Man with Shovel Starts on Snow, Then Utters a Threat

When the first grey dawn of the winter morning stole down Thirteenth street Monday a figure wrapped up in heavy coverings and shivering timorously in the cold crept out of number 125 with a huge wooden shovel under his arm and a look of determination perceptible on his nose.

The man was coming to the Illinois Central passenger train No. 3, which was in collision with the Excelsior Springs local passenger train at Missouri City yesterday, died today from excitement due to the accident.

LIBERALS SAFE IN POWER AGAIN

Second Day's Polling in England Confirms the Opinion Formed from Results of the First.

FIGHT RENEWED WITH ENERGY Heavier Vote Recorded Following the Former Close Results.

FLOODS INTERFERE WITH WORK Many Meetings in Huntingdonshire are Abandoned.

EARLY RUSH FOR THE POLLS Many Voters Spent Night in Former Districts—Sharp Struggle Takes Place in Liverpool Over One Seat.

LONDON, Dec. 5.—The position of the parties tonight after the second day's polling in the general election is: Government coalition: Liberals, 87; labor, 14; nationalists, 16; total, 117.

Opposition: Unionists, 116. The results merely confirm the opinion formed that as the results of Saturday's contests, the unionists now have no possible hope of replacing the liberal government in power.

Great Crush at Polls. The fight was renewed with more energy this week, following the close results of Saturday and as a result a heavier vote generally was recorded.

In some divisions voters who had removed since the last register was made up, spent the night in their old constituencies in order to vote earlier and get back to their work.

The rush at many booths was great. Interest centered largely in the seventeen contests in London boroughs. Of these seats nine voted unionist and eight liberal last January. Most of the unionist seats are quite safe, being held by large majorities.

The liberals, however, have a hard fight to hold their seats in the east of London, the four divisions of Islington, and in the east division of St. Pancras, where Joseph Martin, former premier of British Columbia, has a woman suffrage as well as the unionist candidates against him; and in West St. Pancras, where Sir William Collins, liberal unionist, is the last election.

Fight in Liverpool. The unionists are also making a great fight in Liverpool and expect to win the only liberal seat there, that of the Exchange division. They have no hope, however, of defeating T. P. O'Connor, who has a strong hold in the Scotland division. Most of the other seats polling today are held by good majorities by the sitting members.

In some parts of the country, particularly in Huntingdonshire floods are interfering seriously with the campaign and many planned meetings have been abandoned. The two seats in Huntingdonshire are held by unionists, having been carried at the last elections by majorities of about 600 each.

Son Follows Father in Legislature. IOWA FALLS, Ia., Dec. 5.—(Special.)—It seldom occurs that son follows father, a representative of the same district in the Iowa legislature and yet this is the case in this district where Hon. Herbert A. Huff will take his seat in the same legislative hall in which his father, Hon. Henry L. Huff, formerly served. The senior Huff, who died a few years ago, served as a member of the thirteenth general assembly in 1889-1890, and a member of five or six committees and the chairman of two or three. He drew all the bills presented by the committee on commerce and was a leading member of the judiciary committee. His son, who will take his seat in the lower house, followed his father in the legal profession, and stands high in the county which has just honored him by election as their representative in the law-making branch of the state's government.

The junior Huff is one of the seven bachelors in the new house, but is one of the county's cleanest and most capable young men.

Cabman Says He Saw Mrs. Robinson Give Infant Chloroform and Put it in a Suit Case.

JOHNSTOWN, Pa., Dec. 5.—Mrs. Adeline Robinson, aged 64, a well known resident of Hollidaysburg, Blair county, is under arrest here charged with the murder of her daughter's infant child by chloroform, and following a story which she related to the police, her husband, Samuel Robinson, and Dr. E. M. Duff, also of Hollidaysburg, have been detained as witnesses. The circumstances of the case are unusual.

Mrs. Robinson was arrested just after she had stepped from a cab at the Pennsylvania station Saturday evening, when the cab driver, John Schultz, called an officer and declared he had seen the woman administer chloroform to the child while riding in his carriage and then place the infant in a telegraphic traveling bag. The police allege that Mrs. Robinson confessed to this when brought to headquarters and the dead child was taken from the bag. The woman collapsed. Fannie Robinson, her daughter, 34 years old, mother of the child, was boarding with private family here as Mrs. Frank Hughes, when the baby was born last Wednesday evening. She had said her husband had left her. The Robinson family at Hollidaysburg were notified and the mother of the young woman hurried here.

She had said her husband had left her. The Robinson family at Hollidaysburg were notified and the mother of the young woman hurried here.

Mrs. Robinson was arrested just after she had stepped from a cab at the Pennsylvania station Saturday evening, when the cab driver, John Schultz, called an officer and declared he had seen the woman administer chloroform to the child while riding in his carriage and then place the infant in a telegraphic traveling bag. The police allege that Mrs. Robinson confessed to this when brought to headquarters and the dead child was taken from the bag. The woman collapsed. Fannie Robinson, her daughter, 34 years old, mother of the child, was boarding with private family here as Mrs. Frank Hughes, when the baby was born last Wednesday evening. She had said her husband had left her. The Robinson family at Hollidaysburg were notified and the mother of the young woman hurried here.
