cause I was afraid of him. I thought he might be around somewhere. In the cross-examination counsel made strong efforts to impeach the testimony of Henry Friedrichs and Albert Eichtenkamp.

Hunt for Alleged Steamship Lobby

Congressional Committee Inquiring Into Rumor Involving Foreign Corporations.

Three Fires in Central Iowa. MARSHALLTOWN, Ia., Dec. 2.—(Special.)—The present cold wave, that brought with it a temperature close to zero and a stiff northwest wind, was the indirect cause of three disastrous fires in central Iowa last night and this morning, which resulted in a total loss of \$15,000 and seriously injured one man, Casper Johnson of Dike, Ia.

NEW YORK, Dec. 2.—Continuing the inquiry to find out whether foreign steamship interests maintained a paid lobby at Washington to thwart legislation favoring American shipping, the special congressional committee met here today. The subcommittee, composed of Congressmen Garrett and Hawley, reported that an examination of the books of the transatlantic steamship conference disclosed nothing tending to show that the conference had maintained the alleged lobby at Washington.

Four business buildings, and the contents of three of them of Monroe, Jasper county, were totally destroyed and the entire business section of the town was threatened last night. Being without fire protection, the volunteers could not check the blaze until it had burned the buildings for half a block on one side of the main street.

Lawson Sanford, secretary of the transatlantic steamship conference, testified today that the passenger rates are fixed on the other side, but as a rule the freight rates were not. The freight managers of the various steamship lines fixed the rates, he said, according to the law of supply and demand.

Fire of an unknown origin completely destroyed the \$5,000 country home of W. E. Moore, near Bayard, last night. Casper Johnson, an employe, was badly burned and the building and the stock destroyed when fire, caused by the explosion of a gasoline lighting plant, broke out in the Asland Bros' meat market at Dike, Ia., this morning. The loss is \$2,500. All of the losses are partly covered by insurance.

Mr. Sanford denied that he had ever actively participated for or against steamship subsidy legislation. Herman Winter of the North German Lloyd company said the management of the line in this country had nothing to do with the fixing of passenger rates.

Lehigh Manufacturers Appeal. FORT DODGE, Ia., Dec. 2.—(Special.)—Contrary to expectation, the three manufacturing companies who lost the case against the town of Lehigh, in regard to extension of the city limits, will appeal the case, and if not successful will begin action to secure withdrawal from the town.

BODY FOUND IN TRUNK IS POSITIVELY IDENTIFIED

Physician Recognizes it as that of Albert Callier, Who Remained with Owner of the Trunk. NEW YORK, Dec. 2.—Commissioner Flynn of the Central office announced today that the body of the man found in a trunk in the cellar of a West Side house, which had been positively identified as that of Albert C. Callier, the missing physician. A physician fully identified the body as that of Callier, asserting that he recognized the filling in the teeth, particularly one that was plugged with platinum. The doctor had attended Callier for throat trouble. The trunk was left in the apartment house by William Lewis, a waiter, who is missing.

Corrupt Juror Convicted. NEW YORK, Dec. 2.—George W. Yeandle was convicted today of the charge of offering to sell for \$200 his vote as a juror to the defense while serving on the jury sworn to try Edward G. Rosenheimer for the killing of Miss Grace Hough. The maximum penalty for the crime is twenty years.

Madison Corp. Voted for Dietz. MADISON, Wis., Dec. 2.—Chief Justice Winslow in the supreme court today issued a mandate requiring Sheriff Massen of that county to bring John P. Dietz to Madison at 10 o'clock on December 3 to show by what right he is holding Dietz prisoner. It is a habeas corpus proceeding presented by a Milwaukee attorney.

"Lame Duck Alley" Created. WASHINGTON, Dec. 2.—One of the corridors at the White House executive offices usually given over to the public was today screened off by order of Secretary Norton and hereafter will be used as an additional waiting room for callers. A well known senator christened the new waiting space "Lame Duck alley." It is expected to be in constant use this winter.

Oklahoma Home Passes Bill. OKLAHOMA CITY, Dec. 2.—The lower house of the legislature today passed the so-called location bill, authorizing the governor to accept as a gift to the state not more than eighty acres of land for captives found at Oklahoma City and not more than five miles beyond the corporate limits of the city. The bill now goes to the senate.

PERSONAL PARAGRAPHS. Dr. Eleanor Daley of Denver, Colo., is settling in the city with her brother, J. W. Stallard, 1010 Georgia avenue. Dr. Daley formerly lived in Omaha, leaving here on account of her son Herresh's health.

American Naval Officers Are Guests of City of London

Hundred from Three Divisions of Fleet Attend Elaborate Function in Guildhall.

