Man at Broken Bow Accused as Hotel Burglar; Caught

A. B. Smith Chased in Auto from Broken Bow to Oconto and Captured.

BROKEN BOW, Neb., Dec. 1.—(Special Telegram.)—Quick work was done here today in the capture of A. B. Smith, an alleged hotel burglar.

The accused man, who is about 25 years old, has been doing temporary work in a north side hotel. During early morning hours he is said to have entered the room of two guests, relieving them of money and valuables to the extent of about \$50. One of the guests, who was to have started on an early stage for Calaway, discovered his loss and gave the alarm.

In the meantime Smith had gone to a garage, chartered an automobile with a chauffeur and departed for Oconto. Sheriff Kennedy and Chief Towler worked the telephone wires along the line and the sheriff gave chase in another machine. When Smith bore down upon Oconto, Marshal McQuigan of that place was ready to receive him. The chauffeur was ordered to return and the three arrived here before noon. In the county court this afternoon Judge Holcomb continued Smith's hearing until Monday and fixed bonds at \$500.

OTOE PIONEER PASSES AWAY

Edgar Clayton, Who Came to Nebraska Sixty Years Ago, is Dead.

NEBRASKA CITY, Neb., Dec. 1.—(Special.)—Edgar Clayton, one of the oldest and best known residents of this county, died at his home south of the city yesterday, aged 77 years. He was born in Berkshire, England, and remained in England until he was 15 years of age. He then started out to see the world, as he was ambitious and wanted to do something for himself and did not like the humdrum life of his childhood. He first went to Australia and engaged in mining, then to Sydney, New Zealand and other places. In 1855 he came to America, remaining in New York for a year and then came to Nebraska. He came via rail as far as Iowa City, Ia., the western terminal of the railroads, and walked to Council Bluffs. He then went to Sidney, Ia., and rode to this city on a pony. He remained here for a short time and then went to Kansas, but soon returned and settled on the homestead where he died. He still owned the original homestead and enough additional land to make 120 acres, all lying close together. He was married to Mrs. Mary Clayton, nee the woman. He was married in 1870 to Miss Eleanor Horn, a native of Kentucky, and to them were born two children, two daughters, who survive him. His wife died in 1881 and in 1882 he was married again to Miss Sarah Church, who survives him. His funeral will be held Friday and the remains will be placed to rest in Lee's cemetery.

GOLDEN WEDDING AT KEARNEY

Mr. and Mrs. Thomas Cleland Celebrate Their Fiftieth Anniversary.

KEARNEY, Neb., Dec. 1.—(Special.)—Mr. and Mrs. Thomas Cleland, pioneers of Buffalo county and of Kearney, celebrated their golden wedding anniversary Wednesday and it was attended by every immediate member of a large family of sons and daughters. Three sons-in-law, four daughters-in-law and sixteen grandchildren were present, as were a few invited friends.

Mr. and Mrs. Cleland have nineteen living grandchildren and one great-grandchild. They have eight living children, all of whom attended the reunion. The children are: Mrs. Sherman Watkins, John, Edgar, Charles, all of Kearney; Alex of Ogden, Utah; Mrs. J. P. Sperry of Roseland, Kan.; and J. P. Cleland of Omaha.

The bride and groom of fifty years ago were both married in Scotland. Mr. Cleland at Dalton, Armandale, January 26, 1838, and Mrs. Cleland at Larbrack, Dumfriesshire, March 26, 1837. They were married at Dumfries, November 20, 1838. They left Scotland in 1863 and came to America, settling in Illinois where for a time they resided at Bloomington and later at Jacksonville, where Mr. Cleland was foreman in the Chicago & Alton railroad shops. They have resided in Buffalo county since.

Rosa Away with Mail.

NEBRASKA CITY, Neb., Dec. 1.—(Special.)—A team of old horses attached to the mail wagon here did a peculiar stunt yesterday morning. All of the night mail which arrived here was loaded on the wagon and the driver went back into the depot for something and when he came out the team was gone and with them a wagonload of mail. He came up town and gave the alarm, but nothing could be ascertained regarding the team. All morning officers and others were looking for the team, but with no success, but about noon a telephone message from Wyoming, a small town seven miles north of here on the Missouri Pacific railroad, conveyed the intelligence that the wagon and team were there and the mail all intact. The team had traveled the entire distance by itself and gone on a slow trot. The only reasonable solution of the act is that the horses have been fed up at that place several times of late and liking the feed well concluded to go back there. The horses have been driven on the mail wagon and hacks here for years.

Bridge Cases on Trial at Minden.

KEARNEY, Neb., Dec. 1.—(Special.)—After a trial of four days in district court at Minden the case of Joel Hull against commissioners of Kearney and Buffalo counties in which attempts to prevent payments of warrants in the amount of \$2,000 issued by the Kearney supervisors

Nebraska

to Buffalo county for repairs and maintenance of the bridge south of this city was continued until Mr. Hull could file briefs.

The case of the Standard Bridge company for \$1,000, also held pending settlement in court upon the objection of Attorney Hull as a taxpayer, was also postponed until a brief by the plaintiff could be filed.

County Attorney E. S. Easting of Buffalo has filed an injunction suit in district court at Minden requesting the court to enjoin Mr. Hull from further molesting the two counties, but action by the court in this case is also held, pending the filing of a brief by the Minden lawyer. These are the last of a number of cases extending over several months which were brought by Attorney Hull.

HIGH SCHOOL BUILDING FIRE

Structure at Columbus is Damaged to the Extent of Two Thousand Dollars.

COLUMBUS, Neb., Dec. 1.—(Special Telegram.)—Fire probably originating from a defective fuse damaged the high school building to the extent of \$2,000 today. The blaze was discovered at noon just after school hours and was quickly extinguished and burning through the roof when the alarm was turned in, as it had evidently been burning for some time.
