HELP WANTED—MALE

MISCELLANEOUS—Continued.

MAKE THE MOST OF 1911.
The man who will get ahead next year is the man who is making the most of 1910. He is asking himself if his progress was all it ought to have been. Will he be promoted or will he be dropped? Has his work been satisfactory to his superiors? Were his surroundings and companions congenial? The man who will make the most of 1911 will probably find things the same but also will have a question fairly and squarely to himself—has he anything to show for twelve months' work in comparison with last year?

Anyone who investigates what opportunities the NAVY offers, will find that here is the place where he can save. His pay, which is good, is nearly all clear. His living expenses are paid and there is plenty of sport and entertainment aboard ship and ashore which costs him nothing. Promotion is regular, with increased pay. Travel and training and a fine physique are assets which he will greatly value in later years.

Unless a man investigates when he hears of an opportunity, that might just slip him, he will probably find things the same with him when another year rolls around. Go to the recruiting station, P. O. Building, Omaha, Nebraska, write for free book, Bureau of Navigation, Box 306, Navy Department, Washington, D. C.