LONDON, Dec. 2.—Rear Admiral Joseph B. Murdock, commanding the third division of the United States Atlantic fleet, and 100 officers of the first and third divisions were the guests at a luncheon given at Guildhall today by Sir Thomas V. Strong, the lord mayor, and the corporation of the city of London. Nearly 1,000 persons sat down to the feast. The mayor had Admiral Murdock at his right and Ambassador Reid at his left. In proposing a toast to the United States navy Sir Thomas said the present was the first occasion when Guildhall, which had witnessed the reception of naval heroes like Nelson, Howe, Rodney, Collingwood and Drake, had been permitted to welcome friends and allies in the peaceful amity of citizenship, the naval representatives as friends and cousins from the other side of the Atlantic.

Big Increase of in Receipts of Cattle at Seven Markets

October Arrivals at Principal Stock Yards 400,000 Head Greater Than Monthly Average for Year.

WASHINGTON, Dec. 2.—Increased receipts of cattle at the seven leading interior cattle and sheep markets and a continued shortage in the supply of hogs, are the important features of the October live stock movement, as shown by reports to the bureau of statistics of the Department of Commerce and Labor. The October receipts of cattle at those markets amounted to 1,182,224 head, exceeding the receipts for that month for the previous two years and being greater by more than 400,000 than the monthly average for the present year. The receipts of sheep show a continuous growth since the end of summer, the October total of 1,935,079 being more than double the monthly average of the year and 38 per cent greater than the October average for the last five years.

Sailors Will Cook With Electricity

Galley of All New Battleships Will Be Equipped with Electric Ranges.

WASHINGTON, Dec. 2.—Electricity hereafter will be used to do all the cooking for the sailors aboard the new ships of the navy, as thorough tests have shown the superiority of the electric range over the old coal galley, not only in convenience, but in economy as well. This fact appears in the annual report of the chief of the equipment bureau and it is added that in some cases it has even been found that electricity can be used for heating purposes with better results than steam coils aboard ship.

The turbine generators also have driven out the reciprocating engines and dynamos on the battleships and no more of the old type will be installed. The ghostly and weird green-flamed mercury light has also been found better adapted than the arc light for use in the fire and engine rooms of the ships, while the new metallic filament lamps have proven their superiority for signaling purposes.

Mrs. Glover Grilled by Counsel for Girl on Trial for Murder

Attorney Seeks to Show Wife Had Motive, Capacity and Opportunity for Killing Husband.

CAMBRIDGE, Mass., Dec. 2.—A colloquy between Mrs. Lillian M. Glover, widow of Clarence F. Glover, and Melvin M. Johnson, leading counsel for Hattie Le Blanc, who is on trial for the murder of her husband, held the interest of the court room during the whole of today's session and was not concluded when court adjourned. The cross-examination by Mr. Johnson, who announced yesterday that he intended to show that Mrs. Glover had the motive, the capacity and the opportunity for the murder of her husband, covered much of Mrs. Glover's life since she came to Boston from Cape Breton. It dealt minutely with her actions and feelings on the day and night of the murder and the few days that followed.

TILLMAN WILL STAY IN GAME

South Carolina Senator Says He Will Not Retire Until Time to Bury Him.

WASHINGTON, Dec. 2.—"Retire," exclaimed Tillman, repeating an inquiry, "I shall not retire until they bury me; I have no idea of quitting the game." The South Carolina senator, who arrived here today, appeared to be as vigorous as he was before he was stricken down by severe illness during the last session of congress.

STATUS OF TERMINAL RAILWAYS

Final Argument on Petition to Allow Them to Become Part of Through Routes.

WASHINGTON, Dec. 2.—Final argument of the question of the right of the terminal railways to compel interstate railways to accord them the privilege of making through routes and joint rates in interstate commerce was made today before the Interstate Commerce commission. The matter is of great importance to terminal railways throughout the country, as it involves their legal right to participate in a division of millions of dollars in interstate freight charges.

The Weather

For Nebraska—Fair. For Iowa—Fair; warmer.

Shippers' Bulletin—Prepare thirty-stow shipments north and west and forty-eight-hour shipments east for freezing weather. Temperature at Omaha yesterday: Hour. DEATH RECORD

Mrs. J. H. Macomber, 801 Emmet street, 87 years of age, died at 4:30 Friday morning, after an illness of seven weeks. She was the wife of Judge Macomber and has been a resident of Omaha for twenty years. The funeral will be held at 10 o'clock Sunday afternoon and the burial will be Monday in Ida Grove, Ia., her former home.

Culled from the Wires.

The Fort Worth (Tex.) High school building was destroyed by fire Friday. Loss, \$100,000. Two children left alone at home by their mother while she went shopping were burned to death in Chicago. Freezing temperatures were reported Friday morning as far south as northern Florida, with killing frosts at Jacksonville and Mobile.
