expects to extend his visit to other parts of Missouri and to remain away from home for two weeks.

Miss Vera Saunders is spending the Thanksgiving holidays at the home of her parents, Colonel and Mrs. C. G. Saunders on Oakland avenue. She will return to school on Oakland university, Des Moines, on Sunday evening.

Nothing will stop the sensational success of Editor Glyn's play, "Three Weeks." The play is now in its second season and crowded houses are the regular thing in every city it returns to the Donkey Theater for Saturday matinee and night.

L. O. Clear reported to the police yesterday afternoon that chicken thieves had invaded his barnyard at his home on Madison avenue and carried away between seventy-five and eighty of his finest blooded fowls. The work indicated the presence of professional henrobs, and the police do not share his sanguine expectations of catching them, nor his sanguinary anticipations of punishment.

Mrs. Jennie White, 54 years old, widow of J. H. White, died yesterday at her home, 121 South Sixth street, from acute inflammation of the bowels after two days illness, although she had been in poor health for several months. She is survived by one son, Arthur W. Slack, and one daughter, Mrs. I. C. Butler, both of whom reside here. Mrs. White was born in New York, but lived in Council Bluffs during the greater part of her life. Arrangements for the funeral have not been made.

Mr. Hennessy, who keeps a model candy and cigar store at 114 East Broadway, is suffering from a painful injury, inflicted yesterday while preparing the Thanksgiving dinner for her family. She was opening a glass fruit jar, which broke under the strain put upon it. Two fingers of her right hand were almost severed and a deep cut was made in the third. One of the fingers was split nearly the entire length. The injury required surgical attention.

The new police patrol team purchased last week was given its first real trout yesterday and proved to be of the metal required. The huses were bought from a farmer at the rather fancy price of \$50. The old team was sold for \$25, as they were too heavy for the work. The new team weighs several hundred pounds less. The racing fire team of No. 3 hose company, and are equipped with the same speed and endurance qualities. The last vestige of the temporary buildings used by the National Fruit and Corn shows was removed from the streets yesterday afternoon. A force of men worked all day completing the work of tearing down the structures and piling the lumber ready for removal and burning the accumulated piles of paper and packing rubbish. Nothing remains to be done now but hauling away the lumber and sweeping the streets, and the most important and beautiful exposition of the character ever given anywhere becomes pleasant memory.

The aviators of today are the forerunners of the men who will dominate the air as we do the land and sea.

To win in the battles of the coming days, flying fighting man will need nerves of steel. For his nerve and strength he will need the best of foods and beverages.

Ghirardelli's GROUND CHOCOLATE

will be as popular in the aviation age as it is now, for it is the best of all beverages. It contains more nutriment than any other food, it strengthens without undue stimulation, it is supremely delicious. Ghirardelli's Ground Chocolate is made from the finest cocoa beans, the boast of the tropics, and is absolutely pure.

Prof. C. R. Bender New Science Teacher

Board of Education Secures Instructor in High School from St. Louis Suburb.

The Board of Education has selected Prof. C. R. Bender of the Kirkwood (Mo.) High School to take the place as science teacher in the Council Bluffs High School, made vacant by the resignation of Prof. E. L.

Thomas. When the board failed a week or more ago to secure Prof. Harry Jones of the Shenandoah school, for the reason that the Shenandoah board refused to release him, and the Council Bluffs authorities refused to permit him to break his contract, consideration was given half a dozen other applicants, and Prof. Bender was chosen as the best of the lot. He is a graduate of the Anville (Pa.) college, and has had four years in public school work in the same position he will occupy here, and comes highly recommended. Kirkwood is a suburb of St. Louis and Prof. Bender's

experience is really of metropolitan character. He holds a state certificate and will have no difficulty with the Iowa state school authorities.

Prof. Bender will arrive in Council Bluffs tomorrow and will begin his work in the high school on Monday. He will be formally elected at the next meeting of the board.
