Off for Texas.

Aboard a special train of fourteen carseleven cars, two diners and a baggage car -a crowd of Nebraskans will leave Lincoin Tuesday evening at 6 o'clock bound for Texas, where the new town of Francitas is to be formally opened. The Nebraskans will be joined at Kansas City and points en route by parties from Wyoming and Kansas who are interested.

The new town of Francitas was founded by Colonel John C. Maher and W. F. Bohwind, who erected several cottages, a store and hotel there. It will be formally turned over to the Nebraskans December 10, the land adjoining, including some 20,000 acres, having been purchased in small tracts from the two men named by those who are going down and those whom they

At the opening Colonel Maher will deliver the principal address and formally dub the town Francitas, while Mr. Scawind will tell the visitors of other lands the two have in the immediate vicinity of Francitas.

From the state house Treasurer-elect George, Railway Commissioner W. J. Furse, Clark Perkins, secretary to the commission, and Will Maupin, labor commissioner, will attend the opening,

Kearney Report Filed. The blennial report from the Kearney school, A. O. Thomas being principal, was

filed today. Principal Thomas makes certain recommendations as to new equipment and salaries. He asks that he be granted for the next blennium \$20,000 for office supplies, fuel, lights, water, commencement expenses, traveling expenses and incidentals Two years ago the legislature appropriated \$19,500 for these purposes. The principal wants \$5,000 for repairs, the same amount that we appropriated two years ago; \$7,440 for emproves' wages, an item which two years ago was included in the general salary appropriation; for salarles of principal and teachers, \$95,830 as opposed to \$2,000 appropriated two years ago. The item of \$62,000 included two years ago the \$7,440 now asked for as "wages," making the salary and wages appropriation sought this year about \$20,000 higher for the blennium than that of two years ago.

The principal also recommends the apvision of \$50,000 having been made by the percolator. WATERLOO—The new seed houses recently built and operated by the Waidron Seed company were thrown open to the public last Saturday night and a large number of people visited the place to see the now machinery and the electric light plant in operation. The company's plant is very complete, though not so extensive as others, and makes the third seed firm for the town. Operations in all are well under way for the season's work, the other two being the J. C. Robinson Seed company and Chauncey P. Coy & Son. The latter firm is just completing a new corn house to be devoted exclusively to receiving and cleaning seed corn, and it is equipped with new and improved machinery for carrying on the work.

After 20 Years of Intense Suffering When All Thought He Had but Short Time to Live. Earnestly Prayed to Die. Condition Deplorable Beyond Description.

Tries Cuticura. Eurekal Relief at Once. Stopped Terrible Burning Sensation from Word Go. In Six Weeks Skin Smooth as This Paper.

"I have been afflicted for twenty years with an obstinate skin disease, called by some M. D.'s. psoriasis, and others leprosy, commencing on my scalp; and in spite of all I could do, with the help of the most skilful doctors, it slowly but surely extended until a year ago this winter it covered my entire person in the form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there would be nearly a dust-painth of scales taken from the sheet on my bed, some of them half as large as the envelope containing this letter. In the latter pars of winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister living. One Dr. — treated me about two weeks, but did me no good. All thought I had but a short time to live. I extrestly prayed to die. Cracked through the skin all over my back, across my ribs, arms, hands, limbs; feet hadly swollen; toe-nalls came off; finger-nalls dead and hard as a bone; hair dead, dry and lifelems as old straw. O my God! how I did suffer.

"My sister, Mrs. E. H. Davis, had a small part of a box of Cuticura in the house. She wouldn't give up; said. "We will try Cuticura." Some was applied on one hand and arm.
