### a Ten Per Cent Raise That Will Be Costly

Year from Roads-Effective at Once.

CHICAGO, Dec. 30.-Conductors and trainmen on fifty railroads running north, south and west of Chicago were granted a flat increase in wages of 10 per cent yesterday. The increase was granted after a month's negotiation and affects 75,000 memmen and the Order of Railway Conductors and will mean an added expense of \$5,000 -000 a year to the railroads. The increase becomes effective from this morning

Canadian trainmen will be affected, the employes of the Canadian Northern being represented in the conference. The employes of the road are in the peculiar position of being granted a raise for which they had not asked. When the move for an increase was begun the Canadian Northern employes refused to join, fearing the defeat of the plan.

The management of the road, however, co-operated with the other roads and agreed to the increase.
