Friendly Law Suit

Test Suit Will Be Rushed to Ascertain Whether Part of Money Must Go Into Pension Fund.

The papers were prepared and signed last night for a writ of mandamus to compel Chief of Police Froom and other trustees of the police pension fund to show cause why they do not turn over all rewards earned by the individual members of the force for the capture of criminals. The gutt was instituted by Captain J. C. Shafer of the night force and follows a recent decision by the trustees that one-half of all rewards sarned by members of the department shall be turned into the pension fund. The papers will be filed in the district court this morning and the writ iseued.

The suit is of a friendly character and is brought by Attorney Herman Schurz for a test case. It involves the right of the trustees to withhold from Captain Shafer \$15 reward earned about six months ago by the capture of Ted Rutter, a fugitive from justice, wanted in Jefferson county: The action is based on a state statute providing for rewards and their acceptance by officers, and on section four of the law ereating pension boards in police departments, which empowers the pension trusises to retain part of the rewards earned by members. Attorney Schurz holds that this law is unconstitutional and that officers are entitled to all or none of the rewards. City Solicitor Kimball will defend the pension trustees.

Sailors Will Cook With Electricity

Galleys of All New Battleships Will Be Equipped with Electric Ranges.

WASHINGTON, Dec. 1.-Electricity hereafter will be used to do all the cooking for the sallors aboard the new ships of the navy, as thorough tests have shown the superiority of the electric range over the old coal galley, not only in conver but in economy as well. This fact appears in the annual report of the chief of the equipment bureau and it is added that in some cases it has even been found that electricity can be used for heating purposes with better results than steam coils aboard ship.

The turbine generators also have driven sacrifice.
