

GRAIN AND PRODUCE MARKET

Cables are Firm, Giving the Domestic Market a Steady Opening.

CORN STILL IS ADVANCING

Elevator Houses are the Best Buyers of Arrivals and Sample Offerings are Unchanged to Half Cent Higher.

OMAHA, Dec. 15, 1910.

Cables came firm and higher, giving our domestic wheat markets a steady opening. Yesterday's advance was well maintained.

The reaction in corn was due after a steady break in cash values, and the advance receipts should become heavier and a better run of corn is expected.

Today's market was a continuation of yesterday's advance, helped by higher cables and support of cash trading was active and values were strong, offerings bringing up to 1/2 cent over yesterday.

A further advance lower in corn today, the market following wheat and a let up in country selling caused shorts to cover.

Primary wheat receipts were 75,000 bu. and shipments were 10,000 bu., against receipts last year of 60,000 bu. and shipments of 10,000 bu.

Clearances were 27,000 bu. of corn, 1,200 bu. of wheat and flour equal to 67,000 bu.

Liverpool closed up to 1/4 higher on wheat and 1/2 cent higher on flour.
